PRESCRIPTION FOR COLDS AND GRIPPE

Formula Which is Approved by Leading Physicians.

Physicians all over the world are agreed on the best treatment for the relief of colds in the head or the advanced stage of the trouble—in grippe, or the first stages of influenza.

This formula is now offered the public under the name of Grip-Fix and is used for home treatment. It comes in capsule form and acts promptly, as it has a ten-year record of relieving a cold in a matter of a few hours. Its action allays the fever, relieves the soreness in the muscles and back and keeps the system open to throw off cold-generated poisons.

Grip-Fix is just what it claims to be—a physician's prescription. The full formula is printed on every box. It contains absolutely nothing injurious to the system, but everything needed for the prompt treatment of colds or grippe.

Get a box of Grip-Fix. Have it in the house. On sale at all druggists, 35 cents per box.

MINERAL ACT.
(Form F)
Certificate of Improvements.

BASKETBALL GAMES GOOD

Meteors, Beavers and Elks were Winners in Last Evening's Program

The crowd at the Exhibition Hall last night for the second games of the basketball schedule was smaller than that on the opening night, but those who did attend witnessed three well contested games.

In the first game the Beavers scored 27-21 victory over the Colts, which they thoroughly deserved. The Beavers seemed to make better use of their openings than the Colts and especially so in the second half. Haiverson and Morrison played an excellent game for the Beavers, while Frizzell starred for the Colts. The teams were as follows: Beavers—Smith 2, Halverson 12, Macdonald, Morrison 7, Lambie 6; Colts—Mitchell 2, Frizzell 12, Roberts 6, Martin 2, Duncan 2.

Meteors vs. Maple Leafs
The Meteors and Maple Leafs, rivals of last winter, were the second on the program and they served up a good game, although they bungled together a good deal. In the first half the Maple Leafs had the best of the play and crossed over with a lead of 4-2. With a rearranged team in the second half the Meteors got away to a good start and gradually overcame the lead of their opponents and finished with a lead of 14-10 score. Annie Kelly, Marjorie Roberts and Margaret Lindsay did valuable work for the winners, while Marjorie Carter and Thelma Dingwall put up a great play for the losers. The line-up: Meteors—Annie Kelly, Marjorie Roberts, Helen Hibbard, Helen Morrison 6 and Margaret Lindsay 8; Maple Leafs—Thelma Dingwall, Myra Harvey 2, Marjorie Carter 1, Margaret Graham and Sundae Calderone 4.

Elks vs. Sons
The Elks and the Sons of England contest proved a rather one-sided affair and the newcomers to the league were the winners over the Sassenachs by a 36-13 score. Lack of experience at the game was quite evident on the losing side. Clementson, the heavy scorer in the champion dry dock team last winter, proved that he still is as capable as ever and was easily the best player on the Elks team. Howard Frizzell, playing his second game of the evening, was the outstanding player on the Sons of England line-up. Teams: Elks—Clementson 18, Mobley, Menzie 6, Hill 6, Williams 6; Sons of England—Wearmouth 2, Tinker 2, Hill, Frizzell 9, Davidson.

TOLD CORNER CLUB ABOUT NEWSPAPER AND ITS MAKING

At the Corner Club last night, a talk was given by H. F. Pullen on "The Making of a Newspaper." The speaker explained that making a newspaper was very much like making a cake. You put in fifty per cent news along with a similar quantity of advertising, favoring with a little editorial opinion, passed it all through the mechanical oven and served hot. It was simple enough, so simple in fact that almost anyone you met on the street could tell you how to run a newspaper much better than you could yourself.

Separate Departments.
The making of the newspaper was divided into three separate departments, the editorial, business and mechanical sections. While these were all closely related they were kept distinct. To successfully conduct a newspaper a man must not be too keen on making a good paper or he would spend too much money in that department and not give enough attention to the business end. There had to be a good balance or the institution could not live. One department could not be starved at the expense of the other.

Whose Fault.
It was shown how the circulation department, which was a branch of the business department, was the barometer of the institution. When the circulation advanced both editorial and circulation departments were apt to claim the credit, but if there was a falling off it was the fault of the other department.

The speaker dealt with the ideals and difficulties of newspaperdom and closed by saying

that if life was to be a success enjoyment must be taken from the work in which we engage. If enjoyment was not taken from one's work then life was a failure.

FIRST MEDICINE EVER USED BY MAN

Since the earliest ages herbs have been used by man for the relief of human suffering. And, although we are living in the 20th century no discovery of medical science has yet found anything equal in healing and restorative power to the medicinal properties of herbs.

Wonder Health Restorer, for years the private prescription of one of the world's greatest herbalists, is a striking example of this fact. Thousands of people have found in this simple remedy relief from suffering and restoration to perfect health. Its record in the treatment of Asthma, Rheumatism, Stomach troubles, Kidney complaints, Piles, Skin diseases is so wonderful as to almost be unbelievable were it not backed up by the written testimony of those who have used it. Try Wonder Health Restorer if you are suffering from any of these ailments in any form. It is on sale in Prince Rupert and vicinity by the Prince Rupert Drug Co., who will be glad to give information concerning it. Call at the store and ask for a copy of "The Road to Health," a booklet which tells all about the remedy and its work. It is a treatise on herb remedies which should be in every home.

PUBLIC NOTICE.
Having purchased the "World" Cafe from Lew Shong Way and Dang Ho, all accounts owing by these former owners will require to be presented for payment before December 1, after which date I will not be responsible for any accounts except those authorized by myself.
