B&K POULTRY MUSTARD

During the moulting period the egg production is practically nil. Why not change this condition? ONE TEASPOONFUL of FRENCH'S POULTRY MUSTARD fed daily to each six birds will do this for you by shortening the moulting period, which means that the birds will commence laying much earlier than otherwise.

'Stop Work & Lay Up' advised Doctor

'but Zam-Buk put me right'
Says Mr. J. E. ARSENAULT

RELATING how Zam-Buk made short work of a dreadful outbreak of leg sores, Mr. J. E. Arsenault, a well-known Justice of the Peace of Wellington, P.E.I., says:—"I slipped and gashed my leg on the edge of a freight truck. The wound, instead of healing, became ulcerated, and later on, a form of eczema developed which spread rapidly over both legs. My limbs were so swollen and sore that I had to keep them in bandages and the doctor said I would have to stop work and lay up. As a busy man I couldn't afford time for this. Then I started out to try all the salves, liniments and lotions I heard of. This

Eczema on Both Legs

got steadily worse until the lucky day I hit upon Zam-Buk. Greatly to my delight, the first dressings relieved the pain and irritation, and as I continued with the balm my sores got better and better every day. I soon realised that in Zam-Buk I had at last hit on a real cure and it only needed perseverance to put me right. It is now a considerable time since Zam-Buk healed the sores but there has been no return of the eczema nor any trace of it. It would have been impossible, I think, to have found a worse case of sores than mine."

TO LAY KEEL.

The keel of the new steamer that is being built by the C. P. R. to replace the Princess Sophia on the Alaska route is to be laid this week at the Wallace ways, North Vancouver. The new boat will have greater berthing accommodation than any other now operating on the British Columbia coast and will be almost as long as the Princess Charlotte.

WATER NOTICE.

USE AND STORAGE.

TAKE NOTICE that The Taylor Mining Company Limited, whose address is 607 Credit Foncier Building, Vancouver, B.C., will apply for a license to take and use ten second feet of water out of West Creek, also known as Davidson Creek, which flows south westerly and drains into the Kit-sault River about two and a half miles north of the Dolly Varden Mine.

The storage-dam will be located one mile from the Kitsault River. The capacity of the reservoir to be created is about 100 acres of land. The water will be diverted from the stream at a point about at the Wolf Mineral claims, and will be used for power purposes upon the mines described as the Wolf Mineral Claim and the Dolly Varden Mineral Claim.

This notice was posted on the ground on the 18th day of September, 1920.

A copy of this notice and an application pursuant thereto, and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application or petition may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The territory over which power will be distributed is an area of fifty miles radius from the Wolf group of Mineral Claims near the Kitsault River. The petition for the approval of the undertaking will be filed in the office of the Comptroller of Water Rights and with the Water Recorder at Prince Rupert aforesaid, and will be heard in the office of the Board of Investigation at a date to be fixed by the Comptroller of Water Rights, and any person interested may file an objection thereto in the office of the Comptroller of Water Rights or of the Water Recorder at Prince Rupert aforesaid.
