ARTHUR MANSON GETS NATIONAL ATHLETIC CALL

Real Prince Rupert Boy Gets Big Appointment on Dominion Committee.

TORONTO, Jan. 12.—The committee for the Canadian Amateur Athletic Association have been appointed. The following members represent British Columbia on the various committees:—Championship committee, Arthur Manson, of Victoria and formerly of Prince Rupert; National Registration Committee, David Leith, of Vancouver; Records Committee, D. O. Sullivan, of Victoria; Affiliation and Alliance Committee, S. Malcolmson, of New Westminster.

Arthur Manson, the representative on the Championship Committee, is a very well known Prince Rupert boy whom athletic men have commented on as being an athlete with a future. Ever since the days of 1907 when he first came to Port Simpson at the age of 9 years he has been a leader in sports among his fellows.

Coming to Prince Rupert in 1908, where his father was appointed government agent and later elected M. P. P., Arthur at once got in with the small boy athletic organizations, such as they were, and used to play scrub baseball with the rest of the youngsters on the streets.

Before his high school days were over he had taken his place in grown-up baseball, where he has always made his best showings, and since that time a Prince Rupert baseball team has not been complete without him. Even as late as last summer he was sent for to come from Victoria and play for Rupert in some of the inter-city games.

He is a steady and patient athlete and never takes flighty spells that are so common on the athletic field. Go the game favorably or the other way, he is always wearing a smile, with the result that he never loses his head and has many times come to the rescue when only skill and coolheadedness could win out.

All Prince Rupert fans will be proud of Arthur Manson as he goes ahead in the athletics of Canada as well as the larger cities. They will be doubly proud because many of them helped to train him and his credit in the sporting spheres is clean and well-merited and is, more than any place else, Prince Rupert's credit.

Sport Briefs

The Callies and the Drydock basketball teams engage in the sixth Gilhuly Cup series game tomorrow night. This will be the first encounter of these teams this season and, as both are strong teams it is expected a good match will result.

Now that the Morse Creek dam is in good shape it seems unfortunate that the weather continues to remain so mild. A few nights of good frost would put a fine sheet of ice on the stream and it would be unnecessary to travel far to take advantage of it.

Prince Rupert has made a name for itself in many circles but probably it never got such a boost in the sport world as it does now with the appointment of one of its pioneer school boys elected to a committee position on the National Amateur Athletic Association. No more efficient and cleaner sport than "Art" Manson could be selected to represent B. C. on this board and he is sure to live up to the honor conferred upon him.

A movement is now on foot in the Old Country to change the present offside rule in soccer football. The new idea is similar to the rule introduced by Frank Patrick some years ago in regard to offside. The proposal is to divide each half of the field into equal sections. Thirty yards from each goal will be the section where players can be offside. The remaining sixty yards in the center of the regulation field between the two goals will be like they are in hockey and here a player cannot be offside. It appears to be a good way of speeding the game and will eliminate the unnecessary delays caused by offside in

WATER NOTICE
(Use and Storage).

TAKE NOTICE that North American Timber Holding company, whose address is in care of M. C. Lawler, Dominion Building, Vancouver, B. C., will apply for a licence to take and use the water of the stream and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as West arm, Cumshewa Inlet, which flows into Mosquito Creek and drains into west arm of Cumshewa Inlet at its head. The storage-dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice was posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 10, 1920.

Throat Sore?

Take Peps at Once!

Peps will safeguard you against more serious ailments of which "sore throat" is usually just the beginning. By keeping a box of Peps on hand, therefore, you can avoid much unnecessary suffering and needless expense.

Peps Pastilles, dissolved on the tongue, throw off a medicinal Pine vapor, which is such a powerful disinfectant that it destroys all germs and prevents the soreness spreading. At the same time the healing quality of the vapor soothes the inflamed membranes and soon brings relief.

Peps are equally beneficial for laryngitis, asthma, bronchitis, coughs and colds. All dealers or Peps Co., Toronto, 50c. box, 3 for \$1.25.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
