OVERFLOW MEETING AT VANCOUVER LAST NIGHT PATTULLO, FORMBY, NEWTON AND BURROUGH IN LINEUP FOR LEGISLATURE

Great Enthusiasm at Liberal Rally in Vancouver Last Night

In spite of Dense Fog Two Halls Scarcely Sufficed to Hold Crowds who Flocked to Hear Premier and Candidates

VANCOUVER, November 10.—Premier Oliver, M. A. MacDonald, Hon. W. J. deB. Farris, Mrs. Ralph Smith, Ian Mackenzie, and James Ramsay and J. P. Dougherty addressed a big meeting and overflow here last night. Thousands crowded into the Dominion Theatre and O'Brien Hall in spite of the dense fog that made transportation difficult. The enthusiasm displayed has seldom been excelled in this city and never during the present campaign.

Premier Oliver spoke of the record of the Government. He admitted that there were deficiencies, for the Government was human, but he urged that they had unquestionably made such progress as to warrant their re-election, and apparently the big audience thought the same, for they cheered him again and again. Mr. John has seldom received such an ovation.

The Premier went into some detail in regard to the legislation passed by the administration and emphasized particularly the Mothers' Pensions provision, which had been put through in a few months after a promise to do so was made, whereas the Conservatives had made promises which for fourteen years had been unkept.

POLICE HAD BUSY MONTH

Police Commissioner Myhill-Jones Says Force is Now Working Satisfactorily.

According to the report of the chief of police received by the police commission at the regular monthly meeting last evening there was \$3,372 collected in fines by the police department in the month of October. This establishes a high record mark for the amount of fines collected in one single month.

There were 84 cases brought up in the police court and 77 convictions were obtained. There were 46 drunks and 9 charges under the Prohibition Act. In several drug cases the maximum penalties were inflicted and in two cases the offenders had received both jail sentences and fines. There was one case under the Inland Revenue Act for having a liquor wash in possession. Bread and coal weights were reported fair. There were a number of small robberies and suspects were now in view. The conduct of the near beer bars was orderly.

"If the size of the docket is any criterion," said the mayor, "the public should be convinced that the police department is doing its duty."

During the course of the commission meeting, Commissioner Myhill-Jones stated that the police force, in his opinion, was working better now than ever it had since he had been a police commissioner. He would like to see two morality men on the force.
