

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

Oil Drilling To Commence at Once

Big English Company will Commence Operations on Queen Charlotte Islands Immediately—Will Prove By October 1.

Drilling operations are to commence in real earnest at the Queen Charlottes in the course of a fortnight. W. A. Lewthwaite and Andrew Wright, Victoria oil men, accompanied by Henry Jory, an English operator, have just arrived from the Islands and in an interview with the News yesterday Mr. Lewthwaite told of some of their plans.

The operations will be conducted with English capital, with one of the strongest concerns in London backing them. All stock is fully subscribed and the money for immediate operations is paid up. It is the opinion of Mr. Lewthwaite that not less than \$150,000 will be spent at once. To begin with only one hole will be bored and the drill will be here from Alberta within the course of a fortnight. As soon as the drills can be obtained, however, operations will commence on two more to form a triangle with points four or five miles apart. The drilling will commence at Lawn Hill about 14 miles from Skidegate. It is hoped that oil may be struck at a depth of 1,000 feet but the company is prepared to go 3,000 feet.

Large Oil Fields.

The promoters of the new project are very confident that there are large deposits of crude oil in the vicinity, which will be tapped. There are large deposits of paraffin wax on the surface which is caused by oil pressing upwards and is usually a certain indication. Besides this, some years ago a great outbreak of crude oil came to the surface and affected fishing forty miles along the coast. At the present time this oil may be found in pockets on the surface at certain points.

Mr. Lewthwaite and Mr. Wright will remain in the south and will pay occasional visits to the workings while Mr. Jory will remain on the ground supervising the drilling. Mr. Jory is an oil operator of wide experience and has just come from the oil fields of Sumatra and Burma. It is expected that by October 1 a good idea will be ascertained as to the extent and value of the oil deposits on the Islands. The new company has control of many sections of oil lands on the Queen Charlottes.

Rupert Will Benefit.

Mr. Lewthwaite points out the great advantage that will come to Prince Rupert as the immediate seaport and also to the province of British Columbia generally. At the present time most of the oil used in Canada comes from various parts of the United States. Great oil fields on the Queen Charlottes, therefore, be of inestimable value to Canada as a whole and would make a great port out of Prince Rupert.

Mr. Lewthwaite, Mr. Wright and Mr. Jory leave tonight for Alberta where they will make arrangements for the shipping of the drill to the coast.

T. B. Coughlan, of Swanson Bay, is in town.

"BONNIE ANNIE LAURIE" AT WESTHOLME TONIGHT

Clean, Wholesome Photodrama Showing Deeds of Heroism and Acts of Love.

Everybody loves a clean, wholesome photodrama dealing with the lives and happiness of young men and women. In Peggy Hyland's latest play "Bonnie Annie Laurie," which is to be seen at the Westholme tonight, Prince Rupert people are offered an exceptional opportunity to see how the destinies of our brave soldier boys and their loyal sweethearts are bound up in the tragic events that took place in Europe.

Scenes of battle, deeds of heroism, acts of love and mercy, tense situations involving love and honor—all these follow in swift succession across the screen, until the final great surprise and climax is reached.

STRIKE IN ITALY
