

SAVE YOUR SIGHT

EYESIGHT—"the most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

TOO COSTLY TO MOVE CITY WATER MAIN

Council Sends Request Back to School Board Explaining High Cost.

The request of the School Board presented at last night's council meeting for the removal of the water main crossing the new Hays Cove Circle school site, where the new school is to be built, was the cause of considerable discussion among the aldermen. It was finally decided to report back to the school board immediately explaining the large expense, \$7,000, that would be entailed in changing the sewer when the putting of the school to one side or the other of the line in the large circle would avoid the extraordinary expense.

The city engineer was at the meeting and explained the heavy cost that the proposed change would mean. At the present time the line runs through the centre of the circle so that any change would mean that more 18-inch pipe would be required. There is none of this available in the city and it was selling at a very high price. The change would also mean new connections while the change was being made. It was the opinion of the city engineer that the building could be easily placed to one side.

FORWARD MOVEMENT GETS GOOD RECEPTION

Opening Meeting Held in Anglican Church Last Night Before Good Crowd.

The first meeting in connection with the local Forward Movement was held in the Anglican Church last evening. There was a record attendance and the hall was filled. Organizers of the revival campaign were much pleased at the great reception accorded the first meeting and take it as a good augury for future meetings.

Rev. Dr. H. R. Grant, Presbyterian minister, and Mrs. Holmes of the Methodist Church, were the speakers of the evening and all the members of the local clergy assisted in the services. Tonight the meeting will be held in the Baptist Church with Canon Rix and a layman of the Presbyterian Church the main speakers.

GOLD PRODUCERS TO BE RECOMPENSATED FOR LOSS THROUGH EXCHANGE

(Special via G.T.P. Telegraphs.)

VANCOUVER, B.C. Jan. 5.—Gold producers in British Columbia are to be compensated in part for the fall in prices recently caused by the discontinuance of payments at the value of New York funds. The Board of Trade has received a wire from T. C. Boyle, deputy minister of Finance to the effect that five per cent over and above the present value of gold in this province will be allowed by the government. The result in the fall in the price of gold was the closing of the gold mine at Hedley, B.C. The board had received representations from other mines that they were facing the possibility of closing down as the result of the situation.

CARGO SHIFTED AND VESSEL WAS BEACHED

"Chilliwack" Had Trouble on Last Trip South and is Now in Marine Ways.

The steamer "Chilliwack" is undergoing repairs at the B.C. Marine Ways at Vancouver. On her last trip south, Captain Chas. Smith was forced to beach his vessel on account of a shift of the cargo of gold ore which had been loaded at Surf Inlet. After the cargo had been trimmed, the vessel went on to Macoma where it was unloaded thence proceeding to Vancouver for examination.

NEW SHOW TONIGHT AT THE WESTHOLME

Constance Talmage starring in "A Lady's Name" is the attraction tonight at the Westholme Theatre along with a fine two-reel Keystone comedy and the British Government Gazette. The tale is of a young woman novelist who advertises for a husband. She intended to study the applicants as they arrive, but events do not turn out exactly as she expected and they lead to all sorts of things. The beauty of this play is its unexpectedness.

PROSPECTORS' ASS'N. HAS BEEN FORMED

VANCOUVER, Jan. 5.—The British Columbia Prospectors' Protective Association was organized here on Saturday and committees named on constitution and resolutions. Among the latter will be one recommending the re-opening of crown granted claims which have been allowed to remain idle for five years, the government establishment of a sampling and testing plant, and special freights on small ore shipments.
