

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

The Man in the Moon SAYS:

That "that man Perry" can make the School Board take notice of him, anyway.

That the School Trustees are in a position similar to that of "the old woman who lived in a Shoe."

That Sixth Avenue is the longest and the widest of the avenues and cannot help becoming the main artery of the city—in time.

That it is the direct route to Sections 7 and 8 and will eventually be cut through Hays Cove Circle.

That they might as well leave the water main where it is.

That two hydrants on Hays Cove Circle are better than one hole.

That the "respectable prisoners" in the Chicago County Jail displayed their patriotism in their own way when they beat up the Reds.

That a great deal of temptation is removed from the man who lost the contents of his trunks in the baggage room.

That all the spice is gone out of municipal elections.

That a well known hotel keeper has been asked to stand for the mayoralty.

That a well known coal merchant has been asked to stand for the mayoralty.

That Toronto, Ottawa and Vancouver have re-elected their mayors.

That there must be a good reason for such action by the rate-payers.

That the Prince Rupert voters are as wise as most.

That the S.S. Saturnia with

COLDS SOW SEEDS OF LUNG TROUBLES

Pleurisy, Pneumonia, and
Even T.B. Often Follow
When Colds Are
Neglected.

Everybody dreads lung trouble. We shudder when we hear of the dreaded T.B. We are afraid when we hear talk of the possibility of pleurisy or pneumonia. Any disease which affects the lungs is serious.

It is well to bear in mind that every person who neglects a case of common cold is paving the way for a possible attack of lung trouble, which may quickly develop into an acute stage or a chronic form.

"Start treating a cold just as soon as it starts" is a medical maxim the public should observe. Two capsules of Grip Fix, taken at intervals of two hours will usually give relief in three doses. If the cold is deep-seated or has reached the grippe stage it takes a little longer, but in a career of over ten years, Grip Fix has established a record of giving relief in a night.

Grip Fix is not a patent medicine. It is a combination of just the drugs physicians would prescribe, and these are plainly noted on every box. If you are in doubt, ask your family physician. In buying it, however, be sure to get the original Redd's Grip Fix, which comes only in capsule form.

Grip Fix is sold for 35 cents per box and may be obtained at all druggists.

60,000 cases of Scotch whisky came from Glasgow where Canadian rye is alleged to have played such havoc.

That her cargo exemplifies "returning good for evil."

That the plans for the new school are now on view, after they have been accepted by the trustees.
