Pacific Milk

Makes Butter

Several have asked that the recipe for making butter be repeated as they missed it. Empty 1 small tin of Pacific Milk into a saucepan. Heat it to the boiling point.

As it cools, about lukewarm, add ¼ pound of butter. Allow this to melt. Add a pinch of salt.

Then beat it until cool and put in the refrigerator or out-of-doors to set.

CONSTRUCTING FACTORY FOR CURING SALMON

The following from one of last week's issues of the Portland "Oregonian" will be of interest to the many friends of J. A. Thompson and J. F. Matheison, late of the Cold Storage Company here:

"Erection of a modern fish smoking and packing plant establishment in Portland was made known yesterday with the completion of arrangements whereby J. F. Matheison and J. A. Thompson, fish packers of Prince Rupert, Canada, obtained a five-year lease on the old Mount Hood brewery property on the East Side, with option to buy. Leasing arrangements were concluded by Leon H. Bullier of the E. E. Taylor company, who announced the transaction. Work on remodeling the plant to fit the needs of the industry and in erecting additional buildings and installing machinery will start tomorrow, it is announced.

Mr. Matheison and Mr. Thompson, who have had nearly 20 years experience in the fish industry at Prince Rupert and elsewhere, will establish their headquarters in Portland, they announce, and from here will send the product already well known in Canada, throughout the country. The property over which the men obtained control is located at the corner of East Ninth and Marion streets, and measures 400 by 200 feet. It is owned by S. W. Peterson, who is making the alterations to suit the new tenants.

Fish from Astoria and lower Columbia river points and from Puget Sound will be used at the plant, and during the run of chinook salmon the plant will expend all its energies caring for these fish alone. Dried, smoked and salt fish will be turned out, the smoked fish being prepared under a new system, which, the packers claim, will produce a superior article.

It is expected the plant will be in operation within a month, and it will employ, it is said, between 30 and 40 people to begin with, enlarging the forces as the business expands.

The Aftermath of The 'Flu' Epidemic

Reappearance of Many Cases Leads to Discussion on Subject.

The reappearance of the "flu" at many points brings up the old question as to whether it is a new disease or a new form of some very common ailment. The general consensus of medical opinion is that it is a germ disease of a virulent type which first attacks the membranes of the nose and throat and then spreads to some vital organ where it develops very quickly and does fearful work.

The symptoms of "flu" are about the same as those of a cold in the head, and for that reason it is now positively unsafe to allow a cold to go without attention. Treatment should be started as soon as the head starts closing up, the nose starts running or the sufferer starts sneezing. Let these conditions run for 24 hours and acute trouble is liable to develop, possibly resulting in an attack of pleurisy, pneumonia or kindred ailments.

If Grip Fix is taken when the cold is starting relief may be expected in a single night. Even if the cold has reached the gripe stage, 48 hours' treatment is usually effective. Grip Fix contains nothing but the drugs your physician would order, a full list of which is given on every box. It comes in capsule form, and in a night will relieve the closed up condition of the head, the fever, the muscular soreness and tone up the system.

Be prepared. Have Grip Fix in the house. Be sure to get the original Reid's Grip Fix. It's on sale at all druggists at 35c per box. Vancouver Drug Co. Limited, Special Agents.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
