Breaded Chops Without Egg

Mrs. S. has given us a new use for Pacific Milk—Breaded Veal Chops and Cutlets. She first dips the chop in Pacific Milk and then in dried bread crumbs, repeating till sufficient quantity is adhering. Cook in the usual way. This saves eggs and Mrs. S. says the chops are really much nicer this way. Try them.

FORM BRANCH

PRINCE RUPERT

Fishermen's Protective Association Being Organized and Charter Applied for.

(Special via G. T. P. Telegraphs.)

VANCOUVER, Feb. 7.—It is proposed to form a branch of the British Columbia Fishermen's Protective Association at Prince Rupert. Organizers will visit that port in the near future and it is expected that there will be a fairly large membership there. Up to the present the organization has not been incorporated but steps are now being taken to secure a Dominion charter. The aims of the organization are to foster the industry, to secure the employment of white fishermen, and especially those with British affiliations, and also to make it contributory to the establishment of a strong naval reserve on this coast. The association will also try to help create a market for fish products.

METHODIST MARINE MISSION FOR COAST

This to Be Included in Proposals in National Campaign For Funds.

Ten dollars per member is the National Campaign objective of British Columbia Methodism. Approximately 15,200 members are to be canvassed for \$150,000 during the week, February 9-14. This follows out the apportionment for the Dominion, 400,000 Methodists being expected to contribute for extension purposes \$4,000,000.

One of the projects which has caught the imagination of the whole church, according to reports from the east, is the Marine Mission which is to be operated along the Pacific Coast. The successful campaign in the Japanese missions at the Coast is being used extensively for publicity purposes throughout the Dominion.

**Strong Leaders.**

In raising its share of the church's objective, British Columbia has the advantage of strong leaders. Toronto is relying on the wealthy of the church capital, the city being out to raise \$850,000 of the conference's \$1,100,000 objective. Saskatchewan has the inspiration of Brock, the first circuit in the whole country to pass its objective and "keep going."

Not even Toronto can boast more successful conventions than Vancouver, although the eastern city has contributed many of the leading Victory Loan campaigners to the Methodist National Campaign.

**Other Objectives.**

Some of the conference objectives are as follows: Alberta, \$205,000, Saskatchewan \$300,000, Manitoba \$350,000, London \$550,000, Hamilton \$600,000, Bay of Quinte \$360,000. The province of Ontario is counted on for \$2,800,000.

TELKWA

At the convention of delegates of District Farmers' Institutes held here last week, Joseph Braeley, was chosen to represent the Kitwanga and Kitwano districts at the convention.

Charles Cook has returned from Hazelton where he has been undergoing medical treatment.

V. Conn, who has been ill at Vancouver, has contracted pneumonia but is progressing favorably.

W. Armstrong and O. H. Wall gave a dinner dance in the Telkwa Hotel on Thursday night which proved to be a most enjoyable affair. Covers were set for 38 guests.

Inspector Patterson, of the Education Office came up from Prince Rupert last week to inspect the district schools. There are 25 children now attending school in Telkwa. Arrangements have been made to have the use of the town hall for a school-house until the new school is completed. The present school is only meant to accommodate 14 children and is most inadequate for the present attendance. Tenders for the new school will be called shortly.

LITTLE CRIME

IN PAST MONTH

Chief of Police Had a Satisfactory Report for Commission.

The chief of police presented his report for the month of January at the meeting of the Police Commission yesterday morning. The report shows a notable decrease in crime in the city. Also many undesirables have been forced out of town with its consequent effect on the peace and order of the city. Despite this, there are a few annoying cases of questionable persons but action is going to be taken against them immediately with a view to getting rid of them. One in particular seems to be fighting the ends of justice.

There was \$502 collected during the month in fines. Twenty-seven cases came up and 14 convictions were made. Considering the number of convictions the amount collected in fines is very satisfactory. There were 6 cases under the drug act with 1 conviction, 2 convictions out of 4 prohibition cases, 2 charges of keeping disorderly houses and 1 conviction, while 1 charge of being an inmate of a disorderly house brought 1 conviction. Lack of evidence was responsible for the most of the withdrawals.

The report was received and filed.

IN PROBATE

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATION ACT — and —

IN THE MATTER OF THE ESTATE OF JOHN BARRIMAN DODSON, DECEASED, INTERSTATE.

NOTICE IS HEREBY GIVEN TO WHOM IT MAY CONCERN of an order made by His Honour F. McB. Young, in the above matter on the 26th day of January, A. D. 1920, as follows:—

IT IS ORDERED that the said John H. McMullin shall be allowed to swear to the death of the said deceased as occurring on the 25th day of October, 1918, after the expiration of one month from the date of the first publication of notice of this order, unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, B. C., that the said deceased, John Barriman Dodson, was alive subsequent to the said 25th day of October, 1918.

AND IT IS FURTHER ORDERED that the said John H. McMullin do publish notice of this order in the Prince Rupert Daily News, a newspaper published at Prince Rupert, B. C., for a period of one month.

DATED at Prince Rupert, B. C., this 26th day of January, A. D. 1920.

JOHN H. McMULLIN,

Official Administrator.

Three million dollars for a phonograph!

That's what it cost to perfect the only instrument that RE-CREATES music so faithfully that no one can tell whether it is the living artist he hears or the phonograph—when one is heard in direct comparison with the other. Add to that three million dollars, Thomas A. Edison's genius, his vast knowledge and his indomitable will and you realize how much was required to make

The NEW EDISON

"The Phonograph with a Soul"

"Now go ahead and build replicas," said Mr. Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standards I have set to the last detail."

This three million dollar Phonograph is on display here—come in and hear it.

Ask for a copy of the beautiful book "Edison and Music" and the booklet "What the Critics Say" which proves Edison superiority.

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then. But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it? A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.
