Settlement in the Interior Districts.

Although there is little evidence available to the average man in the street, very great progress is being made with the settlement of the interior districts, particularly along the line of the railway, between here and Prince George. Quite a proportion of the immigration has come from the east and this coming spring should see a very much greater number of people engaged in the development of the land than ever seen before. Crops of many kinds could be produced which ought to find a market in Prince Rupert. Cheap freight rates would stimulate production in the interior and at the same time keep money in the district which at present finds its way south. There seems little sense in sending to California for vegetables when they can be produced in the Bulkley Valley.

A Stimulus to Home Production.

The threatened layoff of several hundreds of workmen in the Vancouver shipyards on account of the shortage of American steel plates brings home to us forcibly the dependent position we are in B. C. And the same thing may happen to Prince Rupert any time. Although British Columbia is probably the richest portion on the Continent in mineral ores, including iron and coal, we have to depend on Pennsylvania for our supplies of plates wherewith to build our ships. Access is comparatively easy to our immense deposits of iron and coal, and the continued success of the shipbuilding industry in this province will depend upon their exploitation in the near future. With British Columbia smelting her own ores and rolling her own plates, with a short haul to her shipyards, there need be no fear for her future so far as shipbuilding is concerned.

Revolutionaries Have Hard Time in County Jail.

There is a distinctly humorous aspect in the account of the riot at the Chicago County Jail, when the "respectable prisoners" led by auto bandits and jewel thieves attacked the radicals who had been rounded up by the Washington authorities. A jewel thief or an auto bandit may still be a patriot and as such, "respectable," though a prisoner. And the patriotic thief has apparently no manner of use for the Bolshevik, who would betray the country whose hospitality he enjoyed. Yet the difference between the two is only in degree. The jewel thief would steal from the individual, while the Bolshevik would steal from the whole race.

Politicians in the United States are still guessing as to whether President Wilson intends to be a candidate for his third term of office. Several others have ambitions in the direction of the White House, and these gentlemen are being held up in their arrangements until the President indicates his course of action. Added to his other fifteen best known characteristics, his fourteen points and his smile, the President has the faculty of keeping his own counsel.

The new type of aeroplane travelling between London and Paris daily is becoming very popular. The passenger accommodation is equal to that of the standard Pullman. Proved to be commercially successful in the more populous districts, it is but a matter of time until a transcontinental service is put on, cutting down the time between the Atlantic and the Pacific from five to two days.

The Prince Rupert Symphony Orchestra are continuing their good work in providing high class programmes for the citizens. Since their performances started, quite a stimulus has been given to the study of music, which subject is sadly neglected in the public school curriculum. It is up to the citizens to support the Symphony Orchestra at their fifth concert on Sunday night.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."
