

TOBACCO SERIES No. V
Wagons waiting to convey the raw leaf from sales warehouse to the Re-drying Plant.
Its quality is known even in the uttermost corner of Canada.

MACDONALD'S TOBACCO

Smoking and Chewing

The Tobacco with a heart

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.

Take this Prescription to the Prince Rupert Drug Company's Store!

I always send my patients there, for I know that the ingredients they use are always fresh and of the very best quality. They double check every prescription which means a whole lot to you, and, too, this kind of service doesn't cost you any more than you would ordinarily have to pay for the less carefully compounded prescription.

The Prince Rupert Drug Co.

TWELFTH BURNS BANQUET HAD RECORD ATTENDANCE; THREE HUNDRED GUESTS

(Continued from Page One.)

mostly from his own nation. These criticisms had been caused by the appearance of works that should have been edited and eliminated.

His private life had also been severely criticised but on investigation it was found that his grossness had been far surpassed by Shelly and Byron. His private life should be forgotten but his message of beauty and sweetness should alone be remembered. Dr. Grant then referred to many of his great poems, some of which were the greatest of their particular kind in the English language.

Bonnie Scotland.

J. H. Kelly replied to the toast of "Bonnie Scotland" in a vein of humor that quite captivated the listeners. He referred to it as the land where many had spent their childhood and met their sweethearts, the scenes nearest and dearest to the heart of any man. Last year he had visited the sod and had come back to Canada with the conviction that the Scottish spirit in this country was not what it should be. It was a great old country and had done much for the world and in quality its men, cities and all other attributes were on a par with or excelled the rest of the world. He expressed his disgust that the toast to Scotland should be drunk with soda water.

Canada.

Fred Stork, who had attended every Burns banquet since the first one down in the Grand Trunk Inn in 1908, answered the toast to "Canada." From the Atlantic seaboard to the mouth of the Yukon River every city, town and hamlet was this night celebrating the immortal memory. All the Scots immigrating from the old soil had seen the country from east to west. The country had just passed successfully through a great struggle and the boys of Canada had done themselves credit. A brilliant future was in store.

The toast to the "Laddies Who Fought and Won" was responded to by Capt. McGregor, V. C., and Major G. E. Gibson. The former told a touching story of an experience in the battlefield. Major Gibson expressed the feeling that those who had truly won were those who had remained lying in France. He said that the present generation of Canadians was not the quality of those of 30 years ago.

The Lassies.

Miss McLenaghan responded to the toast, "The Lassies." She remarked the novelty of a lady being on a Burns banquet toast list. This only went to show that women were taking their place in the affairs of the world and were accomplishing men's work and duties.

Mayor McClymont replied to the toast to our city and mentioned several of the questions that, at the present time, were most interesting to those anxious for the progress and development of the city.

J. Myhill-Jones, president of the Sons of England, and W. E. Thompson, of the Sons of Canada, spoke, urging co-operation of the different societies of the city especially in the advancement of the welfare of the rising generation.

Program.

Mrs. Wm. Millar, Mrs. Jarvis McLeod and Miss Beatrice Killen sang with the true native accent and were applauded again and again. R. Dowther, R. Robertson, Wm. Murray and J. N. Sinclair also sang, some in a humorous vein while others were along romantic lines. All met with due applause. Principal Brady in his inimitable style showed that he could recite in Scottish dialect. He gave the poem "Ochiltree" and responded to an encore with a humorous love letter in which certain local people took leading roles.

The St. Andrew's pipe band took down the house with their numbers and were recalled for a third appearance by special request. The orchestra of the society provided the music and after the toasts were completed the hall was cleared and dancing was indulged in. W. Vaughan Davies and Mrs. Killen assisted with the accompaniments. The memorable gathering broke up at 3:30 in the morning. The great success attained was due largely to the efforts of the Burns' Night Committee made up of Captain McGregor, W. H. W. Murray, Howard Steen, J. Kelly and James Irvine.

SATISFIES NERVES

"Wee MacGregor" DRAG SAW

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE OPERATED DRAG SAW & POWER PLANT
(Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

The "Wee MacGregor" Drag Saw has been adopted by the Dominion of Canada in the Fisheries and Agricultural Branches, and by the B. C. Government Forestry Service and Provincial Farm.

SMITHERS

Work on the erection of a hall for the Socialists in Smithers and district has commenced.

Mrs. P. Berg is spending a few months in Edmonton.

Ernest Hill, formerly of the local government office, is on his way to Australia. He sent cards to some of his friends from Honolulu last week.

Two real estate transfers were put through the office of Wm. S. Henry during the past few days. On Saturday Mrs. Walls became owner of the Durkin house and lot on Railroad Avenue, and early this week G. Peterson, a former rancher, at Round Lake, purchased Pat McPhee's five-room house on Alfred Street.

A. C. Yoder, a Nelson lumber man, has been spending some days in this district looking over timber possibilities. He was very much pleased with the class of timber that he has seen in this locality.

LIPTON'S EFFORT TO LIFT AMERICA CUP

(special by G. T. P. Telegraphs.)

NEW YORK, Jan. 23.—Sir Chas. Allom, the English yachtsman, arrived here with the news that Sir Thomas Lipton will send a 23-metre Shamrock to lift the America Cup this spring.

NOTICE OF ASSIGNMENT.

NOTICE IS HEREBY GIVEN that pursuant to the revised Statutes of British Columbia, Chapter 13, intitled "An Act respecting Assignments for the Benefit of Creditors," and amendments thereto, and known and cited as the "Creditors Trust Deeds Act," Harry Kilias, of the City of Prince Rupert, in the County of Alden, Province of British Columbia, has this day made an Assignment to Edward C. Gibbons, of the City of Prince Rupert, in the County and Province aforesaid, of all his real and personal credits and effects, which may be seized and sold under execution, such Assignment being for the benefit of his creditors.

A meeting of the creditors will be held at the offices of Messrs. Fisher & Warton, Solicitors, Smith Block, Third Avenue, in the City of Prince Rupert, on Wednesday the 24th day of January, 1920, at the hour of three o'clock in the afternoon, to receive a statement of affairs and for the general ordering of the estate and you are hereby notified to attend either in person or by representative.

All claims must be verified by Statutory Declaration and must be filed with the undersigned and to entitle any claim to vote the said claim must be lodged before the date of the meeting. And further take notice that on and after the said fourteenth day of January, 1920, the said Assignee will proceed to distribute the assets of the insolvent amongst the parties entitled, having regard only to those claims of which notice has been received, and that he will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received before the last mentioned date. DATED at the City of Prince Rupert, in the Province of British Columbia, this tenth day of January, 1920.

E. C. GIBBONS, Assignee.

NOTICE

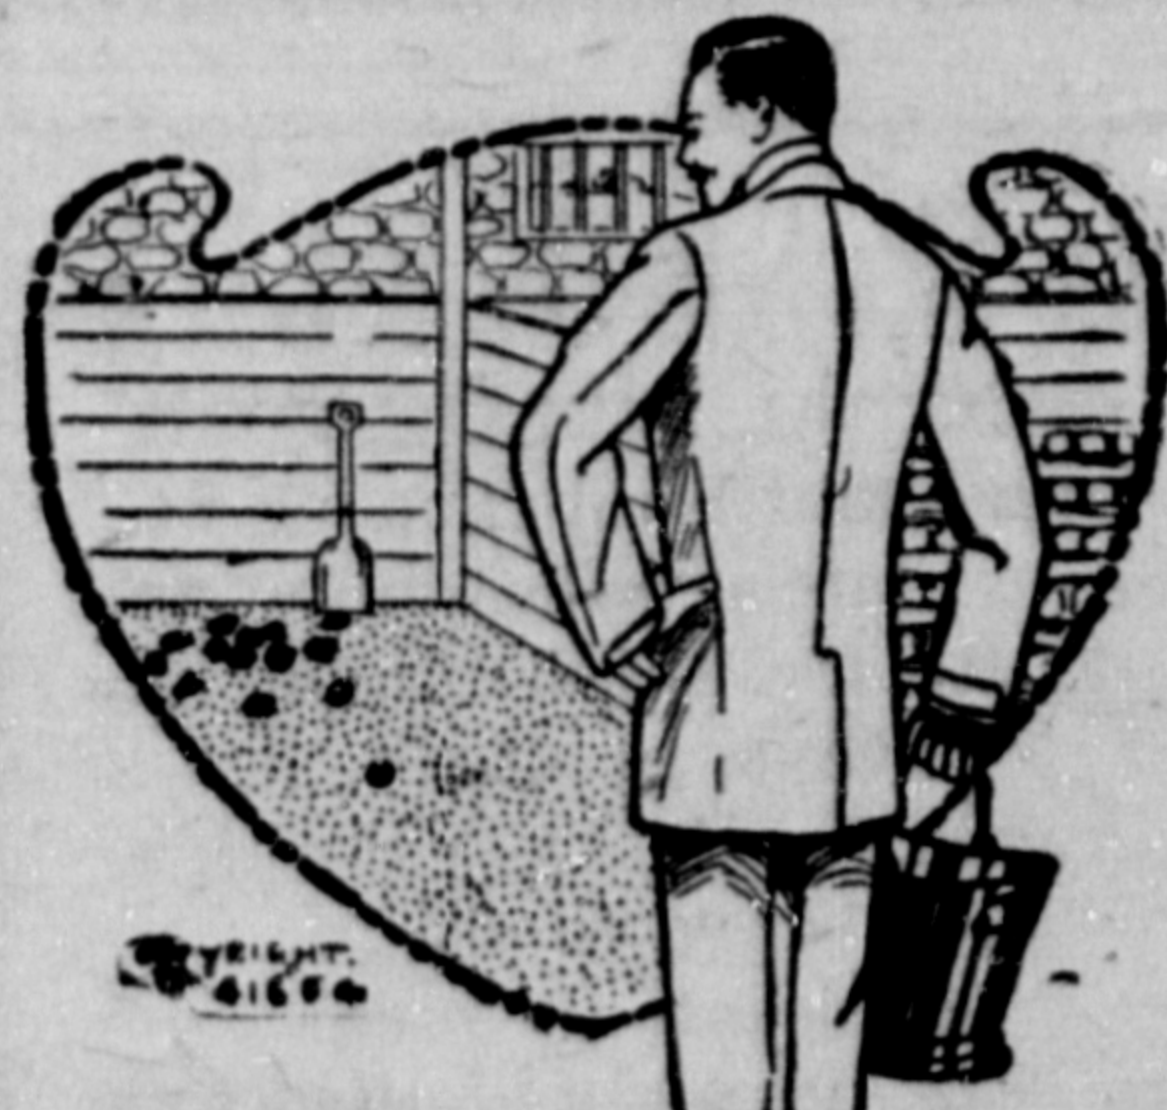

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at the next session on behalf of the Association of Professional Engineers of British Columbia for a Private Bill to incorporate the said Association, the said Bill to be known as "THE BRITISH COLUMBIA ENGINEERING PROFESSION ACT" for the purposes of governing and regulating the practice of Civil, Mining, Metallurgical, Mechanical, Electrical and Chemical Engineering in the Province of British Columbia, and the qualification, examination and registration of intending practitioners, the discipline of its members and for the acquiring of real and personal property and the disposal of the same and for the general management of the Association. DATED at the City of Vancouver, B. C., this 5th day of December, A. D. 1919.

H. S. TOBIN, Of the firm of Pattullo & Tobin, Solicitors for the Applicants.

SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

WATER NOTICE

(Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawler, Dominion Building, Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as the west arm of Cumshewa Inlet, which flows into Mosquito Creek and drains into west arm of Cumshewa Inlet at its head. The storage dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice is posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920.

NORTH AMERICAN TIMBER HOLDING COMPANY, Applicant.
