DAILY EDITION.

Thursday, Dec. 2, 1920.

Glorious Victory
Seems Complete.

It was a glorious victory. So far as can be seen Liberalism has triumphed. The north went solid for the big Liberal four and as a result the influence of the north will be great in the Government for the next few years.

Hon. T. D. Pattullo and Alex. M. Manson have both justified themselves in the eyes of the electors and will have an opportunity to carry on. Perry wrested Prince George from the Conservatives and Kergin retained Atlin for the Liberals.

The minister of lands by his fearless attitude and frank stand on public questions made a great impression throughout the north and his influence was powerful in winning the seats.

It must not be forgotten either that John Oliver was the magnet that attracted many. The people in most cases were inspired by the valiant fight he has put up for good government in this province and were determined to stand by him.

While local prejudices influenced the vote in some of the smaller constituencies, it is evident that wherever there was a chance to realize the issues and to get away from petty politics, the Liberals were given heavy support.

The Thing to Do
Is Work Together.

The thing to do now is get busy. We have had our fight, and we are not gloating over much. The people won, not the Liberals. The victory is for democracy and good government as opposed to reaction on one side or Bolshevism on the other. What the people ask is for consistent progress. Steady betterment of conditions and not freak legislation is the goal. Now there will be an opportunity for the Liberals to carry on their work, with a small majority perhaps, but with enough to enable them to make good.

In the north great things should happen within five years. The future is ours. We have made a good beginning. The people are looking to the fertile valleys along the G. T. P. to make homes and soon they will be looking even farther north to the valleys of the Naas and the Peace. Farmers will till the soil, miners will delve into the bowels of the earth, and the rivers will give of their fish and the timber will be sawn into lumber or ground into paper. The north is pregnant with possibilities. Every man and woman should be proud of the prospect.

Why be a Red
With Such an Outlook?

Why should there be Reds in a country like this? In the effete east under crowded conditions, it is easy to understand how the men and women who fail become uneasy and ask for better opportunities. Here, however, every man and woman has a chance. Why grovel and grumble when any man can get out and make good if he only tries. New towns are being opened up, new valleys are ready for the would-be land owner, new territory is awaiting the prospector. Work is the key that unlocks the chest which holds the gold. Sitting down and grumbling and drinking beer will not get us anywhere. Declaring about the capitalistic system will not make for advancement. The gradual improvement of conditions, the energetic development of the country and the determination to make the best of one's own life is the only salvation of the country. Let us forget our pettiness for awhile and get to work. There is plenty to do.

Low, 1:04 a.m., 6.3 ft.

14:06 p.m., 7.9 ft.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

ALL ABOUT ANIMALS—
AND "HUMANS"

From Literary Digest "Topics of the Day."

The Darwinian theory of our origin is often the topic of considerable debate. Whether or not "humans" are descended from the ape does not worry people greatly. One thing is sure that we all possess a sense of humor. All enjoy the witty writings about "humans" and animals and what not, screened in theatres throughout America in "Topics of the Day" films.

Ten Years Ago

Several leading citizens of the Queen Charlotte Islands are in the city to air grievances against the government in regard to the staking of coal lands on the Islands. They hint the belief that the government is in league with the stakers.

The launch Kayex went out to Lawyer Island yesterday to fetch Dr. Tremayne, where he has been stormbound attending a case.

E. C. La Trace is to put in plank roadway for the city on Fourth Avenue between McBride and Hays Cove Circle. Eighth Avenue between Fulton and Junction of Ninth, Eighth and Comox Avenues will be graded by L. Bressy & Co and the plank road will be put in by J. Gillis. P. McCloskey will do the work of both grading and planking Ambrose Avenue. The contract for the grading of Section C, Third Avenue, has gone to Kelly and McGinnis.

Russell & Russell, the Vancouver law firm, has been instructed by six members of the South Fort George Townsite Co. to institute libel proceedings against J. P. McConnell, editor of the Saturday Sunset, for \$10,000 each. The plaintiffs are Nick Clark, W. H. Luke, J. A. Kirkpatrick, George B. McLaughlin, W. S. Fry and B. A. Laselle. The alleged libel is that McConnell referred to the townsites promoters as "Bootleggers, friskers, tin-horns and fourthflushers."
