DAILY EDITION.

Tuesday, Nov. 30, 1920.

Vote Tomorrow
For Good Government.

Tomorrow the people of British Columbia are given an opportunity of saying whether they will revert to Bowserism and all that it stands for, or a continuation of sane and safe government under Premier John Oliver. There is no other issue. The petty independence cry and the Socialist flurry mean nothing. There is but one issue. If the Liberals are re-elected it will mean a continuation of the Oliver administration. If they are defeated, it will mean that Bowser will lead a new Government, which in every material respect will resemble the one that went out of power four years ago.

Camouflage of
Independents.

There is no such thing as independence in Government. There must be co-operation. Liberalism means co-operation for a definite purpose. The Liberal party is a loose organization to which anyone may belong who subscribes to the ideas and ideals of liberalism. The independent is one who is out for himself. He cannot work in conjunction with his fellow. He is an Ishmaelite. He may prepare an elaborate platform but he has absolutely no power to have its provisions carried out. There is no co-operative spirit behind it.

A vote for an independent means a vote against the present Government. The only reason there is an independent candidate in this city is because one man, with an overwhelming desire for public office, a hardy perennial in office seeking, places himself in the field without any backers except C. O. Rowe and F. S. Wright and by means of his newspaper is able to delude a section of the public and make them believe he is their champion. This is a clever trick, but unfortunately there are a few who fall for it. This overweening ambition of one man has made it impossible for the Conservatives to unite in any real opposition to the minister of lands and has prevented a proper discussion of the issues of the day.

Newton Doomed to
Political Extinction.

Newton is doomed to political extinction tomorrow. He cannot hope to win, but he has attained his desire, that of obtaining cheap notoriety and at the same time of revenging himself on the Conservatives who cast him out. The election campaign has been an interesting display of human nature. We should be sorry for the independent if we were not aware that he richly deserves the fate that awaits him.

Pattullo is the
Man of the Hour.

Pattullo is the man of the hour. Last night he dealt with the issues in a masterly manner and all the dirty tactics of a group of irresponsibles were unable to disturb him. He was master of the situation all the time. He will certainly be elected tomorrow and that with a substantial majority.

Burrough Showed
White Feather.

Burrough showed the white feather. He did not speak for himself at the meeting last night but gave way to Jack Kavanagh. He did not gain anything by this for Kavanagh had nothing new to say and the minister easily handled him. It was a pity this happened for people wanted to hear Burrough. He is a man for whom they have some respect, but they had none for the professional who spoke for him.

PRINCE RUPERT TIDES

Tuesday, November 30

High, 4:44 a.m., 20.2 ft.

Low, 10:27 a.m., 7.6 ft.

23:05 p.m., 3.7 ft.

Wednesday, December 1

High, 5:43 a.m., 19.7 ft.

Low, 11:28 a.m., 8.0 ft.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MINERAL ACT.

Certificate of Improvements.

NOTICE.

"Copper Cliff," "Copper Cliff No. 1," "Copper Cliff No. 2," and "Copper Cliff No. 3" Mineral Claims situate in the Naas River Mining Division of Cassiar District. Where located:—Kitsault River, Alice Arm. TAKE NOTICE that I, George A. Young, Free Miner's Certificate No. 36595-C, acting for myself and as agent for Joseph Wells, Free Miner's Certificate No. 40651-C, and Arne Davidson, Free Miner's Certificate No. 40628-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims. And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements. Dated this 6th day of November, 1920.

TIMBER SALE X 2219.

Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 9th day of December, 1920, for the purchase of Licence X 2219, to cut 2,322,000 feet of Spruce, Hemlock and Hemlock, on an area adjoining Lot 331—T.L. 10897-P, James Island, Range 3, Coast District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

TIMBER SALE X 1037.

Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 23rd day of December, 1920, for the purchase of Licence X 1037, to cut 2,080,000 feet of Balsam, Hemlock and Spruce, on an area adjoining Pulp Lease Lot 231, Poison Cove, Mussel Inlet, Range 4, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

TIMBER SALE X 2324.

Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 30th day of December, 1920, for the purchase of Licence X 2324, to cut 5,950,000 feet of Spruce, Cedar and Hemlock, on an area adjoining Lot 1936, Selwyn Inlet, Q. C. L. District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

TIMBER SALE X 2740.

Sealed tenders will be received by the Minister of Lands at Victoria, not later than noon on the 30th day of December, 1920, for the purchase of Licence X 2740, to cut 5,132,000 feet of Cedar, Spruce, Hemlock and Balsam, on an area situated on Samu Lake, Range 2, Coast District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

ELECTROCUTED
BY LIVE WIRESBoy Touched One in Basement of
House and Killed Instantly

NEW WESTMINSTER, Nov. 29.—Reaching to turn on the electric light while cutting kindling in the basement of his home, Roy Samphier touched a live wire and was killed instantly. He had been celebrating his sixteenth birthday and was the only son of a widow and was the only son of a widowed mother. His father was killed overseas.

Mining News

TULAMEEN PLATINUM

If the expectations of Robert Stevenson, one of the oldest prospectors of the Cariboo district, are realized, British Columbia will have a platinum mine beside which the deposits of the Ural mountains will fade into insignificance. According to Mr. Stevenson's story, in the Princeton Star recently he discovered a vein of platinum four inches wide and thirty feet long in a canyon at the headwaters of the Tulameen River forty three years ago. When he made the discovery there was a thousand pounds of platinum in sight, but then it was worth only 50c an ounce. Now it is worth \$100 an ounce and since the increase a high water year came and buried the deposit with trees and a landslide. For years the prospector has worked on the uncovering of it and is now but seven feet from the body. He expects to uncover it soon and come out a wealthy man. According to Mr. Stevenson he is the only man alive who knows about the vein.

Model Town

Another model mining town is being established by the Coalmont Coal & Coke Co. at Coalmont on the Kettle Valley Railway, a few miles west of Princeton. The Coalmont company is opening up coal mines in this vicinity and the installation of an aerial tramway and power plant will soon be completed. Most of the equipment is already on the ground. In addition to running the mine operations the power from the plant will supply the power and light of the town and a water system will be put in for domestic purposes. Housing and living conditions for the employees both at the mine and the town are pronounced very good. Six large motor trucks are kept busy hauling lumber to the mines from a nearby sawmill.

Great Districts

The Similkameen and Atlin mining districts have probably been the most active in British Columbia during the season just closed. Great promise is shown in both districts and while some of the older mining belts have been declining both these seem to be rapidly advancing forward. In the Similkameen the Great Copper Mountain properties have just been connected with the Kettle Valley railroad and at Coalmont coal mines are being developed. There are also other bright prospects. The Similkameen country has come to life as a result of the opening of that country by the Kettle Valley Railroad a few years ago. Since that time the big properties have been developed and opened up. Next year the Copper Mountain will become one of the world's largest copper producing plants, rivaling Anyox and Britannia.

Soldiers' Strike

A find of silver ore in the Kitsault district, not far from the Dolly Varden claims has been reported by Wm. Walker and F. C. Roberts according to papers from the south. This is one of the parties grubstaked during the season as a result of the special Provincial legislation enacted at last session. The ore is said to be gray and ruby silver in an andesite similar to the Dolly Varden. The claims are known as the W. and R. group and are only half a mile distant from the Moose property. During the winter the soldier partners are going to work in Vancouver and expect to interest capital to enable them to go ahead with aggressive development work next season.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that P. W. Hacey, agent for the Moose Group Mining Syndicate, whose address is Alice Arm, B. C., will apply for a licence to take and use one-quarter of a cubic foot per second of water out of Moose Creek, which flows southerly and drains into Trout Creek, about at its junction with the Kitsault River. The water will be diverted from the stream at a point about 2,000 feet north of the Trout Creek falls at a point on the Moose No. 6 Mineral Claim, and will be used for domestic purposes upon the mine described as the Moose Group.

This notice was posted on the ground on the 14th day of September, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Commissioner of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

By P. W. Hacey, Agent.
 The date of the first publication of this notice is November 15, 1920.
