## Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

## ST. ANDREW'S HEAR ADDRESS BY MR. PATMORE

Speaker of the Evening Spoke on  
Industrial Democracy to an  
Appreciative Meeting.

The St. Andrew's Society gave another of its regular winter entertainments last evening when the speaker of the night was L. W. Patmore. Mr. Patmore took as his subject "Industrial Democracy" and it was appreciated as one of the most valuable and common sense lectures delivered to the society this season. He spoke of the present conditions of social unrest and advanced a plan for their settlement. Workers had been taken from the fields of peaceful industries during the war and now the time had come to bring them back into those fields after the war activities. Some inducement must be offered them and until such time as that inducement was forthcoming there would be a continuation of the unrest. They must be shown that the present shortage of essentials of life and their consequent high price was due to the lack of production and that increased production would mean the bettering of the workers' own conditions. On the conclusion of his lecture Mr. Patmore was warmly applauded.

Among the musical numbers on the program were songs by W. M. Brown, J. T. Fraser, R. Dowther, W. H. W. Murray and R. Robertson. A recitation by Wm. Robb was well received. The St. Andrew's orchestra consisting of Dr. Bayne, J. Steven and R. Arthur, Jr., gave excellent selections. S. D. Macdonald presided over the gathering and W. Vaughan Davies was piano accompanist. Delightful refreshments supplied by the ladies were served during the interval following the lecture.

## REVISION COURT FINISHES CASES

Market Place Lots Get General  
Reduction—Adjourn Until  
Next Thursday.

At yesterday's sitting of the Court of Revision, which concluded at noon, the last work of the court was completed as far as revision is concerned. The clerk will now make up the minutes and the last session will be at 10:30 Thursday morning next when the assessor will present the revised assessment roll which will be passed by the court if found correct and signed by a majority of the members.

Yesterday lot 24, block 16, Section 1, appealed by H. G. Helgeson Co. for Gordon, McInnes and McLean was reduced in valuation from \$3,840 to \$3,780. This reduction was the cause for a general lowering of assessment in Market Place and lots 25 to 35 inclusive were reduced from \$3,840 to \$3,690. Lot 36 was reduced from \$3,840 to \$3,780.

Lot 1, block 10, Section 5, Tatlow and Fifth, belonging to M. M. Stephens, was reduced from \$2,730 to \$2,000. The lot across the street from this, lot 1, block 9, was also reduced from \$2,900 to \$2,000.

All the government interests in Blocks B, D, F, H and K were reduced to the same value as the 1919 assessment.

Miss Nickawa left on the midnight boat for Vancouver stopping en route at Swanson Bay and Ocean Falls where she will give recitals.

## Kiddie's Clothes

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why

## ATHLETES MEET NEXT TUESDAY

Ready Now to Take Possession of  
Agricultural Hall for  
Gymnasium.

The roof of the Agricultural Building is sufficiently tight now so that the place can be used for athletics and on Tuesday next there is to be a meeting of subscribers and all others interested to determine what steps to take.

There has been considerable delay in getting under way, owing to the building not being in good shape, but now that this handicap is removed nothing should prevent the association taking advantage of the facilities offered during the next few months.

The cost of the improvements have so far amounted to about \$2,200 and most of this is paid, but there is a small balance yet to be wiped off. The whole matter will be discussed on Tuesday and preparations will be made to have a formal opening.
