

Sunlight Soap

She Rests while Sunlight Works

Why not? That's what Sunlight's for. How does this happen? Very simple. Sunlight's gentle purity is alone sufficient to cleanse the clothes without wearisome rubbing. Of course, this is easy on the clothes, too. How is it done? Just read the directions.

Insist on getting the Soap you ask for—**SUNLIGHT SOAP.**

PRINCE RUPERT Labor Council, O. B. U.

MEETING

All members of the One Big Union will be held in the McIntyre Hall on Sunday, Nov. 7

Discuss and vote upon the amendments to the Constitution adopted by the Port Arthur Convention.

327 2nd Avenue C. V. EVITT Auctioneer and Accountant

Ten Years Ago in Prince Rupert

November 5, 1910
A beautiful statue of the Virgin, the gift of Lady Laurier, has been received at the local Catholic Church.

Thirty workmen are to work all winter at the Goose Bay mines, which it is predicted will ship copper in the spring. They are owned by a wealthy American syndicate at the head of which is M. K. Rogers.

The Catholic Bazaar which concluded last night realized \$1,140. The gold-headed cane, the prize for the popularity contest, was won by Alderman Vernon Smith, who is adjudged the most popular man in town. The election result for this honor was: Ald. Smith, 5,459; Mayor Stock, 3,961. Father Rivet described Mrs. J. Fred Ritchie as "the soul of the bazaar's success" on account of the indefatigable way in which she worked for it.

A striking new sign in the shape of a 12 by 16 ft. mirror is being put in on the Helgerson Block on Sixth Street. Advertising text is painted on the surface.

Mr. and Mrs. J. Fred Ritchie entertained Premier and Mrs. McBride at lunch yesterday. The guests besides the honored ones were: Bishop and Mrs. Du Vernet, Judge and Mrs. Young, Mr. and Mrs. W. Manson, Mr. and Mrs. Bacon, Mr. and Mrs. McMullin and Mr. and Mrs. Rochester.

IN PROBATE.
IN THE SUPREME COURT OF BRITISH COLUMBIA
IN THE MATTER OF THE ADMINISTRATION ACT

IN THE MATTER OF THE ESTATE OF JOHN EDWARD, DECEASED, INDEBTED.
TAKE NOTICE that in order of his Honor F. McR. Young, made the 30th day of October, A. D. 1920, I was appointed Administrator to the estate of John Edward, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me, on or before the 1st day of December, 1920, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.
JOHN H. McMULLIN
Official Administrator
Prince Rupert, B. C.
Dated this 1st day of November, 1920.

SCHOOL BOARD AND THE WORK AT HAYS COVE

Matters Pertaining to Construction New School Aired at Monthly Meeting.

The October estimate on the construction of the new Hays Cove school amounting to \$14,704.65 was presented by Contractor S. P. McMorde to the school board last evening and was ordered paid. Materials yet to be bought for the school include paint, hardware and hardware. It is thought by Architect J. W. Potter that delaying the purchase of these materials may benefit the board to some extent for the prices are falling in some cases.

Mr. Potter intimated at the meeting last night that bricklaying to the main roof would be completed by Christmas and possibly by the middle of December. There are now eight bricklayers engaged on the work and five more are expected from Edmonton. This work is being done with dispatch and the men in charge are good organizers.

Hoist Tower.
Col. McMorde's claim for payment of the hoist tower again came up and has been left over until expert advice may be obtained from outside contractors. Col. McMorde claims that he should be paid for the tower while the board takes the point that that is included in the wording hoist and as such should be provided at the expense of the contractor as set out in the contract. The claim amounts to somewhat over \$400.

Pattinson & Ling sent in a request that they be allowed to borrow some conduit from the new school but this was turned down as the conduit supply is very short and this firm might not be able to replace it when desired.

Compensation Board.
A complaint was received from the Workmen's Compensation Board that Contractor Watts in charge of carpenter work had not made his returns under the act. No insurance is to be put on the new building until the roof has been put on. Steen & Long will be now at work on some of the roofing.

The city council has not yet taken any apparent action on the provision of sewers at the school and the board is communicating with the city in this matter.

WILL BUILD SEINER FOR FISHING OUT OF PORT PRINCE RUPERT

Captain Peter Rorvik left last night for Vancouver where he will have work commenced on the building of a big seiner for the N. M. & B. Fishing Co. The new boat will be 65 feet long and will be powered with a 60 h.p. semi-diesel engine. It will take about three months to build and will be ready for herring fishing in March. The new craft will be one of the largest seiners working out of this port. Captain Rorvik will return in about three weeks.

The School Board is to pay a boy \$10 a month to do the janitor work in the manual training school.

FEW MINISTERS ARE AT OTTAWA

Some in Europe and Some Touring Over the Country—New Ones Breaking In

OTTAWA, Nov. 5.—Canada will receive the absent treatment from its Government for more than a month. Premier Meighen and Hon. J. A. Calder will spend about four weeks in the West. Sir George Foster, Minister of Trade and Commerce, and Hon. C. J. Doherty have left for Geneva to attend the assembly of the League of Nations and will be gone for six weeks, being assisted at the assembly by Hon. N. W. Rowell, who will join them in England. Sir George Perley is also leaving for England this week to carry on once again for a period until a new High Commissioner is appointed. Nothing will be done before next year at least with respect to this appointment.

The Tariff Commission, made up of Sir Henry Brayton, Minister of Finance; Senator Robertson, Minister of Labor, and Dr. S. F. Tubnie, Minister of Agriculture, will be going away in about a week or thereabouts, further depleting the number of available ministers.

Hon. J. D. Reid, Minister of Railways, is away in England, but may return in the near future. This week sees Hon. Hugh Guthrie back from attending the League of Nations Financial Conference.

Give New Ones a Chance.
Sir James Loughheed is Acting Premier and the new ministers, Hon. Messrs. McCurdy and Wigmore, will be given a great chance to be acting ministers for many departments. There remain at the helm, besides these, Hon. A. L. Sifton and Hon. G. C. Ballantyne, who will lose at the end of the month his deputy minister, Alex. Johnston. Mr. Johnston is taking a two-months' holiday before going to the Empire Steel Company at the end of the year.

Minister at Washington.
Unless events precipitate crises needing Federal action, it is intended that "marking time" shall be the chief occupation at Ottawa. No minister plenipotentiary will be appointed to Washington, and indeed, the whole situation with regard to this appointment is causing grave perplexity. Australia has given notice that she wants a minister at Washington as well. It had been intended that the Canadian minister should be British Ambassador in the absence of the latter, but, with ministers from Australia and possibly New Zealand and South Africa, that arrangement would no longer be regarded as suitable as at first. Some changes in the plan may be devised.

Stopping Importations.
Another matter which will come before the remnant Government in Ottawa is the giving effect to the recent provincial votes on prohibition. An order in council must be issued within 60 days to decide the date when importation into provinces shall cease. One western democrat has written to the Government saying that fish men stocked up against the drought to come and importing that the poor man should be given an opportunity to do the same. There is little likelihood of haste in setting a date when importations shall cease.

DEPARTMENT OF MARINE AND FISHERIES

Sealed proposals, accompanied by a certified cheque for 5 per cent of the amount of tender, will be received by the undersigned at the office of the Inspector of Fisheries, Prince Rupert, until 20th day of November, 1920, for the complete removal of the log jam in the stream which drains Wink Trap Bay Lake, near Kitkatla Indian Village, B.C. Island. All material retained in the jam both above and below water is to be entirely removed and either floated out to sea or piled carefully above high water mark on the low ground at the head of the jam, the work to be completed on or before 31st day of March, 1921.

Intending bidders must examine the jam and state the method they intend to adopt and the nature of the machinery they contemplate using. Lowest of any tender not necessarily accepted. Cheques from unaccepted tenders will be returned immediately the contract is awarded.

F. H. CUNNINGHAM,
Chief Inspector of Fisheries.

NAVIGABLE WATERS PROTECTION ACT.

R.S.C. CHAP. 115.
MARITIME FISHERIES LIMITED of Vancouver, British Columbia, hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert at Prince Rupert a description of the site and the plans of wharf, salmon cannery and cold storage plant proposed to be built in the Skeena River at Haysport, British Columbia, in front of District Lot 4445, Range 5, Coast District, British Columbia.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice Maritime Fisheries Limited will under Section 7 of the said Act, apply to the Minister of Public Works at his office in the city of Ottawa, for approval of the said site and plans, and for leave to construct the said wharf, salmon cannery and cold storage plant.

DATED at Prince Rupert, B. C., this 24th day of September, A. D. 1920;
MARITIME FISHERIES LIMITED,
By Messrs. Painore & Fulton, Solicitors.
