

Your Bed Pillows— Would You Like To Have Them Washed?

Bed pillows are seldom washed in many households—the same pillows are used through summer and winter, illness and health.

This often happens in the dwellings, too, of housewives who are justly proud of their home sanitation. Sweet, clean slips are used, but pillows nevertheless are frequently overlooked.

Why not send your pillows to us for a thorough cleansing? We bubble them up and down in pure soft water and fluffy suds. We rinse them time and again. Then we dry them quickly in fresh, warm air, and tumble them until they become delightfully downy once more.

It gives new life to the feathers, whether they be snowy breast feathers, or the less fluffy tail feathers. The pillow, too, is sterilized. Slumber becomes a new pleasure.

Send your pillows along next time our driver calls for your family bundle. Or telephone us and we will have our driver stop next time he passes your way.

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

Mrs. John Miller, Minburn, Alta., writes:—"I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 35c. and 60c. a bottle; manufactured only by The T. Minburn Co., Limited, Toronto, Ont. Adv.

SUSPEND ROYALTY ON COPPER ORES

Government Notifies Flin Flon Syndicate of Action Extending Ten Year Period

LE PAS, Manitoba, Dec. 12.—Following representations which have been made to the Ottawa Government, the Flin Flon Syndicate have been advised that the Federal Government has agreed to suspend the royalty on copper ore for a further period of ten years. This action on the part of the government it is believed will give an impetus to the development of copper producing areas.
