

**Woodland Farm,
Wednesday Morning**

Dear Jane,

At last I've found a moment to answer your very welcome letter.

That's as far as I got, when I heard a terrible noise in the kitchen, and rushing in, found that Bobby had pulled a pan of boiling water off the stove and scalded himself badly. Just imagine!—and I ten miles from the nearest doctor and no one here to help! Thank goodness Tom has always insisted upon keeping Zam-Buk in the house. The poor little chap was in such awful pain it was all I could do to hold him while I plastered the Zam-Buk on his arm and leg. Then I bound them up with strips torn from an old sheet, and now he's actually asleep! Could you believe it? I always knew Zam-Buk was good stuff, but I'd no idea it was so wonderful for ending pain. Whatever should I have done without it!

This started out to be a letter, but it sounds more like a testimonial for Zam-Buk! I'll send it off anyway, because I want to ask if you'll please send me half a dozen boxes of Zam-Buk as soon as you get this, as I have only enough for one more dressing.

Yours in haste,
Mary

Mothers! Take the hint! Never be without a box of Zam-Buk on the shelf. Not only for scalds, burns and cuts, but for eczema, ringworm, ulcers, blood-poisoning, piles, cold sores, etc. it is without equal. And it costs no more than ordinary ointments. 50c. box, all dealers.

REG'LAR FELLERS

MAKE \$7,000,000

**Montreal Commissioner Has Plan
to Reduce City's Debt.**

An ambitious scheme to reduce the debt of the City of Montreal by about \$7,000,000 has been drawn up by E. R. Decary, chairman of the administrative commission, who states that it will be carried out very shortly.

Mr. Decary states that the city will liquidate that part of the city debt held in England, amounting to about \$45,000,000, and finance the transaction by floating another loan in Canada and the United States. At present rates of exchange this would net the city about \$7,000,000.

The proposed issue would be repayable in twenty years, and a sinking fund would be provided to take care of the payments on the principal. This was one of the most important points of the scheme, said Mr. Decary, as one reason for Montreal's enormous debt, amounting to \$122,000,000, and the fact that past administrations had failed to provide a sinking fund.—Financial Post.
