## CAILLAUX WILL BE TRIED NEXT MONTH IN PARIS

Former Premier of France to  
Answer Charge of Intriguing  
With the Enemy.

(Special via G. T. P. Telegraphs.)  
PARIS, Jan. 15.—The opening  
of the trial of Joseph Caillaux,  
former premier of France, who is  
charged with intriguing to bring  
about a premature and dishonor-  
able peace with Germany, has  
been fixed for February 17.

## BRYAN PREDICTS PEACE RATIFIED

Thinks Senate will Bow to Public  
Opinion Today.

(Special via G. T. P. Telegraphs.)  
WASHINGTON, Jan. 15.—Wm.  
Jennings Bryan predicts that the  
United States Senate will bow to  
public opinion and ratify the peace  
treaty today. Now that other  
countries interested have signed  
and the treaty is in force, the  
United States feels left out in the  
cold. Politicians here had an idea  
that they would have to be con-  
sulted before anything final could  
be done.

## E. F. DUBY WILL AGAIN MANAGE LUMBER MILL

Here with Mr. Emerson to Take  
Over Plant From Prince  
Rupert Spruce Mills,  
Limited.

NEW MACHINERY TO  
BE INSTALLED SOON

E. F. Duby, manager of the  
Prince Rupert Lumber Co., and  
John Emerson, a son of J. S.  
Emerson, owner of the plant, ar-  
rived yesterday to arrange for the  
taking over of the Prince Rupert  
mill from the Prince Rupert  
Spruce Mills, Ltd., whose lease  
has expired. From now on the  
mill will be operated by the Prince  
Rupert Lumber Co. with Mr. Duby  
manager.

In order to bring the mill right  
up to date a large amount of new  
equipment will be installed. This  
will include a lath mill, a planing  
mill, two dry kilns, and a gang  
saw. The additions will enable  
the mill to increase its cut and  
also to manufacture its lumber  
and prepare it for immediate use.  
It will add somewhat to the pay-  
roll and will enable the company  
to supply lumber both in the city  
and to outside points as required  
for building and finishing.

Mr. Duby, who is well known  
here, will be welcomed once more  
as a permanent resident. As soon  
as he gets settled in the work  
Mrs. Duby will join him here.

It will be good news that the  
mill is to continue without any  
lengthy interruption to the work  
and that so able and practical a  
man as Mr. Duby will be in charge.  
Mr. Duby says he expects to com-  
mence cutting about March 1.

New shoes are expensive. Have  
your old ones rebuilt at Mc-  
Arthur's.

## STEWART WHARF DIFFICULTY IS NOW EXPLAINED

Hon. Dr. King Thinks Dominion  
Should Share Cost of New  
Approach.

A day or two ago in Victoria  
an interview was sought by a  
Daily News representative with  
Hon. Dr. King, minister of public  
works, in regard to the delay in  
the building of the public wharf  
at Stewart. The wharf is badly  
needed and in view of the expected  
rush to that place this coming  
spring, its erection is a matter  
of public urgency.

Dr. King explained that the  
erection of wharves was not a  
provincial matter, as it had been  
agreed between the Provincial and  
Dominion Governments that work  
of this kind should be undertaken  
by the latter. The Stewart wharf  
built by the Provincial Govern-  
ment had been transferred to the  
Dominion by order in council, the  
only condition being that it should  
be kept in repair. The approach  
to the wharf was built by the Do-  
minion.

The Dominion Government had  
expected to renew the long ap-  
proach, which originally cost  
something like \$25,000, and which  
today, it was estimated, would  
cost nearly \$50,000. The Provin-  
cial Government had, however,  
built a mile and a half of road  
from a point near the wharf to  
Hyder at great cost and following  
this the Dominion conceived the  
idea of building a wharf from  
this road and thus saving the  
cost of rebuilding the approach.  
In order to connect the wharf with  
Stewart it would be necessary to  
expend another \$30,000 in build-  
ing a road or the Dominion Gov-  
ernment would have to repair the  
trestle.

Should Share Cost.

Having in view the saving to  
the Dominion of the new pro-  
posal the Provincial Government  
suggested that the Dominion  
share the cost of the new piece  
of road, and this they refuse to  
do. It was this difference of  
opinion that kept the Dominion  
from going ahead with the work.  
In the meantime, however, the  
Provincial Government has trans-  
ferred the site to the Dominion  
so there is nothing to prevent the  
new wharf being built at once.  
Dr. King says the Provincial Gov-  
ernment has made no provision  
for the building of the rest of  
the road and he thinks that in  
view of the saving to the Do-  
minion they should share the cost.

The new road built by the Pro-  
vincial Government is now in use  
connected with the Dominion  
Government trestle but the ap-  
proach is in bad condition and the  
present arrangement is only tem-  
porary.

Dr. King is very much inter-  
ested in the development of the  
mining town and says he thinks  
the road they have already built,  
along with other improvements  
completed and contemplated, will  
have a good effect on the business  
of the place as the town is now  
connected with the rich Premier  
and other mines.

He was emphatic that the Pro-  
vincial Government had not de-  
layed the improvements at that  
place.

It is understood that the Do-  
minion Government will proceed  
with the erection of the wharf  
early in the spring.

## FALSE REPORT ABOUT BIG ITALIAN LINER

Reaches African Port With All on  
Board Safe and Well.

(Special via G. T. P. Telegraphs.)  
ROME, Jan. 15.—The Italian  
liner *Principessa* which was re-  
ported on Sunday to have sunk  
with all on board lost after hav-  
ing struck a mine, reached Dakar,  
French West Africa, yesterday.  
All on board are safe and well.  
Launch "Alice B." Phone 41.

## TO PROSECUTE ONTARIO MILLS

Obstructed Customs Officers in  
Discharge of Duties is  
Allegation.

(Special via G. T. P. Telegraphs.)  
OTTAWA, Jan. 15.—The Fort  
Francis Paper Mills are in opera-  
tion again today although the  
management still maintains its  
attitude of refusal to obey the  
paper controller's order demand-  
ing them to supply the Canadian  
paper market before the Ameri-  
can. Customs officers have been  
at the plant attempting to enforce  
the order by seizure of paper but  
have been withheld by the com-  
pany from this action.  
The government yesterday di-  
rected that information be laid  
under the criminal code against  
the officials of the Fort Francis  
Mills who have obstructed the  
customs officers in the discharge  
of their duties on Monday. The  
crown attorney has been in-  
structed by wire to commence  
proceedings.

Mounted Police Called

OTTAWA, Jan. 15.—(Later).—  
The Mounted Police Force has  
been ordered to see that the or-  
der of the Paper Controller is  
carried out and that delivery of  
paper to the Western newspapers  
is guaranteed. The cabinet coun-  
cil has given its fullest instruc-  
tions to the paper controller and  
insists that his orders to the Fort  
Francis mills be carried out to  
the letter.

## POLL TILL NOON REGISTERED TWO HUNDRED VOTES

Returning Officer Woods Esti-  
mates Over Five Hundred Will  
Be Cast by Closing  
at 7 O'clock.

Up to 1 o'clock this afternoon  
a very good vote has been regis-  
tered in the municipal elections,  
in fact, larger than had been  
really expected by the officers in  
charge. The number of votes  
used up till a few minutes before  
1 o'clock was 207. Although  
there are 2,330 names on the list,  
City Clerk Ernest A. Woods, who  
is acting as returning officer, does  
not expect that more than 550  
votes will be polled, but it is very  
likely that this number will be  
reached on the strength of the  
fact that nearly half that number  
are already in. Last year's total  
vote was 498.

The election officials are: City  
Clerk E. A. Woods, returning of-  
ficer; Harry W. Birch, deputy re-  
turning officer and poll clerk; L.  
D. Kendall, John G. Viereck, Alex.  
Clapperton, and Charles R. Ste-  
wart, deputies. The polls close at  
7 o'clock.

## FOREMOST LAWYER IS CRITICALLY ILL

(Special via G. T. P. Telegraphs.)  
OTTAWA, Jan. 15.—Z. A. Lash,  
K. C., one of the foremost Cana-  
dian lawyers and financiers, lies  
critically ill at his home in To-  
ronto.

## JAP RUNS WILD; BREAKS WINDOW

Caused Considerable Damage  
Throwing Rocks; Paid  
for the Damage,  
\$27.50.

Mizatu, a Jap, was in the Po-  
lice Court this morning charged  
with breaking windows. It is al-  
leged he got into an altercation  
with the proprietor of the Tokio  
Tailors over the price of a suit of  
clothes on Tuesday evening. He  
failed to reach an agreement so  
came back later, under the influ-  
ence of "red-eye" and tried to  
enter. The door was locked so  
he took a running jump at it.  
This failing he resorted to throw-  
ing rocks with the result that he  
caused window breakage to the ex-  
tent of \$27.50. He was arrested  
by Sergeant Adams.

The damage has been paid by  
the accused and tomorrow he will  
come up to answer for his mis-  
deemeanor before Magistrate Mc-  
Mordie.

## LIQUOR CHARGE AGAINST WELL KNOWN PIONEER

R. J. McDonnell Charged Under  
B. C. Prohibition Act—Much  
Liquor Seized.

PRESCRIPTIONS FOR  
SICK IN MINING TOWN

R. J. (Black Jack) McDonnell  
appeared in the police court this  
morning charged under the B. C.  
Prohibition Act with having  
liquor in his possession, without  
reasonable excuse, in other than  
a private dwelling. He was re-  
manded until tomorrow morning  
and is out on \$200 bail.

The arrest was made last night  
by Sergeant Adams and Constable  
Duff following a visit to room 60,  
Prince Rupert Hotel, which ac-  
cused alleged to have occupied.  
Here were found two trunks, four  
grips and three liquor cartons  
containing 123 bottles of rum,  
whiskey, rye and alcohol, all  
labelled for prescriptions issued  
by Dr. R. W. Bruner until recent-  
ly of Stewart and dated November  
and even as far back as Septem-  
ber. Evidently they have just  
been filled by a local druggist.

This morning the court officials  
were kept very busy tabulating  
the bottles and comparing with  
the prescription forms. Several  
discrepancies in issuances have  
been found and some of the "pa-  
tients," it is claimed, have not been  
in Stewart for months.

## BIG PROFIT MADE FROM LIQUOR SALES

Alberta Province Makes \$400,000  
on Importations and Sales  
by Vendors.

(Special via G. T. P. Telegraphs.)  
Edmonton, Jan. 15.—The Pro-  
vincial Government of Ontario  
has made a profit of approximate-  
ly \$400,000 on liquor imported  
and sold last year through the  
government vendors to the drug-  
gists under the Alberta Prohibi-  
tion Act.

## Mayoralty Candidates Were Heard Last Night At Big Theatre Meeting

Mayor McClymont Reports on Council Doings; Newton  
Outlines His Policy of Progress and Montgomery  
Will Clean up City; Aldermanic Candidates  
Also Speak.

A crowd which nearly filled the Empress Theatre turned out  
for the public meeting held by S. M. Newton, candidate for the  
mayoralty, last night. In opening the meeting Mr. Newton asked  
that any candidate for civic office at this election come forward  
and every one was invited to take the platform. Mayor McCly-  
mont and the two aspirants for the mayoralty, Ex-Alderman  
Montgomery and Ex-Mayor Newton, were each heard as well  
as Aldermen Kirkpatrick, Perry and Casey. A number of the  
new candidates also made addresses.

Mayor McClymont.

Mayor McClymont told of the  
progress made during the year  
and emphasised the splendid  
financial condition that the city  
was in. He told of reports pre-  
pared for the late council in the  
matter of permanent road im-  
provements and street grading.  
If the G. T. P. and government  
properties were brought under  
taxation, ambitious schemes for  
this permanent work could be  
adopted and the taxes would be  
no higher.

The mayor also dealt with the  
power question. The capacity of  
the present small hydro-electric  
plant was being taxed at present  
and extension would soon be a  
vital question, especially if new  
industries were to come in. The  
mayor stated that the Wark  
Channel proposition was practi-  
cally useless on account of the  
small water flow there in the  
winter. The Ecstall system was  
too big for the present demands  
or those of the near future and  
would plunge the city into debt.  
It was his belief that the question  
could be solved by a Diesel oil  
system installed in the city that  
would serve until the big Ecstall  
scheme would be practicable.

The mayor also dealt with  
sewers and stated that the \$10,000  
sewer bylaw would keep the city  
going until a new system could  
be installed. In the matter of the  
telephone exchange he had been  
guided entirely by expert tele-  
phone authorities. In hospital  
matters he was in favor of the  
per capita system until these in-  
stitutions were taken over by the  
state under whose control they  
should properly come. This per  
capita plan would mean increased  
taxation but it was the duty of  
the public to look after the sick.  
Mr. McClymont recommended that  
the 1920 council in renewing the  
G. T. P. agreement do not let the  
company off with a paltry \$15,000  
in lieu of taxes on four million  
dollars' worth of property. He  
then reviewed the financial situa-  
tion, telling of the healthy con-  
dition and also stating that taxes  
have been lowered under his  
regime. He asked for support of  
the Morse Creek bridge bylaw.

The mayor was questioned  
about the tag day for Winnipeg  
strikers and replied that he would  
positively not give tag days to  
raise money for the defence of  
prisoners prosecuted for acts  
against the British constitution.  
He was also questioned on the  
Emerson contract and replied  
that it had been originally given  
to encourage industry in the city.

W. H. Montgomery.

In opening his address Ex-  
Alderman Montgomery launched  
into a personal attack on Mayor  
McClymont, laying the sole re-  
sponsibility for the awful social  
conditions in the city at his door.  
Either he was wilfully passing up  
the enforcement of the law or he  
was unable to do so, either of  
which made him equally guilty.  
He also stated that Mr. Newton  
had never said a word about the  
condition in his paper. His first  
move on being elected would be  
to clean up the city. As it was  
now, conditions could not be worse  
if there was no police force at all.  
Mr. Montgomery recommended  
voting all the bylaws down as  
they were unnecessary expendi-  
tures. He took issue with the  
(Continued on Page Three).

B. C. Undertakers. Phone 41.

## NEWINGTON WILL ARRIVE TONIGHT

Government Lighthouse Tender  
Coming With Supplies; Will  
Repair Langara Light.

The government light-house  
tender, Newington, Captain Bil-  
ton, will arrive from the south  
this evening or tomorrow morn-  
ing having been reported in Mil-  
bank Sound yesterday afternoon.  
Owing to lack of facilities here  
and rush of emergency work in the  
south, the Newington has not yet  
been transferred to the northern  
district but is only making a spe-  
cial trip here to make repairs at  
the Langara light and bring re-  
pair supplies for other points.

The new staff for the Digby Is-  
land station has not yet arrived  
but Captain Saunders is now in  
Victoria and it is possible that he  
may bring some of them back with  
him. The staff to be installed im-  
mediately will comprise only a  
dozen or six persons. There will be a  
construction superintendent, fog  
alarm engineer, fog alarm inspec-  
tor, book-keeper and clerks. This  
will be besides the crew of the  
"Newington," who will make their  
homes here when the vessel is  
transferred. The whole matter  
will be under Captain Saunders,  
superintendent of the Digby Is-  
land Marine depot.

The "Newington" is an old ves-  
sel and has been in the govern-  
ment light-house service for  
many years. She was brought  
out from the Old Country by the  
government and carries a crew of  
21 officers and men.

## MINING MACHINERY GOING TO STEWART

Water Power to be Utilized in the  
Premier Mine and Mill  
Installed.

(Special via G. T. P. Telegraphs.)  
STEWART, Jan. 15.—A quan-  
tity of mining machinery is on  
order for the Premier Mine and  
is expected to arrive soon. This  
includes compressors, milling  
machinery and the necessary ap-  
paratus for installing a small  
waterpower for use in the com-  
pressors. The machinery will be  
taken up on sleighs over the road  
from here.

When you need a pair of shoes  
of better grade, call at McArthur's  
Shoe Store.

Ask for Atkins' Sausages.

To the electors of Prince  
Rupert,

Ladies and Gentlemen,  
Having been requested by  
a number of the voters to let  
my name be presented as a  
Candidate for Alderman at  
the forthcoming Municipal  
election, if elected I shall  
endeavour to keep the taxes  
at the minimum, and the ef-  
ficiency of Public Servants at  
the maximum.

JOHN BUCKLEY,  
Buckley Block.

Your Vote and Influence Solicited  
**For Mayor**  
**Thos. McClymont**

Standing for PROGRESS and IMPROVEMENTS  
commensurate with spending ability on Safe and  
Sane Principles.
