

# The Factory is Clean

Mrs. Roberts has told us that we must have a lovely factory because Pacific Milk is always so nice.

Yes, we have a good factory. It stands in the centre of a big field in the rich Ladner district. Bright sunshine and fresh air fill the place. It is as clean as a Dutch kitchen.

You can depend upon the clean wholesomeness of Pacific Milk.

## ASSESSMENT REDUCED TO SAME AS IN 1919

Grand Trunk Property Was Main Subject at Court of Revision on Friday.

At the Court of Revision Friday the appeals of the assessment on the Grand Trunk Pacific waterfrontage was disposed of and the assessment of 1919 was finally adopted for that property. The assessment of Block G which includes the dry dock lands was readjusted. By the ruling of the Court of Revision the G. T. P. is assessable to the extent of \$547,000 and the Prince Rupert Dry Dock and Engineering Co., \$291,600.

Many appeals for reduction in city property were heard but the most of them were left to stand as they are on the assessment roll. Lots 13, 14 and 15, Block 16, Section 2, belonging to L. and A. Brooksbank and A. Harris were reduced from \$900, \$4,040 and \$870 respectively to \$600 each. The court has adjourned until Tuesday morning.

That's what it cost to perfect the only instrument that RE-CREATES music so faithfully that no one can tell whether it is the living artist he hears or the phonograph—when one is heard in direct comparison with the other. Add to that three million dollars, Thomas A. Edison's genius, his vast knowledge and his indomitable will and you realize how much was required to make

# The NEW EDISON

"Now go ahead and build replicas," said Mr. Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standards I have set to the last detail."
