## Allies Are Still Out After Wilhelm

### Repeat Original Demand to Holland with Rebuttal of Legal Argument Against Extradition of Former Kaiser.

(Special to The News via G. T. P. Telegraphs.)  
LONDON, February 6.—The Allied reply to the Dutch note refusing extradition of the former Kaiser will be a distinct repetition of the original demand that he be delivered to them for trial. It is stated on good authority here today that the note, which was drafted in Paris, was received at Downing Street late yesterday and was submitted to Premier Lloyd George and his cabinet for their inspection before being transmitted to Holland. The outstanding feature of the Allied communication is a rebuttal of the Dutch legal argument against extradition. The communication cannot be really classed as a reply, for it is a distinct repetition of the original demand for the surrender of the former Emperor of Germany.

## WILL PROVIDE FOR INFLUENZA

### Several Cases Reported But of a Mild Nature—Committee Appointed.

At a meeting of the Hospital Board last evening it was decided not to admit flu cases into the hospital. In order to make provision, however, a committee of three composed of W. E. Williams, J. B. Roerig and Alderman Perry was appointed to act in conjunction with a committee of three from the City Council to make arrangements for a temporary hospital. There are several cases in town but it is of a mild nature. The mayor has not yet appointed his committee but he says it will be the Board of Health, composed of Aldermen Casey, Kerr, Currie and himself. They will at once make suitable provision for any cases that may need attention.

## FULL HOUSE AT G.W.V.A. SMOKER

### First Affair of Kind by Veterans Was a rousing success; House Was Full to the Doors.

The turn-out for the G. W. V. A. smoker in the Empress Theatre last night filled the big house to capacity and the event was a success from every standpoint. The program presented was excellent and every number was enjoyed by the appreciative audience. Smokes were provided in plenty and drinks were also served, nothing being left undone that could promote the satisfaction of those present and the veterans indeed proved again what royal entertainers they are. The smoker opened at 9 o'clock and about 11 sandwiches were served while the Westholme orchestra provided music during the intermission. Shortly after 12 o'clock the final bout was fought and the gathering broke up.

Colonel C. W. Peck, V. C., M. P., presided as chairman and the opening number was a selection by the St. Andrew's pipe band which drew much applause from the house and had to appear twice during the evening. After their first appearance Col. Peck made a short address on the pipe music telling how he had come to be inspired by it.

### Old Time Songs.

A solo "Bonnie Mary of Argyll" was rendered by Wm. Murray and R. Robertson again sang his comic songs "Nobody's Satisfied" and "My Old Woman." The two most excellent solos of the evening were sung by J. Stuart Pudney and Mr. Harris of Vancouver. Mr. Pudney received roars of applause on singing the old favorite "Mother Machree" and answered with "There's a Wee House on the Hillside." Mr. Harris was the none less well received and his full bass was delightful in "Dreams of Long Ago" and "My Home is on the Sea."

The appearance of Billy Oram, the popular entertainer of pre-war days, was probably one of the most appreciated features of the whole program and Billy showed that five years of it with the forces had not made him lose any merit as a comedian. He appeared as a Hazelton visitor and simply brought the house down with his comedy sketches and humorous songs. Jimmy Toomy also proved most entertaining with his comic songs and step dancing. He was encored again and again and was very generous in responding. Will Edmunds proved, as always, delightful with his songs. The first was a comic song "How Was I to Know" and he answered the loud applause with a trick song, "The Gazoo."

### Boxing Matches.

Of course, the feature of the evening was the boxing. The first preliminary was fought between two local youngsters, Harry Gawthorne and Jack Crossley. Although reputed to be an exhibition sparring match, the fight developed itself, on account of Crossley's aggressiveness, into a slugging battle royal and both boys finished up at the end of three two-minute rounds with noses bleeding profusely. The second match was between Len Sherman and his brother, Tom, and like the first was declared a draw. Some good work was shown, Tommy appearing to be the speediest of the pair. J. Corkle, of Victoria, and Johnnie Currie also met in a three-round no decision exhibition match. As far as the quality of the fighting was concerned there was no (Continued on Page Three).

## CLUBS AGAIN ARE DISCUSSED

### Law Enforced at All Without Distinction—Chief Reports Improvement.

At this morning's meeting of the Police Commission, social clubs and their conduct came in for a good deal of discussion. The matter was brought up by Commissioner Myhill-Jones who was led to believe that some arrangement had been made between the proprietors and the Police Commission which hindered the execution of the law by the police force. On the city clerk reading the official minutes of the commission meetings it was found that the commissioner was under a misapprehension and that any club having tin-horns, professional gamblers or rake-off runners in its employ could be closed down and the owners punished.

Commissioner Hill felt that all the clubs in the city should be treated alike. As far as he knew they were all receiving rake-offs, but it seemed very difficult to prove this fact. He did not consider the Prince Rupert or the Wanderers' Clubs were on any different footing from the "submarine" and they all should be treated alike. There was no more reason to raid one more than the other.

### Improvement.

The chief reported that there was considerable improvement in the club situation during the last two or three weeks. In fact, it seemed difficult to get games in some of them. Two clubs in the city are reported to have closed up altogether.

"If I ever can obtain any proof that any of the clubs in this city are conducted in any way contrary to law, I certainly will take action against them," said Commissioner Hill. "There are all kinds of reports about them being run contrary to law. There are too many misunderstandings between the police commission and the police force and I am tired of this dilly-dallying, delay and misunderstandings and want to see something done."

## FISH PRICE WAS LOW THIS MORNING

## KING'S COLLEGE AT WINDSOR IS BURNED

(Special via G. T. P. Telegraphs.)

Jack Beattie as Blond, the hotel keeper, in "The Magistrate" fills the part to the letter.

## Many Notes Outstanding Causes Depreciation Of Currency; Will Improve

(Special to The News via G. T. P. Telegraphs.)

OTTAWA, February 6.—A gradual reduction of the number of Dominion notes in circulation is planned by the Government as a means of improving the financial system. A return issued by the Finance Department shows that on January 19 there were Dominion notes in circulation amounting to \$318,690,089, secured in gold to the extent of \$114,821,062 and in approved securities to the amount of \$154,237,000. Gold is, therefore, about 35.9 per cent of the total issue.

At the end of the financial year the amount of the notes outstanding was \$298,058,697 and the gold security was \$116,014,654, or 39.9 per cent of the total issue. Of the Dominion notes outstanding \$144,428,000 were secured by a deposit of approved securities.

## PROVINCIAL POLICE HAVE FINE LAUNCH

### "Luelco" Has Been Bought at Victoria for Police Duties Out of This Port.

Chief Minty, of the Provincial Police, is in receipt of a letter from the department at Victoria notifying him that a splendid launch, named the "Luelco" has been bought by the government for the service of the local provincial police. The launch is now lying in the inner harbor at Victoria and is to be brought north at the earliest possible date.

The "Luelco" is a modern vessel and is equipped with the best of machinery and appliances. It is of the Bridge-Beck cruiser type with a length of 35.2 feet over all and a beam of 9.3 feet. It is equipped with a 2-cylinder, 4-cycle heavy duty Atlas engine rated at 15 British h. p. This engine will make the boat a very speedy craft. The gross tonnage of the launch is 9.86 tons and is registered as 4.98 tons. She has two seventy-five-gallon fuel tanks and one six-gallon tank which will give her a cruising radius of over 1,000 miles. The boat is reported to be in first class condition throughout.

The announcement of the department of its purchase of the vessel gives considerable pleasure to the local provincial force as the need of a boat exclusively for police work has long been felt. With the filling up of the district with settlers, calls are often made on the force which require immediate action. Hitherto, it has been impossible to visit remote places without great expense and inconvenience. The regular headquarters of the vessel will be at this port and will be a material addition to the local mosquito fleet.

### Members of Cabinet at Berlin Unanimous Against Surrendering Men Demanded.

(Special via G. T. P. Telegraphs.)

BERLIN, Feb. 6.—At the conclusion of tonight's cabinet session a member of the Government informed the correspondent that the ministers were unanimous in endorsing the statement that the surrender of the men demanded by the Allies mentioned in the unofficial list or any other list was an utter physical impossibility.

The cabinet meeting lasted several hours and was attended by Mathias Erzberger, vice-premier and minister of finance, whose appearance was his first since he was shot in the shoulder in the recent attempt to assassinate him.

## JOURNALISTS MAY NOT COME THIS WAY

### Letter Received by Mayor Does Not Look very Encouraging.

There is some doubt regarding the possibility of the British journalists visiting Prince Rupert next summer. The telegram sent by Mayor McLymont to J. C. McLennan has been handed to F. J. Bird of the Province and he and John Nelson of the World will have the making of arrangements.

In a letter to the Mayor, Mr. Burd says the time of the visitors in British Columbia will be limited and the people of Okanagan and other places are asking for a visit. The delegation will be in Canada 45 days and in B. C. eight days.
