DAILY EDITION.

Tuesday, November 2, 1920.

Several Heavyweights In Oliver Government.

Besides the minister of lands, whom we all know, there are a number of big men in the Liberal cabinet of which Farmer John Oliver is the head. Yesterday we published a photograph of Hon. J. D. MacLean, minister of education and provincial secretary. He is gradually bringing the educational system of the province in line with the rest of the world by introducing progressive legislation.

In this department Mr. MacLean has arranged that, even if schools have only six pupils in attendance, it shall be kept open. A condition such as this does not usually last long as most of the rural districts in the province are growing.

The minister of education has introduced correspondence courses for isolated pupils and for miners; he has arranged that examinations for high school entrance pupils shall not be imperative. Arrangements have been made in many centres for night schools and grants are given to aid these.

The troublesome question of getting the Doukhobors to send their children to school has been dealt with and overcome. There are now twelve schools in operation among them with Canadian teachers and girls as well as boys attending.

There have been developments in technical education and in schools for subnormal children as well as for deaf and dumb and blind.

Just recently a teachers' employment bureau has been established without charge to those using it. Other bureaus have been put out of business.

A very important step in university development was taken this year when an act was passed giving power to raise money to commence the permanent buildings. The setting aside of university lands has been annulled and the lands will be open for settlement.

One particular policy as a result of which Prince Rupert has benefited has been the making of grants from the public treasury to aid in building certain permanent schools. Prince Rupert is now getting \$60,000 to aid in building the big school at Hays Cove Circle. Mr. Pattullo used his influence to secure this grant, which was badly needed and which will insure a building that will be a credit to the city and something of which they may be proud.

Many Interested In Skating Prospect.

There are a great many young people in town who are interested in the prospect of skating this year at Morse Creek. They all say they would be willing to contribute in a small way to the work of making the pond. The idea of skating close at home is one that appeals to most of them because they could go out every night, whereas to cross to the lake would mean only once or twice a week.

Fishermen and Motor Boats.

The question of using motor boats in the salmon fisheries of the Skeena River is a perennial so far as Prince Rupert is concerned. Unexpected support now comes from the south and the result may be that the local views may obtain. It should be soon time to take the matter up with the federal member and with the department and ministers at Ottawa prior to the opening of the House early in the new year. It is certain that the use of motor boats on the Skeena will be an important feature of the next campaign if the matter is not settled in the meantime.

Drydock Situation Is Regrettable.

While everyone regrets the position of affairs at the shipyard, it is satisfactory to know that there is every likelihood of the work proceeding once more within a very short time. Erb has fallen down on his contract and it is to be hoped the Government will take a firm stand and see that any future control is on a totally different basis to that of the past year.

HER CASE SEEMED HOPELESS

But "Fruit-a-tives" Brought Health and Strength

29 St. Rose St., MONTREAL.

"I am writing you to tell you that I owe my life to 'Fruit-a-tives'. This medicine relieved me when I had given up hope of ever being well."

I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good.

I read about "Fruit-a-tives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well."

PRINCE RUPERT TIDES

Tuesday, November 2.

High, 5:58 a.m., 18.1 feet.

Low, 11:39 a.m., 8.9 feet.

Wednesday, November 3.

High, 7:9 a.m., 18.1 feet.

Low, 0:28 a.m., 5.3 feet.

12:57 p.m., 9.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ESTATE OF ERNEST PATRICK GINGRAS, DECEASED; INTERSTATE.

NOTICE IS HEREBY GIVEN TO WHOM IT MAY CONCERN of an order made by His Honour F. McE. Young, in the above matter on the 3rd day of September, A. D. 1920, as follows:

IT IS ORDERED that the said John H. McMillen shall be allowed to swear to the death of the said deceased as occurring on the thirtieth day of April, 1920, after the expiration of one month from the date of the first publication of notice of this order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, B. C., that the said deceased, Ernest Patrick Gingras, was alive subsequently to the said thirtieth day of April, 1920.

AND IT IS FURTHER ORDERED that the said John H. McMillen do publish notice of this order in the Prince Rupert Daily News, a newspaper published at Prince Rupert, B. C., for a period of one month, DATED at Prince Rupert, B. C., this 4th day of September, A. D. 1920.

GROUNDHOG IS KEY TO MUCH DEVELOPMENT

Two Routes Available With Junction at Seeax and Naas Rivers.

AIYANSH, Nov. 2.—The news published in the Prince Rupert News that the British Government were likely to acquire the Groundhog coal fields, has put fresh heart into the old stand-bys among the settlers in the Naas Valley.

At a glance those who know the Naas Valley and the river can see the line of development most likely to be followed. A line of rails will probably be laid from Groundhog Mountain to Nasaga Gulf at the mouth of the Naas. The isthmus at Iceberg Bay on one side and Nasaga Bay on the other has been, as it were, specially prepared by nature for just such a development. On the mainland end of the isthmus, there is a splendid waterpower tumbling down the mountain side and waiting to be put in harness and set to work.

Seeax Valley.

Below Aiyansh on the other side of the river there opens up the Seeax valley running right through to Terrace. When the railway line reaches the Seeax on its way down river it will branch off to Terrace as well as going down over the lava plain. Thus nature indicates the site of an important town, a junction at the Seeax, and strange to say close by there is a magnificent water power ready for use which never freezes in winter.

Thus coal could be delivered at Prince Rupert and at the mouth of the Naas by rail at almost the same time. The prospect looks bright for the Seeax settlers and the valley in general and it is hoped that the day will soon come when the lovely valley will be opened up for there is room for much development there.

SITUATION IN OMINECA RACE

Omineca Herald Says There Will Be at Least Four Starters With Possibly More in Election.

"There will apparently be enough candidates for the provincial election in the Omineca constituency," says the Omineca Herald, of New Hazelton. "There will be at least four starters and probably more."

A. M. Manson, the sitting member for Omineca, has consented to again become a candidate and will most likely receive the Liberal nomination at Smithers next Thursday afternoon. He has done good work for the constituency and expects to be returned again.

A. J. Prudhomme has already announced his intention to become an independent farmer candidate and has pretty well canvassed the riding. He is banking on getting the farmer vote.

J. S. Kelly of Smithers announces that he is an independent candidate. He already has a committee of twenty-four working for him, including some ladies. Kelly is one of the oldest prospectors in the district and his strong plank will be assistance to the mining industry.

A meeting of the Liberal-Conservative Association is being held in Smithers today to nominate a candidate. The choice will likely fall upon Captain Murray, formerly connected with the Soldiers Settlement Board at Telkwa. He is now farming just a few miles out of Telkwa.

TRAIN WRECK

Three Killed, Thirty Injured on Pacific Overland in California.

LOS ANGELES, Nov. 1.—Three people are known to have been killed and thirty injured in a train wreck on the Pacific Overland near Yermo, California. The trouble was caused by the spreading of the rails.

The early closing bylaw calling for the closing of city stores at 6 o'clock instead of 6:30 as at present was passed through its final stages and adopted by the city council last night.
