DAILY EDITION.

Saturday, Dec. 11, 1920.

Will be Missed From the City.

Many people, when they leave, are missed because they are of the spectacular kind, people who are before the public a good deal. There are always dozens of people of the quiet unassuming kind, however, whose going is not marked with as much gush but who are really missed even more than their more widely known fellow citizens. Mr. and Mrs. R. L. McIntosh are of the unassuming kind. Mr. McIntosh has already gone and Mrs. McIntosh will follow soon to live in Toronto. The Red Cross Society expressed very ably its appreciation of the work of Mrs. McIntosh in connection with the work of that organization, in the time of dire need when the nation was at war. The Daily News would like to add its quota of regret at Mr. and Mrs. McIntosh leaving. They will be missed a good deal and the hope is very generally expressed that they will return in the near future.

Lynching a Very Dangerous Practice.

Three men were lynched in California yesterday. They were taken from prison and hanged on a tree without the formality of a trial. They were murderers and deserved the fate they met, but the method of enforcing the moral law in this case was bad. To break the law in order to enforce it is at any time bad practice.

There is a law in the state of California for the punishment of such evil doers. If it is not effective, it is time the people of the state made it so. In view of that it is in the interests of justice to allow the law to take its course. There is always the possibility of some innocent person being punished under lynch law, where the guilty are punished under the passion of the moment. Mobs can easily be roused, often against those who are innocent. It may be that an innocent person happens to be in company with a criminal at the time of the trouble and he is at once adjudged guilty and punished. There is no opportunity given to explain or to prove the innocence. Many a person has swung to a tree for the crime committed by another person.

The first step in preventing the application of lynch law is to insist that all laws be enforced, even against lynchers. If there is a wholesome dread of the law, there is no need for individual action. It is only where there is danger that the prisoner may not get his deserts that action such as that taken in California is excusable.

Irish Question in Centre of Stage.

The Irish question still occupies the centre of the stage. It is the most difficult question there is. Of course those who see only one side think it is easy, but it is not. It is to be hoped, however, that something will be done before Christmas to stop the internecine warfare which has been going on so long, and which has aroused strong partisan feeling in many countries outside of Ireland and England.

Lloyd George has been able to settle a good many questions. His influence still seems to be the most potent there is in the old land. If he can crown his work by the settlement of the Irish question, he will have made himself a niche in the hall of fame which will be as permanent as history.

Only Country Not in League of Nations.

The United States is the only important country that is voluntarily remaining out of the League of Nations. There are big questions being discussed, not effectively perhaps, but all the same being discussed with the object of trying to provide an amicable settlement. Germany is anxious to go in, but has not yet been admitted. Because of the failure of the U. S. to become a participant, the American view has to be presented through the Canadian delegation, and that gives the Canadian members and their opinions an added importance. They do not act either officially or unofficially for the sister country, but they are looked on as representatives of a country holding similar and sympathetic views and their opinions are considered accordingly.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Pius IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.

21 p.m., 4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

The Man in the Moon

SAYS:-

THAT the fear is expressed that some of the new directors of the exhibition association may contract the habit of saying "let George do it."

THAT anyone who attends an exhibition meeting can soon find out how not to do things.

THAT if they let George do all the work, the other directors should have a "perfectly heavenly time" as the ladies say, with the presence of love and a harper.

THAT Ketchikan has a "Can't Agree Club" composed of girls and it would not be difficult to arrange one here with male membership.

THAT Sir William McKenzie is good at unloading. Everyone remembers how he unloaded his C.N.R. debts on the Government and got ten millions for them. Now he has unloaded some eastern interests for something over thirty-two millions. If Sir William goes on like that he will some day be a rich man, unless his personal expenses are inordinately high.

THAT Sir William is said to still stand in well with the Tory Government at Ottawa.

THAT the key to almost everything governmentally is the favor of the railway magnate.

THAT he has to say the word only and ministers act, legislators squirm and officials bow.

THAT it is said that Sir William's earning capacity almost equals his yearning capacity, but not quite.

THAT the excuse for the Ottawa Government being in office is that there is to be a census next summer followed by a redistribution of parliamentary seats. The reason for their being in power is the size of the sessional indemnity and the cool appearance of the opposite side of the house where they expect to sit after the election.

THAT it is rumored that Mr. Meighen was asked by a delegation why he still occupied the treasury benches in the House. He immediately broke into song and the tune was the old college ditty, "We're here because we're here."

THAT Premier Oliver is a busy man these days and he has to keep an eye on that little majority for fear it may slip out of sight.

THAT when asked about it, he said it looked big enough to him and he did not see any signs of shrinking.

Ten Years Ago in Prince Rupert

December 11, 1910

Ald. F. H. Mabley, mayoral candidate, has come out clear in favor of the license system as against the Scott Act. He stated his stand at a meeting in the McIntyre Hall last evening. Dr. W. B. Clayton and Wm. Blake, more also spoke favoring licenses. Ald. Dr. A. A. McIntyre was chairman.

Dr. Spencer and C. W. Peck spoke at a meeting in the Empress Theatre last night favoring the Scott Act. G. R. Naden was the chairman.

One of Lindsay Bros.' big truck teams bolted from Fulton Street to the junction of Second Avenue this morning and caused quite a disturbance on Third Avenue. They were stopped at the junction by Geo. Eckerman.

A fine case of ore specimens has been donated to the Prince Rupert Club through the courtesy of D. A. McKinnon. It includes ore from the Hazelton and Portland Canal sections, among the mines represented being the "Lead King," "Silver Cup," "American Boy" and "Canadian Boy."

The fisheries protection cruiser "Kestrel" is in port today. She reports that American poachers are now busy off Sidney Island. The new cruiser Rainbow is being sent North to effect their capture.

Ensign Johnston and Lieutenant Wright, of the Salvation Army, are inviting all the children in town to join the "Band of Love."
