## Labor Convention Here Last Night.

J. H. Burrough, general secretary of the One Big Union and organizer for the loggers' union, was chosen by the labor convention last night to contest the constituency. As a result T. Ross McKay drops out.

Mr. Burrough is an able man. As he said in his address last night he does not believe so much in reform as in the change of the whole system. He is a revolutionary socialist and as such urges that there shall be production for use instead of for profit. Just what that means he may possibly explain. Most socialists do not know. The whole socialistic scheme is more or less in the air. Nothing has been definitely worked out to the satisfaction even of its own votaries. The main feature is that all property will be owned by the state and individuals will own nothing. It will be absorbed, or, as some people call it, confiscated.

Mr. Burrough is an able exponent of socialism. He has done excellent work in organizing the One Big Union in this district, in fact much of the success of the O. B. U. here has been due to his efforts. He is an enthusiast and is widely read along his particular line.

## S. M. Newton's Name Was Before Convention.

The name of S. M. Newton was before the labor convention last night. The difficulty with Mr. Newton was that he was willing to take everything but to give nothing. He would have been glad to get the support of labor but was not willing to drop out if defeated and back the man who was the choice of the convention. As a result of this dual position the convention refused to allow his name to be considered.

Mr. McKay was in a somewhat similar position. He had previously announced himself, but he took his medicine like a man and dropped out of the running, even though he had an idea that the cards were stacked against him. He took the honest position that the will of the convention should be carried out.

It looks now as if the proper thing for Mr. Newton to do would be to drop out and back Mr. Burrough. The meeting was really pledged to revolutionary socialism for the successful nominee stated he would not be a candidate unless they backed him in this. Possibly before this is published Mr. Newton will have withdrawn. That seems to be the only position for him to take.

## West Welcomes Premier Meighen.

Vancouver yesterday extended a hearty welcome to Premier Meighen on the occasion of his visit to that city. If he comes here we will all turn out and give him a good reception. He is the first citizen of the Dominion and as such demands our respect.

Mr. Meighen must not, however, interpret this as being in any way a condemnation of the Conservative policies. It does not cover the multitude of sins that the Government has committed. As premier we are glad to see Mr. Meighen, but we shall none the less take a fall out of him when the opportunity occurs. Some of the recent sins such as the sugar fiasco are so fresh in our memories that it is difficult to forget them long enough to extend the glad hand.

## Biggest Grievance Against Government.

The biggest grievance the people of Prince Rupert have against the Dominion Government is the failure to supply fish cars to carry our product to market. We could forgive many things, but not this. The deliberate killing of our fish market is one of the darkest stains on the present administration, so far as Prince Rupert is concerned. The cabinet members are full of promises but they forget the performance. There is nothing political about this grievance. We are all agreed about it. Liberal and Conservative as well as labor must be disgusted. We have waited for years and all we get is a promise.

## HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I procured a box of 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

FRANK HALL.

## PRINCE RUPERT TIDES

Saturday, October 30.

High, 3:41 a.m., 20.4 feet.

14:53 p.m., 22.4 feet.

Low, 8:56 a.m., 6.5 feet.

21:36 p.m., 2.3 feet.

Sunday, October 31.

High, 5:54 a.m., 19.7 feet.

15:42 a.m., 21.5 feet.

Low, 9:42 a.m., 7.3 feet.

22:27 p.m., 3.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

## TIMBER SALE X 2324.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

## RETAILERS TO USE STAMPS

Change in Regulations Goes into Effect on Monday next

Commencing on Monday retailers are required to furnish sales slips to all customers purchasing taxable articles and this slip must have on it a stamp for the amount of the tax. This is a new regulation and seems to be designed for the purpose of making it impossible for anyone evading the tax. The following is a list of the new regulations:

1. All retailers selling articles subject to the Luxury Tax must take out of license to sell such articles. The cost of this license is \$2.00.

2. Retailers selling taxable articles must furnish purchaser at the time of sale with sales slip, showing cost of the article and amount of tax, as a separate item. Before delivering this sales slip the retailer must affix to it a stamp or stamps to the requisite denomination to cover tax. The retailer must cancel these stamps AFTER they have been affixed, and not before, by authorized perforator supplied by the government.

3. Failure to carry out this regulation renders the retailer liable to a penalty of not less than ten times the amount of the tax, the minimum being \$50.

4. All retailers must keep on hand sufficient stamps to meet their requirements. Failure to have stamps available will not be accepted as an excuse by the Department of Inland Revenue.

5. The right to inspect sales slips held by the retailer or the customer is vested in the Department of Inland Revenue, who may employ inspectors for such purpose.

6. Firms or corporations before selling a retailer goods which are subject to luxury tax must be in possession of evidence that such retailer holds a retailer's license under these regulations.

## MAKING HEADWAY ON PARLIAMENT'S TOWER

OTTAWA, Oct. 30. — Rapid headway is being made with the massive tower of the new Parliament Building, but there is no prospect of it being completed before the next session of the House. The present plan is to close the tower in for the winter on a level with the third story and resume construction in the spring. This means, however, that the main entrance to the building will be available before the session opens. Much progress is likewise being made with the interior of the big structure, more particularly the Senate chamber, while the decoration of the chamber of the Commons in blue and gold is being carried out by a corps of artists.

## PARIS BEGGARS GOING TO WORK

PARIS, Oct. 30. — The lack of small coins has done away with beggars in Paris. "Before the cost of living went up," said Paul Gaulot, a student of social conditions, "a beggar used to make as much as the average working man. He lived well and happily by simply sitting down in the street and waiting for coins to roll into his hat. Now the few who give to beggars do so according to pre-war tariffs, and Paris beggars have had to go to work."

## Ten Years Ago in Prince Rupert

October 30, 1910

Joseph Prezent was killed in a pile driver accident at the G.T.P. wharf extension work yesterday afternoon.

Captain T. H. Alcock has been appointed Prince Rupert harbor master.

The Princess Royal arrived here this morning from the North. At Ketchikan the vessel was assailed by eight hundred starving passengers from the disabled Northwestern.

The Spiller River people of Porcher Island are agitating for a post office. At present they have to go to Claxton, a distance of ten miles.
