DAILY EDITION. Thursday, Jan. 15, 1920.

Board of Directors Is Being Chosen.
 Today Prince Rupert people are choosing their board of directors to manage their business for the coming year. By the time this is read a good many will have voted, but others will not. Running a city is operating a big business. Shareholders of a business are very careful in choosing a board of directors, and the voters of Prince Rupert should be equally careful. Much of the success of the city depends on the manner in which its business is conducted.

Indians Light Their Village.
 The Indians are lighting their villages along modern lines and in every way adopting modern methods of life. Their progress has been wonderful. Very soon they will make us look to our laurels to keep up with them.

In the autumn a suggestion was made that they should stage a pageant for next autumn's fair, in which would be shown the old and the new method of living in order to bring home clearly to everyone the immense progress they have made. It would be a pity for the idea to drop as the pageant if well carried out would redound very much to the credit of the Indians and would be an object lesson to the world in advancement. Incidentally it would prove a great attraction for the fair and would doubtless receive every encouragement from the people of this city.

Shipbuilding Trouble Very Unfortunate.
 It is unfortunate that there should be friction over the control of the shipbuilding plant. Litigation tends to lower general confidence in the undertaking and in the ability of the local yards to handle contracts. The wish of everyone is that a speedy settlement will be arrived at and that work will proceed in a businesslike manner. Up to the present there have been numerous delays which reflect no credit on those who control the industry.

Provincial Estimates Are Being Prepared.
 Provincial estimates are now being prepared in readiness for the opening of the session of the Legislature. In it will doubtless be included a sum for the commencement of the new Government Buildings in Prince Rupert, if Hon. T. D. Pattullo, the representative for the district, has his way. The buildings are badly needed and the Government is alive to the situation, their attention having been drawn to it by Mr. Pattullo. It is likely also that there will be a small appropriation for the Section 2 bridge.
 We would like to suggest that this would be a good time for the Board of Trade or the City Council or both to prepare a memorandum showing why a road should be built to the mouth of the Skeena River. The Government will not spend money just now to provide a road for pleasure purposes. That is certain. There are so many demands for money for real development that they refuse to spend money to provide pleasure jaunts. What we must show them is that the road is a commercial necessity, then it will receive consideration.

THE TORTURES OF RHEUMATISM
Happily Stopped When He Began To Take "Fruit-a-tives"
 8 OTTAWA ST., HULL, P. Q.
 "For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about "Fruit-a-tives" the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."
