**The HOUSE and the OWNER**

We are told of a house which was continuously insured against fire for thirty years. Yet fire never touched it during the thirty years! However, no less than seven people died in that dwelling. This case shows the difference between life insurance and all other forms.

Fire MAY COME but Death MUST COME. If fire insurance is a necessity, and we think it is, life insurance is very much more necessary. If a possible danger should be guarded against, how much more an inevitable one. Your family can be protected against the inevitable by a policy in .
