THE INTER-CHURCH FORWARD MOVEMENT

Series of Meetings Held This Week Well Attended and Most Successful.

The Forward Movement campaign which has been inaugurated by the inter-denominational churches has continued this week with remarkable success. All the meetings have been well attended and most enthusiastic. The meeting tonight will be the last of the evening meetings this week and tomorrow in the afternoon Bishop Du Vernet will address the ladies of all the congregations.

Dr. White, superintendent of Methodist Missions, who is taking part in the campaign in this part of the province, leaves today for Port Simpson, if the weather will permit, and after meetings there, will proceed to Anyox.

In addition to the spiritual quickening of the congregations, the ultimate union of the different denominational churches is not being lost sight of.

THE DRYDOCK STRIKE

Committee of Strikers to Wait on Company This Afternoon; Men Will Resume Work Pending Result.

A meeting was held last night of the laborers, steelhandlers and helpers working at the drydock, when it was decided to request 65c. per hour with the prevailing overtime rates. A committee composed of two of the striking laborers, and one each of the steel handlers and helpers, together with S. D. MacDonald, representing the Trades and Labor Council, and D. S. Cameron; the O. B. U., was formed to meet the company officials this afternoon and negotiate a settlement of the differences.

Pending the result of this meeting, it was agreed that the men return to work, and the majority of them started in this morning.

THE FORWARD MOVEMENT

The Forward Movement Campaign will be continued tonight by a meeting to be held in the Presbyterian Church at 8 o'clock. P. H. Linzey of the Baptist congregation and the Rev. T. H. Nuttall of the Methodist Church will be the speakers.

FISHERIES DELEGATION SATISFIED

Mayor McClymont and M. P. McCaffery Express Gratification At Outcome of Delegations' Efforts at Ottawa.

Yesterday the delegation which the city sent to Ottawa regarding the changes desired in the fisheries regulations, returned to town after being away for several weeks. Colonel Peck, the member for the district, expressed himself at the meeting of the G. W. V. A. as more than satisfied with the success attained. M. P. McCaffery, another member of the delegation, when seen this morning coincided in his expression of gratification. "It is the most satisfactory," said Mr. McCaffery when seen this morning, "in that we have been fighting for these changes for a number of years. Great credit is due to Colonel Peck, our member of Parliament, and his being on the delegation was invaluable in obtaining the results secured. At the same time another citizen of Prince Rupert must not be forgotten, who although not one of the delegates, has fought for these reforms tooth and nail for the past ten years, and that is G. W. Nickerson. In season and out, he has advocated these changes, and when others had practically given up the fight, he never lost his enthusiasm. Any British subject can now compete with the present cannery firms, who no longer have a monopoly in their business, and likewise can obtain a licence to fish for salmon on the rivers, without having to go to the canneries to get it."

The Mayor's Report.

Mayor McClymont is also well pleased with the success of the mission and said:

"The cannery monopoly has been broken by the orders-in-council that our delegation has succeeded in having passed. The law passed three years ago that no canneries would be built for five years has been cancelled and, moreover, anyone can now build a cannery. The result is that operations on three new canneries are to commence almost immediately on the Skeena River which will probably be ready for next fishing season.

"Any person, provided he is a British subject, may now obtain a gill net license and there will be no limitation outside of the fact that the license holders must be British subjects. One thing that the delegation was not successful in getting was the use of gas boats in fishing on the Skeena River.

"On the whole I am very well pleased with the results of our mission as they have exceeded our expectations. The new orders will mean a more progressive and fair fishing industry on the Skeena River with British subjects reaping the benefits."

The arrest was made shortly before Christmas by Constable Scarlett and the complete outfit for the making of "moonshine" was found. Magistrate McMullin imposed a moderate fine but stated that if any other cases of this kind appeared from this quarter the stiffer penalty would be inflicted.
