Much Interest

In Prince Rupert.

In Victoria everyone takes an interest in Prince Rupert. It seems curious too that almost everyone one meets around the Government Buildings reads the Daily News, for it is quoted quite often. So little has been heard of the shipbuilding operations of late, however, that everyone asks if work is really being continued.

Re Application No. 10493-I. File 6072.

TAKE NOTICE that application has been made to register John H. McMullin, official administrator of the estate of S. E. Stebare now taking the port seriously as something to be reckoned bins, deceased, intestate, as owner in under two Tax Sale Deeds from the with, and never a word of hostility is heard anywhere. Everyone lector of the City of Prince Rupert, bear ing date the 28th day of November, 1917 wants to know and a good many crack a stale joke over weather of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying conditions. We must, however, get away from the idea that the and being in the City of Prince Rupert, southern cities are hostile to us. There must be some business Lot ten (10), Block sixteen (16), Section interests that object to our grabbing their trade, but beyond that (31), Block thirty-four (34), Section (8), Map 923. You are required to the feeling is that we shall be able to co-operate with them in contest the claim of the tax purchaser the development of the Pacific Coast and that there is plenty of room for all, with plenty of business for everyone to do.

New Planing Mill Will Operate Soon.

On the way to Vancouver from Prince Rupert Mr. Whalen of the Whalen Pulp & Paper Co., Ltd., of Swanson Bay, told the Daily News editor something of the plans of his company in connection with Prince Rupert. His company is interested in the new planing and shingle mill being erected adjoining the drydock and he says it should be running in less than a month from now. This will prove of great value to the city and will help to stabalize business by providing a regular payroll independent of the fishing and shipbuilding. The more varied our interests the more steady will business be.

Mining Flurry is Expected in Spring.

Everyone at Vancouver and Victoria is looking forward to a mining flurry at Stewart and Alice Arm in the spring. The only question seems to be as to how many thousand people wil be at the mining camps before the next season is over. Everyone lands in the name of the said Official Administrator unless you take and prosecute seems to know of the Salmon River district and especially of the claim, if any, to the said lands, or to pre-Premier Mine, but many do not realize that it is so near to Prince Rupert and that much of the business will have to pass through this port.

All Are Boosters. In a conversation with the city librarian at Victoria recently Miss Stewarf said that what impressed her was the fact that all Re Application No. 11318-I. File 6,259. F. M. C. No. 31018-C, agent for B. the residents of Prince Rupert were boosters for their own city.

Miss Pillsbury had called on her a short time before and had owner in fee under a Tax Sale Deed from the Collector of the Colle filled her up with the special virtues of the place. What she bearing date the 23rd day of October, 1919 wanted to know was whether all these things were really so. or tract of land and premises situate, She seemed to think that all the Rupert people were perhaps ing, and being in the city of Prince Rupert, more particularly known and described as carried away voth their own enthusiasm. When given facts and Section Five (20), Block thirty-seven (37) figures and what the map was used to show how the port was at of the tax purchaser within 35 days from the very centre of things and that the influences now at work (which may be effected by publication in were bound to be effective, she admitted that there was reason your attention is called to section 36 of the for the faith Repert people have in their own city.

The same is true to some extent everywhere. It had got abroad a few years ago that Prince Rupert was languishing and that the place had a population of something like 2,500 to 3,500. That idea is being corrected and the real truth is becoming known.

112 HAZEN ST., ST. JOHN, N. B. "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine "Fruit-a-tives", made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried "Fruit-a-tives".

After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.
