#### Real Policy or Paltry Program.

Every politician has a program which he dangles before the electors. It is usually a work of art. It is designed to catch the unwary voter and lure him into the polling booth ready primed to vote for that particular candidate. It is a bait with which to catch human fish, and sometimes the suckers bite.

What is true of all elections is true here in Prince Rupert. Each candidate lays out a program. Some of these are published persistently and insistently with the idea that if the fish refuse to rise to the bait it shall be shoved down their throats. The curious thing is that in spite of past experiences of this kind, there are still suckers.

Now the sucker is not a very desirable fish. It is full of bones and there is little meat to it. The human sucker, however, counts just as much as an intelligent man, when it comes to voting. Every vote counts the same.

The curious thing about voters is that everyone thinks he is wondrous wise and the other is the sucker. He cannot distinguish between the false and the true. It is to draw attention to this condition and to urge that every voter make a thorough investigation into the personality of the candidates, into their past records and into the promise for the future, before casting the ballot that this is written.

#### Electors Forsaking Former Affiliations.

The electors of the north are a discriminating kind. They are more intelligent, probably, as a whole than any other body of electors in the province. They are already investigating and many have already made up their minds that there is but one candidate at this time to vote for. We know this is true because many, who were not former supporters of Mr. Pattullo, have dropped in to make it clear where they stand at this election. We appreciate their confidence. We realize that often it is considerable wrench for a man to vote against his party or contrary to his past convictions, but these are extraordinary days and this period is a critical one for Prince Rupert city and the whole district. They are days when it is desirable that people should be willing to give up their natural preferences and act as a unit for the good of the north.

#### Don't Forget to Unite on Big Four.

The thing to do now is to unite on the big four for the north. The Liberal four will go to Victoria with a mandate from the people asking for fair treatment for the north, including an increase in the number of representatives before the next election.

The election of Hon. D. Pattullo is now assured. It is a commonly accepted fact. What is desirable now is to make the majority as large as possible so that it will impress the people of the south.

Good reports come in from the other constituencies. Manson seems likely to make the grade in Omineca where he has done excellent work. Kergin is making a good impression in Atlin constituency and should have a good majority. In Prince George Perry is very sure of victory. This is in line with reports from the south, where every indication is that the Oliver Government will be returned by a very handsome majority.

Low, 7:56 a.m., 6.5 feet.  
20:42 p.m., 1.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.  
The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.  
The height is in feet and tenths of feet above the average level of lower low water.

### Flivver Funnyisms from Films

From Literary Digest "Topics of the Day."

The old family flivver is surely a long liver in the land of the brave and the free. Despite its usefulness and longevity it is ever the butt of the newspaper and stage joke-smith. And, always, such flivver funniment registers with us all. Newspaper humorists have penned some sure-fire comments which have been screened in theatres in "Topics of the Day" films. Whether you pilot a flivver merely play passenger once in a while, you should find the following funnyisms smooth running:

"What do you think of my car?"  
"I see you've got a good horn. Why don't you jack it up and run a new car under it!"—Boston Transcript.

A flivver in Kankakee, Ill., broke the arms of four persons who attempted to crank it, in less than a week. That's what comes of crossing a bicycle with a mule.—Utica Tribune.

Sign in garage: "Equip your flivver with our cuckoo clock. When the blamed thing reaches 20 miles an hour the bird comes out and sings, 'Nearer, My God, to Thee.'"—Ithica Journal News.

"I just bought a Ford."  
"I got a Rolls-Royce."  
"That's a good car too, isn't it?"—Hystander, London.

We never saw a horse laugh. But when a horse sees a four-year-old flivver staggering up the street he has a right to laugh.—Cincinnati Enquirer.

Sign in village garage: "Automobiles and Fords Repaired."—American Motorist.

The way large families are packed into small cars, some inventor ought to devise a folding child for parents who own flivvers.—Border Cities Star.

"On the road yesterday we saw a sign 'Sea Food a Specialty.'"  
"Well, what happened?"  
"Our auto turned turtle."—Baltimore American.

For Sale—Late model Ford touring car. Apply Herman's Tin Shop.—Watertown Standard.

### Ten Years Ago in Prince Rupert

November 26, 1910

Martin Burrell has challenged Premier Laurier to transfer Hon. Wm. Templeman to the Senate to allow a by-election in B.C. to test the feeling of the people on the naval policy.

Charles M. Wilson, the real estate man, was nearly carried away on the Prince Rupert last night when he was talking real estate to A. S. Christie on the boat before she pulled out. Half way down the harbor Mr. Wilson noticed he was travelling and Captain Barney Johnston had to return to the wharf so he could debark.

Ronald Harris, an old time mining engineer of the Greenwood district, is visiting the city.

A new local organization was formed last night to make a strong campaign against the temperance party in the forthcoming local option election. It is to be called the Citizens' League.

### ED OLSON WASHED FROM FISHING BOAT

According to word received here Ed Olson was washed overboard off the halibut boat Seattle some days ago, says the Ketchikan Alaska Chronicle. The boat was enroute from Ketchikan to the deep sea fisheries, and at the time of the accident was off Yakutat.

The wind was blowing at sixty-five miles an hour and a heavy sea was running. A wave broke over the deck and swept Olson into the water. A life buoy was thrown to him, but he was unable to grasp it and went down almost immediately. The deceased was a resident of Seattle and leaves a widow and two children.

Mrs. A. P. Hazen was an arrival from Terrace on last night's train.
