Victoria Soldiers Heckle Mr. Meighen

FISHERMEN'S PROTECTIVE ASSOCIATION FAVORS THE USE OF MOTOR BOATS

Premier Meighen and Party Given Bad Time at Victoria

Soldiers heckled speakers and interrupted with boos and cat-calls; overflow meeting held at Empress Hotel after Theatre Meeting

VICTORIA, November 1.—Premier Meighen yesterday began his return trip which will take three weeks with a stop at Toronto on November 19. From the moment he was met by the reception committee on Saturday morning until he left his hotel at the wharf on Sunday afternoon, the Premier was the centre of tremendous activity.

In an interview with the war veterans they asked for an enlargement of the courses given in connection with re-establishing the courses were now too short to enable the ex-soldiers to enter into competition with experienced artisans.

FISH PEOPLE GET ORDER TO VACATE WHARF

Pacific, Atlin and Booth Fish
Plants Will Have to Seek
New Locations.

The Pacific Fisheries, the Atlin Fisheries and the Booth Canadian Fisheries have received notice to vacate the waterfrontage now occupied by them near the extension that is being constructed to the Grand Trunk wharf. This removal becomes necessary on account of the building operations that will soon be proceeding where the fish plants are now located. The companies are called upon to vacate by December 20.

As yet there are no arrangements closed as to where these companies will remove to, but negotiations are on for space on the new government wharfage that is being built west of the present government dock. The building at the Grand Trunk wharf will likely be scrapped and sold and new plants erected on the new wharf. The idea of moving the buildings is not being seriously considered.

CARRUTHERS IS IN PORT

Arrived from Randall Island Last
Night and Today Survey is
Being Conducted.

The wrecked trawler James Carruthers arrived in port last night under her own steam conveyed by the two big schooners, Zibassa and Skugaid. She was floated off Randall Island yesterday afternoon on the high tide and came in without difficulty or mishap. This morning she went on drydock and a survey is being made this afternoon among those on hand being John Gould representative of the underwriters, W. Bell, port engineer for the Canadian Fish and Cold Storage Co., as well as T. H. Johnson, the manager.

Tenders will be called for the repair of the steamer and the job will go to that company putting in the lowest bid.

Catholic Bazaar in aid of the Sisters of St. Joseph and School of the Annunciation, Wednesday and Thursday, November 3 and 4, 1920, in the St. Andrew's Hall. Special features announced daily.

INDIAN WAS BADLY INJURED WHEN RIFLE FIRED PREMATURELY

William Gagag was Cared for by
Indian Agent and Sent to
Kincolith.

An Indian named William Gagag met with a very serious gun accident on the Grease Trail a week ago. While trying a new Ross rifle he found some difficulty in getting in a cartridge. The thing jammed and he, forcing the pressure, fired the gun before it was locked. The result was that the rifle back-fired and shot the bolt across the Indian's face, seriously damaging the nose, cheek, eye and right thumb.

Gagag was taken to Gillsakdamin in a critical condition and was immediately attended to by Rev. W. E. Collison, Indian agent, who was fortunately in the village at the time. The injured man has been taken to Kincolith.

HALLOWE'EN TRICKS BEING INVESTIGATED

Dr. Cade's Car Treated Roughly by
Mischievous Wakers.

Youthful depredations on hallowe'en night this year were a little beyond the confines of mischief in some cases. There were surely never so many youngsters out "sear'n" before and few houses in the city did not have visitors.

However the damage downtown was not altogether funny. Dr. Cade's car was severely treated. All the tires were flattened and the caps taken as well as the key. When pumping up yesterday morning it was found two of the tires would not fill, having been punctured. Dr. L. W. Kergin's car was taken for a run around the block by amateur drivers. The police are investigating.

LOCAL MEN BUY INTO THE COAL MINE AT EDSON

O. H. Orme and J. G. Scott Take
Quarter Interest from N. Gur-
vich for \$5,500.

Nick Gurvich has sold a quarter interest in his coal mine at Coal-spur, near Edson, to O. H. Orme and J. G. Scott of this city, the figure involved being \$12,000 with a cash payment of \$3,500. The deal was closed on Friday evening. Mr. Orme and Mr. Scott as well as Mr. Gurvich all arrived from Edson on Thursday night where the two former looked over the property, expressing great satisfaction with the prospects. Mr. Gurvich returned this morning to continue the operations which will continue as before under the new ownership. A good deal of this coal is already being brought to Rupert and seems very satisfactory.

A BIG JOB FOR A BIG MAN.

Hon. J. D. McLean, minister of education, who has had charge of the work of providing educational facilities for the many new settlers in the valleys along the line of the G.T.P.

Record Price Was Paid Yesterday for Halibut

Booth Canadian Company buy carload at 20.3c and 10.1c; weather outside getting too stormy for small boats

The highest price ever paid for halibut on the local market was paid yesterday morning at the Fish Exchange when the Booth Canadian Fisheries bought a carload of first class fish at 20.3c and 10.1. There were only three carloads for sale and these all brought big prices in the vicinity of 20c. There were eight refrigerator cars in the yards.

The big price paid yesterday is caused merely by the conditions of supply and demand. The supply at the present time is short because many of the boats have tied up on account of stormy weather outside and the approach of the annual holiday season for the fishermen. The smaller boats will tie up for a couple of months and only the larger schooners will be going out.

Following is the list of sales and arrivals over the week-end:

G. E. Foster, 15,000 pounds of halibut and 10,000 pounds of black cod for the Canadian Fish and Cold Storage Co.

Yakatat, 18,000 pounds; Nor-nen, 3,500 pounds; and Koberg, 2,000 pounds, sold to the Canadian Fish and Cold Storage Co. at 20c and 9c.

Thelma, 24,000 pounds, and Hesquiat, 2,000 pounds, sold to the Booth Canadian Fisheries at 20.3c and 10.1c.

Democrat, 8,000 pounds; Hold-al, 2,500 pounds; Valid, 3,000 pounds; Ringleader, 5,500 pounds and Marguerite, 2,500 pounds sold to the Royal Fish Co. at 19.6c and 8c.

OGLE FOUND GUILTY MANSLAUGHTER COUNT

Man Who Slew Thomas Dodd at
Mud River will be Sentenced
End of Assizes.

Orville Ogle, of Prince George, was last week found guilty of manslaughter by the fall assizes at that city before Mr. Justice Murphy and will be sentenced at the end of the session.

The prosecution was in the hands of R. E. Earle, K. C., of Vancouver, and a brilliant defence was conducted by Stuart Henderson, of Victoria, and P. E. Wilson of Prince George.

The Carpenters Union at its last regular meeting endorsed the movement for establishing a public library here.

Fishermen Would Use Motor Boats

Protective Association also urges disuse of traps and seines and will put views before Minister of Marine

NEW WESTMINSTER, November 1.—The B. C. Fisheries Protective Association at a meeting on Saturday strongly favored the use of motor boats in all three fishing districts. They passed a strong resolution of protest to be put in the form of a letter, which will be sent to the department of Fisheries at Ottawa in reference to the manner in which the questionnaires were sent to a portion of the fishermen "up north" in regard to the matter. These were described as "distinctly unfair."

The secretary was instructed to write Mr. Ballantyne asking for a definite statement as to the intention of his department in regard to bringing about the elimination of traps and seines as promised during his recent visit.

VANCOUVER BREAD TAKES A TUMBLE

VANCOUVER, Nov. 1.—Bread is taking a tumble. The price here was reduced this morning and it is now selling at 41 cents for an eighteen-ounce loaf. This is expected to be but the beginning of a general downward movement.

TUG BURNED TO WATER'S EDGE AND THEN SANK

Captain and Crew of Etta White
Had Narrow Escape Near
Butedale.

The tug Etta White was burned to the water's edge and sank just south of Butedale yesterday when southward bound with a boom of logs. The little vessel is under charter to the Ocean Falls paper mill and was towing 16 swifters of logs from Surf Inlet to Ocean Falls for use in the paper mill. When just south of Butedale a fire started in the engine room and spread so quickly that the men aboard had to take to the boat without recovering their personal belongings. The captain got away without his coat, in the pocket of which was about \$200 in bills.

After the crew got away in the boat and had cut the tow cable the Etta White kept running and circling around until at last the water came in and she sank. The tug Commodore came by soon after and picked the men up, taking them to Ocean Falls.

It is understood that the logs are safe. The boom was a flat one with about 700,000 feet of logs which had been cut by J. R. Morgan Co. near Surf Inlet, Princess Royal Island.

INDIAN IS SENT DOWN FOR TWELVE MONTHS

Joseph Auriel is Proven Guilty of
Theft From Kaizen Section
House.

Joseph Auriel, a Metlakatla Indian, was sentenced to twelve months with hard labor by Judge Young this morning, having been found guilty of theft when he entered the section house at Kaizen station and took a suitcase of clothes. Evidence was taken and the statement of the accused that the suitcase in question had been taken to Ketchikan by other parties was proved false for the suitcase was produced in court.

Sergeant Adams and Constable Logan, of the city police force, made the arrest and finger prints produced in court by Warden Bailey were instrumental in obtaining the conviction.
