GERMAN PROFESSORS WISH TO FORGET WAR

Issue Signed Statement in Reply to London Times

BERLIN, Dec. 3.—Ten university professors, who are members of the Reichstag, have decided on the following reply to the manifesto recently sent to Germany by a number of professors of Oxford University:

The undersigned German university professors in the German Reichstag, even after taking cognizance of the statement of the Vice-Chancellor of Oxford University, believe that they are speaking in the name of German science in replying to the letter of the Oxford professors published in the Times on October 18 in the same spirit in the following way: Science knows only one aim—namely, the search after truth. It requires for the performance of this one task the common labor of all, regardless of national boundaries. The world-war interrupted this joint labor and dissolved many personal ties. We are ready to resume these connections and by common labor relegate to oblivion everything offensive, spoken or written, in both camps. Our hopes are set on the future. Our tasks, after the bitter experience of mankind in the past, are greater and more urgent than ever. May scientific work contribute to the promotion of the spirit of justice and conciliation in a mutual national respect, without which the reconstruction of the shattered world is impossible.

This statement is signed by Dr. Beyerle, Graf zu Dohna, Goetz, Kaas, Kahl, Moldenhauer, Radbruch, Reiser, Schrieber and Shycking.

REFORM IN INDIA

Protest Made by National Liberal Federation at Bombay

LONDON, Dec. 3.—The Indian Reform Committee have received a telegram from the President of the National Liberal Federation of India, the central organization of the Moderate party, in which it is stated that:

The Council of the National Liberal Federation of India met at Bombay on October 31 and the following day, under the presidency of Sir P. S. Sivaswamy Aiyar, a former member of the Madras Executive Council. A resolution was adopted unreservedly condemning the non-co-operation movement as fraught with danger to the best interests of the country and bound to lead to lawlessness. The Council affirmed its faith in constitutional effort as best calculated to facilitate the development of sound national life and the early attainment of self-government and expressed disapproval of any form of agitation which tended to undermine respect for law and order and to accentuate racial hatred.

A protest was recorded against the failure of the Government of India to impose adequate punishment upon the officers who practiced oppression during the period of martial law in the Punjab and also against the burking of discussion in the Imperial Legislative Council. The unsatisfactory which was being followed with regard to the Punjab disturbance was largely preventing due popular appreciation of the reforms.

SOMETHING ABOUT FEATHER PILLOWS

What is more unsanitary than a Feather Pillow? Did you ever stop to think how careful you are to put nice clean pillow slips on to those same old pillows? They are handed down from one generation to another with nothing more than an occasional airing.

We wash your Feather Pillows without removing the feathers, and dry them with warm air and constant agitation in our new Hot Air Dry Machine, which thoroughly sterilizes and renders them soft and fluffy.
