Why Vote Pattullo At coming Election?

The Prince Rupert district does not want to be handicapped during the next four or five years. The Oliver Government will undoubtedly be returned and it is very desirable that Prince Rupert shall be well-represented.

Hon. T. D. Pattullo is the next most important cabinet minister to the Premier. If he is elected he will retain that position, if he is defeated Prince Rupert will be without representation in the cabinet.

Mr. Pattullo is a man of affairs who understands business and can meet big men as an equal. He carries with him much prestige and is well thought of by people throughout the province and beyond.

Mr. Pattullo refuses to make wild promises but what he promises he intends to perform. He is in a position to get results. That cannot be said of either of the other candidates.

Big Man's Job First Two Years.

Mr. Pattullo has made good during the past four years. During the first two years of his administration, the war was on and it was a big man's job carrying on the affairs of the province.

Greatest Premier B. C. Ever Had.

Hon. T. D. Pattullo is an associate and supporter of the greatest premier British Columbia has ever had. Premier Oliver is a master of finance, is a hard worker, and is a man with vision.

Only One Candidate For Thinking People.

As a matter of fact there is only one candidate for thinking people. Those who have the real interest of the Prince Rupert electoral district at heart are bound to vote for the minister of lands and the continuation of good government.

This is how the ballot should be marked:

Table with 2 columns: Name and Profession. Rows include BURROUGH (John Henry Burrough, of Prince Rupert, Logger), FORMBY (Charles Berhard Formby, of Prince Rupert, Electrical Engineer), NEWTON (Seville Martineau Newton, of Prince Rupert, Publisher), and PATTULLO (Thomas Dufferin Pattullo, of Prince Rupert, Minister of Lands).

"I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored."

SYLVIA WRITES PREMIER LENIN

Miss Pankhurst who was Recently Convicted of Sedition Writes Russian Premier

After Sylvia Pankhurst had been arrested she wrote Premier Lenin of Russia the following letter, which was later produced in court:

"Dear Comrade—The situation here is moving in a revolutionary direction more swiftly, but of course we are far away yet. The prices of necessities are rising, though the cost of living is not totally supposed to have risen this month. Unemployment is now acute and the unemployed are restive. One of Lansbury's meetings was broken up by members of my party, because he advised peaceful methods, and the crowd supported the young dockers, seamen and others of my party who opposed him. Unemployed in various towns march to factories, enter them, make speeches and speak of seizing them. Ex-soldiers arm and drill. Do not exaggerate these things—they are not formidable yet."

Not Big or Bold

"Unemployed smashed windows and stole jewels last Monday when the London Mayors led them to Westminster. The Communist parties, alas! are neither big enough nor bold enough to rise to the occasion. In the Communist Tom Bell (ex-S.L.P.) was advocating the other week a strike for the reduction of hours to absorb the unemployed into industries. In Coventry a member of our party, Emery, leads a campaign for setting aside a factory to work for Soviet Russia—factory to be controlled by the workers."

"In the Dreadnought I tried to set a bolder policy and should be discussing it with my executive this afternoon, but I was arrested last Thursday and am under £2,000 bail not to meet or communicate with any of our people responsible for publishing paper till my trial Thursday, so I can only communicate indirectly. I expect six months' imprisonment. I considered a hunger strike, but I am afraid that weapon is destroyed now, since the Government is letting the Irish hunger strikers die."

No Unity

"I find all the Communist parties, except perhaps Gallacher's Scottish Communist Labor Party, disinclined to unity. I was the first to let the movement know, through the Dreadnought, that the I.H. International had called us to a new conference, and I gather that the Communist Party (B.S.P.), which had heard it from W. McLaine, was opposed to it, and, therefore, had not published it. Nothing will come of it unless the I.H. International supplies the promised chairman. Our party has written to the others expressing our willingness to enter into negotiations. Parliamentarism and the tameness of the B.S.P. crowd are sore points with our party. I should have had a hard struggle to bring them round. Now I shall not be there, it seems."

Borrowed from Herald

"I have done less than I should in seeing people, because I have had a most terrible struggle since I returned home. Our press where our paper is printed was suffering (1) because the Dreadnought owed money; (2) because we had accounts to pay for type, metal and instalments to pay on machinery; (3) ordinary trade fought a little shy of us on account of the Dreadnought being printed there. Whilst I was away an account ran too long and a creditor got a writ for payment against us in the Court. Then all the creditors took fright. On my return the brokers were in twice in one week and I have been fighting the situation ever since, visiting, writing to this and that person, borrowing and loaded with debts of honor, some of which are at the point of disgracing me. The I.H. International in Moscow heard my plea when I was there and promised relief; it does not come. This week the South Wales Mining Comrades sent for 6,000 extra copies of the Dreadnought. I borrowed paper from the Herald. At present I have no paper for next week. It is not pleasant to go to prison so. Still things advance. With Communist greetings, "SYLVIA PANKHURST."

Brunswick Made in Canada. What Is the Ultona? The Ultona is not a phonograph, but it is a very important PART of a very good phonograph. If you look closely at the Brunswick phonograph you will see a reproducer of an entirely different type than you have seen before, in fact, a double reproducer. It is balanced accurately. And it has places for three types of reproducing points. That is the Ultona. The object is this: to enable you to play the various kinds of records in the proper way—and to get the most in musical value out of them. This gives you an opportunity to enlarge your musical library—to extend it in any direction you may desire without added cost or attachments of any kind. The Brunswick is one of the standard instruments of the present day, beautiful in its cabinet work and admirable in every detail of equipment. You will enjoy hearing it. Come in to-night.
