Get Together and Work for City.

Now that the elections are over and the mayor and council and police commission are all definitely chosen, there is nothing to do but forget the elections and get down to work in the interests of the city. We have had the fun of a contest. Now let us have the hard digging to make the year a successful one.

In a city this size there are always a lot of local prejudices to be overcome. Men are often influenced by petty motives instead of by a broad sense of justice. Often we know each other too well to respect motives. The more we get away from all pettiness and forget ourselves in the general interest, the better it will be for the community.

Should Newspapers Be Controlled?

The United Farmers' Convention is going to consider the matter of organizing a chain of papers across the continent, says "Printer and Publisher." The plan seems to be to get a newspaper backing for the Hon. Mr. Crerar, who expects to head the farm movement in Canada, and on the strength of that movement become the next Premier of the Dominion.

One of the things that the farm element has talked against for years has been a paid or controlled press. They have been the foremost to speak of the influences that were being exercised to corrupt the city press. Would a chain of farm papers, controlled no doubt from Winnipeg, correct this state of affairs?

The policy would no doubt be decided at the head office, and handed down to the various links in the chain of papers. The papers would then to all intents and purposes become the paid organs of the men holding views approved of by the Farmers' Council.

It may be hard to convince some classes of the community that the great majority of the papers in Canada are free to express their own views, and they have been doing it in unquestioned style in recent years. Papers have spoken out against parties that they had served and served well, for years. The whole tendency of the age is away from editorial control by any central force. Certainly, the establishment of a chain of papers across the country, controlled and dictated to by a central Farm Council, or some such organization, would not meet with approval. It would be a move directly opposite to the trend of the times. It would be like tying a number of papers up to a policy that would be set for them by some central organization.

If the Farmer movement hopes to secure the sympathy and support of any number of people in the cities and towns, they would be well advised to keep out of the chain of paper idea. It smacks of a centralization of control, and a dictation of policy that is foreign to the frank and outspoken attitude of an increasingly large section of the press.

Car Shortage Is General.

Speaking of the general shortage, Frank B. Carvell, chairman of the Railway Commission, said recently: "The people of British Columbia have no idea how they are supplied with cars; that is to say, relatively speaking. In the Eastern Provinces the railways have to go on much shorter allowances of rolling stock. The fact is that between 21,000 and 22,000 more Canadian cars are on the United States rails today than there are American cars on Canadian rails. At least one-tenth of the cars owned by Canadian railroads are locked up in the United States, and we are afraid to let more go there. It is one of the most serious problems before us.

"Canadian railways, as well as every other public utility in Canada, are suffering from the high cost of everything, just as you and I are. It is a pretty serious thing to order further service unless it can be proved that there is sufficient business to warrant it. Railways as a rule want to do business, and sometimes the public doesn't recognize what it costs to run a railway."

ABOUT YOUR CHILBLAINS!

What are they? A mild form of frost-bite—a chilling of the part to such a degree that inflammation is set up, causing a tingling pain, excessive irritation and often swelling. Zam-Buk cures chilblains by drawing out the inflammation, thus ending the pain and irritation and reducing the swelling.

Miss Annie Lepard of Beaverdale, Ont., says: "I suffered agonies from chilblains and used many remedies, but nothing gave me any ease until I used Zam-Buk, which, after a little perseverance, completely rid me of this painful ailment."
