INFLUENZA

Shall there be a repetition of the "F.L.U."? This question is asked daily of our leading physicians and cannot be answered. Throughout the east we are told of the rapid spreading of this deadly disease. This city experienced an exceptionally severe run of this epidemic a little over a year ago. Common sense would dictate taking every reasonable precaution now.

Can you afford to let your family take a chance without giving them the greatest amount of protection?

We PROTECT YOU in the leading Life and Health Insurance Companies of Canada.

The city council last night decided to endorse the letter that Capt. McCoskie had sent to the Minister of Marine and Fisheries regarding the suitability of Prince Rupert as a naval base. The proper authorities are to be notified as to this action.

Many complaints are reported to be heard from residents of Borden St. over the unsatisfactory flow of water in that vicinity, so

Alderman Perry last night put through a resolution requiring the Board of Works to give the matter its immediate attention.

Last night the City Clerk received certificates of the validity of the two city bylaws for the school and roads from the Inspector of Municipalities. The validity of these bylaws cannot, now, be challenged by any court in the country.
