PULP MILL AT PRINCE GEORGE

More Particulars of Proposed New Industry at the Interior Capital.

Plans for the establishment of a large pulp and paper plant in the vicinity of Prince George have been completed by the Fraser Timber Syndicate, a concern in which some of the best known financiers of Eastern Canada are directly interested, and the first step in the erection of the plant will probably be made, following a visit to this province, of a large number of the principals in the venture in the very near future.

In this party it is stated will be Lord Beaverbrook, Alexander Maclean, president of the St. Maurice Paper Company of Quebec; Angus McLean, president of the Bathurst Lumber Company, Bathurst, N. B.; Frank Jones, president of the Canada Cement Company; Senator Edwards, Molson McPherson and Sir Chas. Gordon of the Dominion Textile Company.

The Fraser Timber Syndicate owns over 200 miles of timber limits in Central British Columbia, in connection with which it recently paid \$200,000 royalties, and the plant and equipment which it plans to erect will involve an investment of over \$6,000,000. Of its limits it has in view a cut of at least 30 years, it is stated, and has applied for three separate water powers, one at the Grand Canyon, on the Fraser River, one on the Willow River, and one on the Nechako River. Their plans provide for the development of one or all of these water powers.

The matter of location of the plant will be decided when the party visits the scene of the company's operations, as will the location for a sawmill and brick-yards, to be utilized in the construction of the plant. It is believed that these plants will be located either at Prince George or very close to it.

SONS OF ENGLAND HAD SOCIAL NIGHT

Realized Neat Amount for Xmas Fund—Cards, Presentation and Dance

The Sons of England whist drive and dance in aid of the children's Christmas fund held last night in the Knights of Pythias Hall was a complete success both financially and socially. The affair was in the hands of the social committee of the Daughters and Maids of England and everything went off with despatch, the evening being voted most enjoyable by the sixty or more couples in attendance.

There were about 20 tables in the whist drive, and there were also a few tables of bridge. Mrs. S. A. Swanson and Mrs. J. G. Viereck tied for the first ladies' prize and on the cut Mrs. Swanson was awarded the prize. S. A. Swanson and J. Day Bell tied for the gentlemen's first prize, the latter winning on the cut. The consolation prizes went to Mrs. D. McCulloch and G. Wright.

Presentation

After cards, dainty refreshments provided by the Daughters and Maids were served and a presentation to Mrs. D. McCulloch, who was recently married, followed. She was the recipient of a beautiful cut glass fruit set by the Daughters and Maids of England. Mrs. E. A. Woods as president making the presentation.

The dance was much enjoyed by the strains of music provided by Miss Mabel Adams and James Kelly, the latter donating his services. Jack Cobb was the master of ceremonies at the dance and E. R. Tabrum was in charge of the whist. About \$50 was realized and this will go with a fund to provide a Christmas tree.

Then, a friend advised me to try 'Fruit-a-tives'. Now I am free of indigestion and headaches, the constipation is cured, and I have gained considerable weight; and my general health is fine.

'Fruit-a-tives' is a grand medicine and I cannot say enough in its favor."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

The Man in the Moon SAYS:—

THAT a good many men would be arrested if they preached what they practised.

THAT some girls go to church to sing hymns, other go to see them.

THAT Pattullo holds a meeting tonight at Terrace and Monday in the Westholme Theatre, Wednesday the ballots will talk much in the same strain.

THAT a lot of people missed a good deal of fun by not nominating themselves as candidates for office.

THAT it seems like a battle royal for third place between Capt. Freeman's candidate and C. O. Rowe's candidate.

THAT what everybody misses in this campaign is the rolling periods of the colliery editorials, with their delightful display of picturesque language.

THAT patriotism and politics have one thing in common, says Luke. They both begin with the same letter.

THAT it is in Manitoba, the some-day-bone-dry province, where they sing this:

"Sing a song of bootleg,
 Just a nip of rye;
 Four and twenty coppers
 Look you in the eye.
 When the court was opened
 The judge gave you the wink.
 Weren't you a lucky guy
 To land 'fore such a gink?"

THAT the old guard are sore at the Oliver Government for preventing the distribution of liquor in the little back rooms before election days.

THAT in order to attract a certain class of voters it is suggested that returning officer Mortimer should hang a mirror in each booth.

THAT lots of people make a living out of politics, but it is difficult to make a living if you are in it.

THAT among the many things that would get you anywhere is pondering over the fact that a bald headed man has to shave.

THAT the man who sits out the average political meeting is more of the hero than the man who went over the top.

Ten Years Ago in Prince Rupert

November 27, 1910

There is a strike at the Granby mines at Hidden Creek. When the company paid muckers and machine men \$3 and \$3.50 instead of the local rate of \$4 the men walked out, leaving only four working at the mine.

Contractor S. H. Watson appeared as complainant this morning in the police court against several Italian workmen of his grading gang who attacked him yesterday, cutting his head and otherwise treating him roughly.

"Coolgardie" Smith, hurrying to Vancouver on the steamer Camosun, has brought the good news from Stewart of a rich strike of ore on the Red Cliff mine.

The Citizens' League, which is opposing local option, has secured as its headquarters the rooms over P. Burns' store formerly occupied by the Prince Rupert Club.

Donald D. Mann has confirmed the newspaper report that his company is applying for a charter to build a railroad from Stewart to Edmonton.

In her trial runs on the Clyde the Princess Mary has run off fifteen knots.

Your Bed Pillows— Would You Like To Have Them Washed?

Bed pillows are seldom washed in many households—the same pillows are used through summer and winter, illness and health.

This often happens in the dwellings, too, of housewives who are justly proud of their home sanitation. Sweet, clean slips are used, but pillows nevertheless are frequently overlooked.

Why not send your pillows to us for a thorough cleansing? We bubble them up and down in pure soft water and fluffy suds. We rinse them time and again. Then we dry them quickly in fresh, warm air, and tumble them until they become delightfully downy once more.

It gives new life to the feathers, whether they be snowy breast feathers, or the less fluffy tail feathers. The pillow, too, is sterilized. Slumber becomes a new pleasure.

Send your pillows along next time our driver calls for your family bundle. Or telephone us and we will have our driver stop next time he passes your way.
