# Music IS Necessary

## Music for everybody

IN the cottage and the mansion; on the farm and in the town—everywhere—the language of Music is inwardly understood by all.

Not the written notes of music; some people understand them and others don't.

But every normal human being understands those pleasant harmonies that fall upon the ear, penetrate the soul and interpret all the emotions of sorrow or of joy.

Then, why stint yourself in music?

Winter's coming! Long, cold evenings will soon be here. Snow and sleet and Jack Frost's icy breath will keep you in the house.

But—with plenty of Music you'll want to stay indoors—and every hour will be enjoyable.

Prepare now!

Go to your nearest Music Dealer and let him show you what modern science has done to make Music easy to have in plenty.

# COUGHS

Coughs are Nature's danger signal—Nature's way of telling you that in throat or breathing tubes there is something wrong—something needing attention. Perhaps the delicate membranes have been chilled and are inflamed and sore. Disease germs may have lodged there and may be setting up irritation, which if not checked will bring on acute bronchitis, asthma, or even worse evils! So never ignore a cough.

Peps kill coughs because they remove the causes. As soon as a Pep is dissolved in the mouth, powerful, but pleasant, medicinal vapors are liberated. These healing fumes bathe the lining membranes of the throat and breathing tubes, kill disease germs, allay irritation and soothe the inflamed parts.

Peps enable you to end coughs and colds in Nature's way, by breathing in the medicine the same way as the disease germs causing the trouble were breathed in! Isn't this wiser treatment than the swallowing of mixtures into your stomach—which is not ailing?

For coughs, colds, bronchitis, asthma, sore throat, night cough and all troubles of throat and chest, try Peps. Best for children because pleasant to take and free from opiates, etc. All dealers, 50c. a box.

### The Man in the Moon SAYS--

THAT it is understood the editor of an esteemed contemporary is leaving soon on a political tour.

THAT it is hoped he will leave behind him a sufficient supply of vitriol to give tone to the editorials while he is away.

THAT Jack Beatty is likely to be the Conservative candidate for this constituency.

THAT Newton is to be the Newton candidate.

THAT Burrough is to be the O. B. U. Labor candidate.

THAT Pattullo is to be the Liberal member.

THAT it is certain if they all go to the poll there will be three "also rans."

THAT the shipyard business has gone into drydock for overhaul, and it is expected to emerge spick and span with a brand-new coat of paint.

THAT it is a good thing the Catholic kitten has gone to a Catholic household, for it is said it will not eat meat on Fridays.

THAT some people are hemoaning the shortage of high denomination bills, but most of us are worrying over the lack of small change.

THAT one sign of the hard times among the formerly rich is that a number of Turkish noble-men have to reduce the number

of wives in their harem.

THAT this must make hard times for some of the wives.

THAT in Prince Rupert there is no need to apply to Thomas Edison to help get in touch with spirits. The difficulty here is to get away from them.

### HUCK FINN IN MOVIES

Mark Twain's Boy Hero in Notable Photoplay.

No one has succeeded better than Mark Twain in portraying on the printed page boy life along the Mississippi river in the old slayer days. His immortal books "Tom Sawyer" and "Huckleberry Finn" are packed with rich local color. No wonder the movie-makers have found them admirable screen material. Already two notable pictures have been produced with "Tom Sawyer" as the basis. And now the beloved vagabond, Huckleberry Finn, perhaps even a more interesting and sympathetic character than the famous Tom himself, has been made the hero of a photoplay that is said to surpass in elaborate scale of production and faithfulness of detail even the earlier Mark Twain picturizations.

"Huckleberry Finn," which is coming to the Westholme Theatre tonight, was directed by William D. Taylor, the man who handled "Tom Sawyer" and "Huck and Tom."

Public school attendance figures reached a high mark last month. There were 631 children enrolled and an average actual attendance of 93 per cent.
