DEAFNESS AND NOISES IN THE HEAD

If You are a Sufferer—Go to your
Local Druggist and order Concen-
trated Soudal, price \$1 per tin.
This New remedy gives almost im-
mediate relief, and quickly effects a
permanent cure. It penetrates to
the actual seat of the complaint, and
has completely cured many cases
which were considered hopeless. If
your Chemist does not yet stock
Soudal, do not accept any sub-
stitute, but send money-order for a
supply direct to the "Soudal" Dis-
tributing Co., 39, Station Road,
Croydon, Surrey, Eng., and a package
will be mailed per return with full
directions.

**REFINERY IS
BADLY NEEDED**

Memorandum Prepared by Com-
mittee of the Board of Trade
For Delegation to
Victoria.

**DRAWN ATTENTION TO
COPPER SHIPMENTS**

A committee of the Board of
Trade headed by J. B. Roerig pre-
pared a memorandum for the use
of the delegation going to Victoria
dealing particularly with the need
of a refinery, samplers, the steel
industry and Government roads.
The report does not deal with the
establishment of a smelter as
that seems to be provided for by
the proposal to establish one at
Port Edward as set forth by
Messrs. McMillan and Coy. The
section of the report dealing with
the need of a refinery is as fol-
lows:—

"The advantages of a refinery
are manifold, besides creating the
industry at home and the corre-
sponding employment of labor it
will be readily seen that as now
operating here, the copper indus-
try is partly at least contribut-
ing towards our adverse trade
balance. Copper is a large factor
in the trade of Canada and al-
though nature has endowed us
with tremendous deposits of this
important element, it is at pres-
ent necessary for us to seek the
American markets for the bulk of
the commercial copper used in
Canada. This condition is abso-
lutely opposed to our own trade
and welfare. Before proceeding
further we want to make it per-
fectly plain that we believe in
giving every encouragement and
protection to foreign investors,
yet we believe we can still do
this and at the same time enjoy
the fullest benefits arising from
the exploitation of our natural
resources, and not permit any
company to take out of our coun-
try products that are needed
within the Empire at the same
time working a positive injury to
our adverse trade balance."

Stimulate Production.

"Authorities seem to agree that
the chief economic difficulty af-
fecting our present exchange rate
comes in the importation of the
raw material necessary for the
maintenance of Canadian indus-
tries. The slogan just now
throughout Canada is to stimu-
late industrial production. How
are we to do this if the most im-
portant basic materials entering
into industry are sent to the
United States where we must go
to purchase our requirements of
products, the original source of
which lie within the confines of
Canada? It is true that some
mining companies do refine their
metals in Canada and the refined
product is sold here, but we main-
tain that all of the metal produc-
tion should be held in our own
country.

"For example we will take a
company like the Granby. This
company is rich and successful
and we think without injury to
itself at the same time with great
benefit to the Dominion should
refine its metals to the finished
state where they are produced
from the ores. We believe that
the Granby Company, however,
will oppose the suggestion of
building a refinery of their own
here or even the erection of a re-
finery by the Government. The
reasons for this may be selfish.
The control of the Granby Com-
pany is supposed to be very close-
ly connected with the Great
Northern Railway and as now ob-
taining every pound of blister
copper produced at Anox is
shipped to New Jersey for re-
fining, not over the natural route
through Canada but is forwarded
to Tacoma for shipment over the
Great Northern Railway. Canada
does not benefit from the trans-
portation of this product even, as
it is naturally entitled to do.

Canadian Transportation.
"The output from Granby last
year, it is stated, was 20,000,000
pounds, a falling off from the
previous year of about 9,000,000
pounds. Last year's output was
equivalent to five thousand car
loads of freight that was denied
Canadian transportation compa-
nies. Then again, the Granby
Company is supposed to be af-
filiated with the American Copper
selling interests. Therefore, it
would appear unlikely that the
Granby Company would take
kindly to any proposition leading
to the establishment of a refinery
either by themselves or by the
government.
"During the war it became ap-

parent that some of the Nickel
being mined in Ontario was find-
ing its way into the hands of the
enemy, owing to the mining com-
panies there conducting their
operations along similar lines.
Legislation was passed compell-
ing these companies to refine
their metals within the Dominion.
We feel that if it was necessary
for the Government to do this in
the case of nickel, the reasons
should be equally sound in the
case of copper and the other
metals.

Zinc Treatment.
"The existing situation regard-
ing zinc is even more aggravating
than that of copper. As far as
our own locality is concerned it
appears that there are large
bodies of zinc ore at Alice Arm,
Owen Lake, White Sail Lake and
Hazelton, which could be profit-
ably mined if a home market
were available. Although Canada
is a large consumer of zinc it
must go to the American markets
to obtain the bulk of the com-
mercial product. The Silver
Standard mine near Hazelton has
shipped several cars of zinc ore,
produced along with its silver-
lead ores, to Oklahoma for treat-
ment owing to the absence of a
nearer market. The lengthy
freight haul on the raw ore alone
in this case would constitute a
good profit on the ore shipments.
Therefore in considering a re-
finery it would appear that zinc
should be regarded along with
copper."

NOTICE

**Federal Emergency Appropria-
tion Department for Ex-Mem-
bers of the Forces Unavoidably
Unemployed.**

1. This appropriation has been arranged to assist cases of need arising through Non-employment, during the winter 1919-1920.
 2. The only claim on this Appropriation is immediate need, due to employment not being available. This fact must be established before any payment is made.
 3. At the request of the Dominion Government, the distribution of this Appropriation has been undertaken by the Canadian Patriotic Fund, acting with the Information and Service Branch of the Department of Soldiers' Civil Re-Establishment.
 4. Before any application can be considered a certificate of unavoidable non-employment must be obtained from the Information and Service Branch of the Department of Soldiers' Civil Re-Establishment.
- Application forms and further information can also be obtained from the secretary of the G.W. V.A., Third Avenue.

COURT OF REVISION.

Prince Rupert Assessment District.
NOTICE IS HEREBY GIVEN that a Court of Revision and Appeal, under the provisions of the "Taxation Act" and the "Public Schools Act," respecting the assessment roll for the Prince Rupert Assessment District for the year 1920, will be held at the Provincial Assessor's office, Prince Rupert, on Friday, the 23rd day of January, 1920, at 10 o'clock in the forenoon.
Dated at Prince Rupert, B. C., January 6th, 1920.
JOHN DYBHAVN,
Judge of Court of Revision and Appeal.

DEPARTMENT OF LANDS

NOTICE
APPLICATION FOR GRAZING PERMITS FOR THE SEASON OF 1920.
Applications for permits to graze livestock on the Crown range within each grazing district of the Province of British Columbia must be filed with the District Foresters at Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver and Vernon or with the Commissioner of Land, and in a westerly direction from the entrance of Sewell Inlet; thence 5 chains south; thence 40 chains east; thence to shore; thence following the shore line to point of commencement and containing 20 acres, more or less.
THOMAS B. STRAIN,
Deputy Minister of Lands,
Department of Lands,
Victoria, B. C.,
December 5th, 1919.

LAND ACT

IN THE SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.
TAKE NOTICE that Thomas B. Strain, of Vancouver, B. C., occupation returned soldier, intends to apply for permission to lease the following described lands:—
Commencing at a post planted on the shore on Sewell Inlet about 3 miles distant, and in a westerly direction from the entrance of Sewell Inlet; thence 5 chains south; thence 40 chains east; thence to shore; thence following the shore line to point of commencement and containing 20 acres, more or less.
THOMAS B. STRAIN,
W. E. Green, agent,
Dated 26th October, 1919.

It is the cry of the children when a band is heard far down the street. Nearer and nearer it draws until each note becomes clearer and clearer.

To those in the city this is a familiar picture. But to those residing in suburban towns stirring strains of band music are more rare.

The NEW EDISON

"The Phonograph with a Soul"

in your home makes it possible for you and your children to have at all times the wonderful march music that has inspired the world.

Wherever you live—on the farm or in town—let the New Edison bring the parade, with all its glamour, into your living room, every instrument, every note as clear as a real band—thanks to the genius of Thomas A. Edison.

We tell a wonderful story about the New Edison in a beautiful book that you should have. It is called "Edison and Music". Ask for it; and also for "What the Critics Say".

Charles W. Teetzel, - Prince Rupert
