"If I Could Only Be Strong and Healthy Like Other Girls."

THIS is the longing of the girl who is pale, weak and anaemic.

She is lacking in energy and strength, and is so easily tired out that she does not feel like taking outdoor exercise or joining others in social gatherings.

The healthy, happy outdoor girls get in the way of leaving her to herself, and she gets lonely, discouraged and despondent.

The source of trouble is in the condition of the blood, which has become thin and watery, and utterly lacking in nutritive qualities.

The anaemic condition is shown in the pallor of the lips, the gums and the eyelids, as well as in the pale face and angular form.

Nature has provided for the purifying of the blood by having it sent to the lungs periodically to come in contact with the fresh air and take up new oxygen.

Unfortunately this plan of nature has been defeated by human beings living too much indoors and breathing over and over again the vitiated air of ill-ventilated rooms. This is the usual cause of anaemia, as well as a reason for its continuation.

The blood gets ever thinner and more watery, until the human system is literally starved.

The digestive system has failed, and your health must go naturally downhill until you can find some means of restoration.

Fortunately, Dr. Chase's Nerve Food furnishes the vital substances needed for regenerating the entire organism when in a run-down condition.

Gradually and certainly the building-up process is established, and the pure, rich blood created in the system carries health and strength to every part of the body.

Weakness and disease, the cause of discouragement, failure and unhappiness, give place to new hopes, new confidence and stronger determination to succeed.

The appetite is sharpened, digestion improves, and you find yourself enjoying your meals and taking a new interest in life. As you gain in strength and energy you feel encouraged to keep up the use of this restorative treatment until thoroughly restored to health.

The rosy cheeks and healthful appearance of people who have used Dr. Chase's Nerve Food is its strongest recommendation, and accounts for its ever-increasing popularity.

It is for sale by all dealers, 50 cents a box, 6 for \$2.75, or by mail from Edman, Bates & Co., Limited, Toronto. Look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy.

**Ten Years Ago

November 29, 1910

Headed by W. H. Montgomery and H. Douglas a group of shack-town residents have besieged the city hall to ask that they be allowed to remain on the G.T.P. reserve until spring. Ald. Naden gave notice of motion at a recent council meeting that they be ordered off the reserve.

Active campaigning for the British elections has commenced following the dissolution of parliament yesterday.

A son was born to Mr. and Mrs. D. G. Stewart yesterday.
