A DEMONSTRATOR'S REPORT

One of our demonstrators working at Banff sent this item in her report: "This morning one woman told me that when the milkman came this morning she told him she had found a really good milk and would not require him any more. 'This will give you an idea how Pacific Milk is taking here.'"

FAST CAMPAIGN
IN OMINECA

Four Candidates Meet on Every
Platform Nightly and Manson's
Prospects Look Good

MANSON IS REFUSED
REPLY AT FRANCOIS

BURNS LAKE, Nov. 22.—The campaign waxes fast and furious. Joint meetings are held at which all four candidates are present. At Francois Lake Friday evening the biggest meeting in the history of the place was held. It was Manson against the field. Kelly refused to allow Manson to reply, so the meeting adjourned and a new public meeting was held immediately, lasting until midnight.

The indications are good for Manson's election. Prudhomme's claim as an independent and farmer is met by the fact that the oldest and best settlers signed their names to Manson's nomination papers. Murray finds the anti-Bowser feeling still strong and that injures his cause. The people do not want to return to a Bowser regime. Kelly, the labor man, is a serious factor in the election, and reads are the chief issue in the campaign.

Ten Years Ago
in Prince Rupert

November 22, 1910

Deaf to the last the great Count Tolstoi passed away yesterday morning in St. Petersburg.

The Prince Rupert branch of the Canadian Club was established last night in the large room over Major Gibson's office. The following are the officers chosen: President, Judge Young; Vice President, Bishop Du Vernet; Second Vice President, William Manson, M.P.P.; Secretary, W. B. Clayton; Treasurer, H. F. McKee; Literary Correspondent, C. V. Bennett; Executive, Dr. W. T. Kergin, G. R. Naden, G. C. Emerson, F. S. Clements, V. W. Smith, G. A. McNicholl and D. H. Moore.

William Manson, C. V. Bennett and F. H. Mobley are spoken of as candidates in the January municipal election.

Miss Eliza Milligan, of Vancouver, has been appointed to the teaching staff here and she will take up her duties after the New Year.

The city council has decided to take out a "blanket" insurance to protect all its laborers from accident.

President Charles M. Hays, of the G.T.P., has sent a telegram to the city council threatening that the company's position on assessment matters will be published unless an advertisement in London papers is discontinued.

RECORD TIME
ON CONTRACT

Prince Rupert Lumber Co. Completes Contract for Half Million Feet

NO FURTHER ORDERS
ON HAND AT PRESENT

The Prince Rupert Lumber Co. has just completed at its plant at Seal Cove an order for half a million feet of spruce lumber for the United Kingdom that it was announced had been received about a month ago and in doing so has established an extraordinary record in the time that it took to do the work, a result that could be only obtained with conditions such as they exist at the local plant. The order, in itself, was out of the ordinary for it called for not less than 60 per cent edge grain stock cut in widths ranging from 5 to 16 inches. The order was completed in less than thirty days, which is a record in specifications of this kind.

It is probable that no other spruce mill on the coast could have handled such an order within that time. The ability of the Prince Rupert Lumber Co. to handle business of this character is due to their highly efficient modern plant and to the fact that they have a supply of Sitka spruce logs of exceptional quality. The main reason why orders of this kind can be best handled at a northern mill, such as that of the Prince Rupert Lumber Co., is on account of the immediate proximity of a timber supply of such exceptionally good quality.

With the completion of this contract it is probable that the mill will close, as there is no immediate business offering and all there remains to do now is to clear up a few small orders still remaining unfilled.

The company is negotiating on another export lumber contract for Australia, but it is not expected these negotiations will be concluded till spring.

The camps at Masset Inlet will continue to operate as long as weather permits.

"THE THIRD KISS" AT
EMPRESS THEATRE

Vivian Martin Plays Pretty Role in Very Interesting Picture.

In her new picture, "The Third Kiss," which will be shown at the Empress Theatre tonight, Vivian Martin, universally admired little star, shows how an heiress seeks to atone for a great wrong which had been perpetrated when a factory owned by her deceased uncle, was destroyed by fire and many girls burned to death. The catastrophe was due to her uncle's criminal negligence in allowing the exits of the building to become congested.

She gives up a life of ease and luxury and under an assumed name, takes up work among the friends of the unfortunate fire victims, and devotes her spare time to helping Rupert Bawlf, a young settlement worker, in making life easier for them.

But Rupert secretly comes to love Missy, as the little heiress is called by her friends, although he is married to a faithful and unsuspecting wife. How she finally brings about the regeneration of Rupert and finds happiness is said to form one of the most beautiful stories ever visualized on the screen. Robert G. Vignola directed and an excellent cast supports the star.
