Dempsey and Carpentier Agree to
Terms of Coffroth Offer;
Governor Assents.

(Special via G. T. P. Telegraphs.)

SAN DIEGO, Jan. 10.—James W. Coffroth, the boxing promoter, and Jack Kearns, manager for Jack Dempsey, will meet here in the near future to make arrangements regarding the proposed bout between Dempsey and Georges Carpentier at Tijuana, Lower California. Kearns has agreed to Coffroth's offer of \$400,000 provided that Dempsey's share will be \$300,000. The promoter says that Carpentier's manager has accepted the offer under these conditions and he considers the negotiations practically settled. The managers will now have to set a date for the engagement which will be watched by the eyes of the world.

MEXICALI, Lower California, Jan. 10.—Governor Esteban Cantano has signified his willingness of having the forty-five round bout between Jack Dempsey and Georges Carpentier for the world's heavyweight championship title fought at Tijuana.

CHIEF NEYASNEQUALK ELECTION CELEBRATED BY KITSSELAS INDIANS

Grand Banquet at Kitselas to
Celebrate Public Acknowledgment
of New Chief.

The new K. Y. P. A. hall at Kitselas was the scene of much festivity last Monday when the Kitselas band of Indians gathered to do honor to their new chief, Richard Cecil. The celebration took the form of a banquet, prepared in first class European style by the Indian women, and many visitors were present as well as the members of the village.

The Rev. T. J. Marsh, of Terrace, and the Rev. J. H. Young, of Vanarsdol, attended, and after dinner the most interesting part of the proceedings was the reading of the will of the late Chief-tainness Neyasnequalk, who left her land, holdings, and chieftainship to her nephew, Richard Cecil. Mr. Marsh read the will and interpreted its meaning to all present.

Many toasts were given and short speeches from Mr. Marsh and Mr. Young. The Port Eslington band was in attendance and provided suitable music. The new chief enters upon his new position with the good wishes of the whole community. He is well known up and down the river.

RIVAL TO SURF INLET MINE STARTS WORKING

Syndicate Comprising Vancouver
Business Men to Operate
and Develop.

A new syndicate, the Whale Channel Mines Co., has been organized in Vancouver to develop a group of six claims three miles north of the Surf Inlet Gold Mines on Princess Royal Island. The claims were discovered by George Kelly and James McConnell, the original locators of the Surf Inlet mines and the geology and character are reported to be identical with the original Surf Inlet properties. They have been reported on very favorably by F. W. Holler, superintendent of the Surf Inlet mines.

Development operations are to commence at once and a company of men is already on the ground to drive a 1,500 foot tunnel which it is expected will uncover ore that will rival the Surf Inlet ore in value. The following business men, some of whom are members of the Surf Inlet Mines, are in the new syndicate: Col. J. Duff Stuart, A. H. McNeill, T. Mathers, A. H. Wallbridge, Geo. J. Wondan, A. R. McFarlane, as well as he locators.

NEW WIRELESS STATION FOR ISLAND WEST COAST

Directional Station to be One of
Chain Extending Along the
Whole Pacific Coast;
Navigation Aid.

VICTORIA, Jan. 9.—A directional wireless station is to be installed on the West Coast of Vancouver Island by the Dominion Government in the near future. A chain of these stations is planned for the Pacific coast by the United States and Canada. This new station in British Columbia will work in conjunction with one or two of the nearest United States stations.

The directional wireless system while yet in the experimental stage has proved a great aid to navigation along the Atlantic coast. This new station, by co-operating with other stations, will be able to give to a ship off the coast her exact position with accuracy.

WATER NOTICE

(Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawler, Dominion Building Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as the west arm of Cumshewa Inlet, which flows into Mosquito Creek and drains into west arm of Cumshewa Inlet at its head. The storage dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice was posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920.

"Wee MacGregor" DRAG SAW

The Original Light Weight, Portable, Gasoline Operated Drag Saw and Power Plant.

(Frequently Imitated—Never Equalled)

This tested, proven, gasoline driven, portable drag saw, with its 4 h.p. motor, according to conditions, will do the work of from two to ten men, and cut from 20 to 30 cords of wood a day, at an approximate cost of 4 cents a cord for fuel. With its pulley attachment, it will pump water, drive the circular saw, run the churn or separator. It is light and can easily be carried from one point to another. One man can move it on the log. Two men can carry it from log to log. It has sawn a 2-foot log in 50 seconds—a 6-foot log in 4 minutes. These are but a few of its features—14 of them exclusive, possessed by no one other similar machine.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
