Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

GOVERNMENT IS ASKED FOR RESIGNATION

Soldier Member Thinks Oliver Should Have New Mandate From the People.

VICTORIA, February 13.—The fourth session of the Liberal Government, headed by Premier Oliver, has had a rather busy week. The administration is by no means in danger but a few of the members are showing marked independence, several of the former supporters having cut away their allegiance altogether. These have not joined the Bowsar opposition in the House but have split into smaller factions, which do not succeed in accomplishing anything.

On Wednesday G. S. Hanes of North Vancouver, a former supporter of the Government, revived charges of graft in connection with the construction of the Pacific Great Eastern Railway. Mr. Hanes did not make any marked impression.

On Thursday Frank Giolma, soldier member for Victoria, capped the climax with a demand for the immediate resignation of the Government. He made no material progress and probably did not expect to do so. The burden of his plea was that while the administration had made a good showing in dealing with the problems facing it when the late H. C. Brewster came into power in 1916, still conditions had now so greatly changed that it was improper to proceed without a new mandate from the people.

It is the belief here that Premier Oliver has no intention of going to the country at present.

G. W. V. A. DANCE USUAL SUCCESS

Nearly 400 Were Present at Auditorium Last Night.

The attendance accorded the Great War Veterans' Association at their annual ball last night again filled the big auditorium, on Sixth Avenue to its capacity. The affair was a public one and the Veterans indeed lost none of the patronage and support that is given them by appreciative Prince Rupert people.

Shortly after 10 o'clock last evening the grand march commenced, led by the pipers. After several promenades around the hall the strains of the orchestra broke out in the first waltz and the dance was commenced. Very soon one of the largest crowds of dancers gathered in a Prince Rupert hall was on the floor.

At midnight delightful refreshments were served and instead of the dancers going to the supper room, it was decided to serve the refreshments in the main hall. The new plan worked very successfully and the supper was eaten with promptness and despatch.

Gray's Orchestra supplied the music to the delight of the dancers and the orchestra was back to its old form with Will Edmunds recovered from his illness and back at the cello. Jack Frost handled the floor as master of ceremonies and Secretary D. S. Cameron attended to money matters at the door. The G. W. V. A. entertainment committee were in charge.

PRESIDENT REPLIES TO RAILWAY UNION

(Special via C. T. P. Telegrams.)

WASHINGTON, Feb. 13.—President Wilson today handed a written reply to the committee of railway union men dealing with the wage controversy. After the meeting the union leaders refused to say whether the president had granted the increase or not. The indication is that the president refused to grant the complete demands for the approximate forty per cent increase asked for.

The Man in the Moon SAYS:—

THAT every big dance accentuates the need for a modern hall with proper dressing rooms.

THAT the two halls at present in use are on a par so far as dressing accommodation is concerned.

THAT St. Andrew's Hall might not be so bad if the little room now used occasionally as a site for a soft drink stand were cleaned out and made available for the men.

THAT any effort to secure improvements along these lines will be supported by a long-suffering lot of amusement seekers.

THAT too many "encores" are a disadvantage at a dance. It is better to insert a few "extras."
