TWO LOCAL DELEGATES GO TO OTTAWA TO DISCUSS SHIPYARD AFFAIRS

Mayor McClymont has Offer from States for City Bonds

Will lay proposal before City Council tonight for money to cover School and Section Two Bridge; Rate is low

Mayor McClymont returned last night after visiting the financial centres of the east in an endeavor to sell city bonds for the school and Section 2 bridge. He was not very successful as the market is in a bad condition just now with all sorts of municipal bonds offering at almost any price. While Canadian bonds would not consider buying, he received an offer from an American firm and he recommends that the City Council accept the offer.

Mayor McClymont said he had offered the bonds to eleven Canadian firms but none of them would make an offer. He had also

interviewed the manager of the Bank in regard to carrying them on in the building of the bank. The manager strongly advised disposing of the bonds if they were not promised not to see them stuck with the school. There is \$80,000 borrowed at account.

CHARLES BARNES WAS FOUND DEAD IN BED AT HOTEL

Was an Old Timer of the North Having Been in the Skeena Valley in 1870.

Charles Barnes, an old timer of the North, was found dead in his bed at the Central Hotel yesterday morning, having passed away in his sleep. No inquest is to be held as Dr. Kergin states that death was due to heart failure.

Mr. Barnes was a man well on in years and was in the Skeena Valley in 1870. For some years he was employed by R. Cunningham at Hazelton and he acquired some land holdings at Fiddler Creek. In the boom days of 1899 he was in Atlin where he was known by Chief Vickers. From there he went down to Dawson and back again to this part of the country. Two years ago he was in the Old Men's Home at Kamloops, but left there and spent the past summer around Alice Arm where he worked for Postmaster H. H. Carney and George Bruggy, the merchant. He also solicited subscriptions to "Resources" Magazine there. He was to have left for Vancouver last night on a mining deal.

Funeral arrangements are in the hands of the B. C. Undertakers.

Col. Peck and Pillsbury Went East This Morning

Will take up with Government at Ottawa matter of resumption of work at local shipyards before disorganization

Colonel Peck, M. P., and J. H. Pillsbury, superintendent of the drydock and shipbuilding plant, have gone to Ottawa to take up with the Government the question of continuing the construction of the ships here while the organization is on the ground.

A full meeting of the council of the Board of Trade took place this morning in the board rooms, when President S. E. Parker outlined the course of action proposed. Colonel Peck had strongly urged that they should be sent to do the business direct with the ministers in place of telegraphing. It was very important that the work should continue before the shipyard became totally disorganized.

Alderman Dybhavn on behalf of the city said he thought the city would stand the expenses of the trip, but he would take it up with the finance committee this afternoon and tonight it would come before the City Council. It was decided to send the two delegates and they left on the train this morning.

G. W. V. A. WILL CASH CHECKS

Aid for Veterans to the Extent of \$1,250—Port Simpson Native's Pension.

At a meeting last night the local G. W. V. A. decided to cash checks for returned men who have been working at the drydock up to \$1,250 in all. This will relieve some of the difficulties in connection with the non-payment of wages.

The local G. W. V. A. has also taken up with Colonel Peck the matter of pensions with a number of local people. One case is that of Mrs. Forrest, a native woman of Port Simpson, whose two sons were killed overseas. Col. Peck will take this up with the department and it is expected she will receive Government aid. At present the local G. W. V. A. is paying her \$25 a month from their funds.

Financial Credit Better Than Any

Oliver returning to coast and may be chosen as candidate in Victoria; Capital anxious to have him.

VANCOUVER, November 8.—Premier Oliver will be back from the Kootenay trip tonight in time for the convention.

At Nelson, replying to statements made by W. J. Bowser, Mr. Oliver said that possibly four thousand orders in council had been passed by the former government, not fifty thousand as reported. The financial credit of this province was now the best of any of the provinces of Canada.

It is understood that Mr. Oliver's name will come before the Liberal convention at Victoria and he may possibly be a candidate there as well as in Delta. The Victoria people are very keen to have him stand for that constituency as his presence would be a source of strength on the ticket.
