

## ABOUT YOUR CHILBLAINS!

What are they? A mild form of frost-bite—a chilling of the part to such a degree that inflammation is set up, causing a tingling pain, excessive irritation and often swelling. Zam-Buk cures chilblains by drawing out the inflammation, thus ending the pain and irritation and reducing the swelling.

Miss Annie Leppard of Beaverdale, Ont., says: "I suffered agonies from chilblains and used many remedies, but nothing gave me any ease until I used Zam-Buk, which, after a little perseverance, completely rid me of this painful ailment."

Regular applications of Zam-Buk will prevent a recurrence of the trouble. Keep it handy. 50c. box.

## MEN'S VIEW OF STRIKE AT THE PREMIER MINE

Answer Given to R. K. Neill Whose Interview on Subject Appeared Wednesday.

The following letter has been received from J. H. Burroughs in answer to an interview given the Daily News by R. K. Neill:

The statement of R. K. Neill, vice-president and general manager of the Premier mine, Stewart, as to the origin and conduct of the strike now in effect at that mine is so full of misstatements and misrepresentations, whether intentional or not the writer is unable to say, that I ask that in all fairness the men's case be given equal prominence in your paper.

The remarks of the News representative preceding the reported utterances of Mr. Neill allude to the possibility of the new territory receiving one of the worst knocks that it could receive by the enforced shutting down of the Premier Mine on "account of the unreasonable labor conditions as set forth by Mr. Neill." Let the readers of the News judge as to who is showing "unreasonableness," the miners or the management.

### Chinese Cook.

The sole cause of complaint on the part of the men was the incompetent Chinese cook. Previous to this man being employed a returned soldier had been giving every satisfaction, and I have proof that he was fired without any reason whatever, the manager in charge of the mine, Mr. Pitt, admitting, when asked, that he was a good cook. There was no question of drunkenness on his part. He was fired after being there ten days or less and the present incompetent Chinese cook put in his place.

Mr. Neill says that the men "were not honorable enough to come to me personally about any grievance"—with some totally irrelevant remarks about "O. B. U. leaders"—an animal which does not exist.

### Many Complaints.

### LAND REGISTRY ACT.

(Sections 36 and 134.)

Re Application No. 11365-L. File 6274.

TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot thirty (30), Block forty-two (42), Section eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of objection being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and debarred from setting up claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of David H. Hays.

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1908 (the date on which the said lands were sold for overdue taxes), you were the Crown Granted owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of David H. Hays unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 7th day of November, A. D. 1919.

### TIMBER SALE X 2086.

Sealed tenders will be received by the Minister of Lands not later than noon on the 26th day of February, 1920, for the purchase of Licence X 2086 to cut 2,600,000 feet of Spruce, Cedar and Hemlock on an area adjoining Lot 505, Chuck-walla River, Range 3, Coast District.

One (1) year will be allowed for removal of timber.

sented to the proper quarter, the foreman, and as often met with a promise of something to be done that never materialized. If men cannot eat what is set before them they cannot work. Finding no improvement in the food put before them the men took the final step to force things to a showdown. They all signed a demand for the removal of the incompetent cook and for a competent man to be put in his place. This is presumably the "peremptory" demand alluded to by Mr. Neill. How would he characterize the previous requests, many times repeated, that had been contemptuously ignored by the management? Was this or was it not giving the management "a reasonable chance" to remedy matters?

The reply they received was: "You can all go down the road if you like; the Chinaman stays." So they went, and were joined by the men from the road camp then working. A strike was declared and pickets established to meet every boat, and the efforts to prevent the recruiting of men to act as strikebreakers have been so efficiently supported by labor along the coast as far as Tacoma, that the company is unable to work the mine, as Mr. Neill admits.

### 23 White Cooks.

Mr. Neill says that he has had to fire 23 white cooks in 18 months. At one time last summer the company had four camps working, with a cook in each. Each of these camps contributed to the total of cooks fired; they did not all come from the mine camp, as inferred by Mr. Neill. Moreover, for the nine months from February to November, 1919, there were nine or ten cooks at the mine, of whom one was fired for drinking, and the other was the returned soldier before mentioned, who was apparently fired to make room for the cheaper Chinaman.

### No Objection to Chinese.

It is well to point out that the men do not demand the dismissal of the incompetent Chinaman. They have nothing against him on the score of his nationality, nor to him remaining in the employment of the company in any capacity other than that of cook. One point that Mr. Neill overlooked in discussing the "impossibility" of getting sober white cooks, is the fact that the Premier mine is the only mine in the Stewart district that employs an Oriental in that capacity. All the rest appear to get complete satisfaction from the white cooks. Other camps pay \$150 up for their white cooks. The fact that the Premier only offered \$125 may be the explanation for their brief stay on the job. Although the wages of the miners have not entered into the dispute, the Premier mine pays less than any other mine in the district.

Since the declaration of the strike the men have sought every opportunity for a settlement with the resident manager, Mr. Pitt, and on each occasion they have been rebuffed. They have not discovered the slightest trace of any disposition to discuss the matter "reasonably" on his part. The strike is still in effect, and will continue so until the company shows a reasonable disposition to meet the men, or, as Mr. Neill says, decides to close the mine down first.

### Matter of Epithets.

Mr. Neill alludes to the time when he had to have working for him some men with pro-German leanings. The period which Mr. Neill has in mind is understood, and the only answer necessary is that Mr. Neill apparently classes any worker who thinks that the company does not pay enough wages or is in any manner dissatisfied with his treatment at the hands of the company as necessarily a pro-German, Bolshevik, etc. These epithets may have carried weight in the past, but they have been used so often on such flimsy justification that they have become hackneyed, and the use of them by Mr. Neill at this late date is but evidence of the fact that he recognizes he is beaten on the strike question. It
