

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

PROGRESS MADE WHALEN FERRY

Inauguration is Delayed More
Than Expected—Will be
Started in February
Probably.

The car barge for the Whalen Ferry and Paper Mills ferry service between Swanson Bay and Prince Rupert is off the pontoons at the drydock as underwater repairs are completed. A deck is now being built and it is expected and ready for service near the end of the month. Before she is commissioned in the pulp hauling service she will make a trip to Ocean Falls with sulphur.

The Grand Trunk timber crews are busy at the present time putting the finishing touches on the car slip. Many orders for large Eastern cities await filling pending the inauguration of the new service. Mr. Warren, the local agent, does not expect to move to Swanson Bay until the middle of next month from present indications. W. C. Hall, superintendent of the Whalen Mills will be in town next Wednesday to look the local situation over.

In the Letter Box

Editor the News:

In your issue of yesterday appeared a letter over the signature of the agent for the Deep Sea Fishermen's Union, in which he "verifies" the reports as to the standing of the O. B. U. in Prince Rupert (as far as it affects the above organization) which were given to the Vancouver press by President Welsh of the T. & L. C. (int.) of Vancouver.

The criticism in the B. C. Federationist to which Mr. Meagher refers was a statement of the true situation of the O. B. U. in Prince Rupert, which was despatched by order of the Central Labor Council to correct the false and misleading statements that Mr. Welsh had circulated in the Vancouver press. That statement still stands. The letter of Mr. Meagher in yesterday's issue does not affect the situation in the least.

Mr. Welsh's published statement was "a flat denial that the Halibut Fishermen's Union in Prince Rupert had gone over to the O. B. U."

We asked him to point out where the statement had ever been made, and pointed out that the O. B. U. Fisheries and Water Products Unit had 151 members, of whom 77 were bona fide fishermen (salmon trollers) the rest being fishpackers.

It is not intended to contradict the statement by Mr. Meagher that only one salmon fisherman had turned in his International card, but can Mr. Meagher tell us how many of them have thrown away their International cards? The above figures will give him some idea, if he has none.

Yours, etc.,

The Man in the Moon SAYS:

THAT Nelson chose a lady alderman, while Prince Rupert rejected one.

IF the voters did some pruning on election day, but there is a difference of opinion as to its effectiveness.

THAT the election was short, sharp and sugarless, and also without bitterness.

THAT in view of the business from that place people are wondering why Stewart has not a drug store of its own.

THAT much interest is being taken in the basket social next Tuesday.

THAT some of "Ye Merrie Sons of England" and their friends are said to be framing up schemes.

THAT there is many a slip 'twixt cup and lip, and also between the bidder and the box.

THAT Ald. Rochester should easily remember his telephone number in future, as it is the same as the number of votes he received at the election.

THAT no one ever insinuates that the alderman is even in such a condition as to forget his telephone number.

WATER NOTICE

(Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawler, Dominion Building, Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second of water out of Mosquito Lake, Moresby Island, also known as the West Arm of Cumshewa Inlet, which flows into Mosquito Creek and into the West Arm of Cumshewa Inlet at its head. The storage dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acres and it will flood about 500 acres of land. The water will be diverted from the lake at a point above the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice is posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights and Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920.
