SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

NEGLECTED COLDS

lay the foundation of chronic chest troubles. Many cases of consumption can be traced to neglected colds in childhood.

A cold should receive prompt treatment with Peps. Peps is the direct treatment. It is breathable and therefore quickest and most effective.

Peps are so pleasant to take that children never refuse them and their absolute freedom from harmful drugs makes them especially suitable for children's coughs, colds, sore throat, bronchitis, etc. Every mother should keep Peps handy. All dealers 50c. box.
