

### SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

The Drydock basketball team now roosts at the top of the Senior League ladder with a record of four wins and no defeats. The Sons of Canada are in second place with a percentage of .666. The next game is between the Sons of Canada and the Travellers on Tuesday evening. As they have not yet met this season the game promises to be quite interesting.

Team	Wins	Losses	Percentage
Drydock	4	0	1000
Sons of Canada	2	1	666
Callies	1	2	333
Travellers	1	2	333
Sons of England	0	3	000

Basketball in the Junior League—both girls and boys—is showing a great improvement. The game between the high and public school girls on Thursday night was an excellent exhibition. The showings of some of the players would do credit to much older players. They have quickly advanced from the rudimentary stage which the first of the season saw them in. Great credit is due to the enthusiastic teachers in the schools who inculcate the importance of athletic activities as well as the intellectual.

The young ladies of the city have obtained the use of the St. Andrew's Hall on Thursday nights for regular basketball practice. Later in the season, it is expected they will range themselves into teams and some interesting games should be played. About twenty-five young ladies are enthusiastically taking up the sport. A practice was to have been held on last Thursday evening but arrangements for Burns Night festivities held the hall up.

Two of the bouts at the Boiler-makers' smoker on Wednesday night showed that there is plenty of local talent in the manly art of self defence. One of the participants in the go that proved a failure is a clever boxer. Boxing is an art that, conducted properly, is of great benefit to those taking part and as such should be encouraged. Three-round bouts now and then between matched pugilists should be both interesting and profitable and there are a large number of fans in town. The big attendance at the smoker proved that.

Cockney Edwards would not have gotten off so easily for his performance on Wednesday had he been fighting before some audiences. His lying down on being hit for the first time did not show much gameness. He could well take example from a fighter like McMillin who stayed with the game until the referee stopped the bout.

### SETTLEMENT AREA TO BE DEVELOPED

D. D. Munro of Terrace Pleased With Results Obtained From Working Out of Measure.

on the market. Of these six are in Central British Columbia, one at Smithers, three in Francois Lake country, one at Martin Lake and the sixth at Prince George, the total area being 70,000 acres. These well all be open for settlement in the spring, according to Duncan Munro of Terrace, who is a member of the Board.

Mr. Munro says that the area at Telkwa is sold out and a good many settlers have taken advantage of the Vanderhoof lands. Many private owners also have sold their properties, largely through the advertising secured from the Board.

Taken as a whole, Mr. Munro says he considers the working out of the Land Settlement Act has been a great success. It has been effective in keeping down the price of land to a reasonable level and of bringing in a large number of settlers, both of which ends are most desirable. He quoted many instances to show how effective the act had been.

In conjunction with the operations of the Land Settlement Act the Provincial Government had loaned money to settlers to aid them in stocking the land after they had it. The result has been most beneficial. Some of the farmers had already paid for their cattle and had at least half of the herd left free of debt.

Mr. Munro left last night for Victoria.
