Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

PLAN FOR THIS YEAR'S FAIR IS AMBITIOUS ONE

Delegation of the Agricultural Association Requests Increased Municipal Grant.

A delegation from the Northern B. C. Agricultural and Industrial Association consisting of H. S. Wallace, George D. Tite, George Bryant and E. R. Tabrum waited on the council last night asking for an increased grant of \$1,500 and an additional grant of \$50 for this year's fair.

H. S. Wallace spoke of the ambitious plans the Association had for a much improved fair this year. Attractions were to be more of a feature than ever and the expenditure was to be greatly increased.

George D. Tite spoke of the unforeseen expenditure that had been incurred during the past year and stated that the Association was in immediate need of funds.

SCARLET FEVER AND MEASLES CONFUSION AIRED LAST NIGHT

Reports from the sanitary inspector, Dr. Cade, and Warden Bailey in regard to the conflicting reports as to scarlet fever and measles at the Pacific Rooms has brought forth the fact that, although police records say so, there was no scarlet fever there.

General Clean Up. In his report, the sanitary inspector said that he and the building inspector had prepared a list of improvements that Walter Shaw would have to make to his premises or else it would be closed up.

Warden Bailey said in his report that he had understood over the phone that it was scarlet fever; instead of measles which Dr. Cade had reported. It came out that Dr. Cade had never seen the child that died until after the death and the child he had seen had been one in a different apartment.

A Mistake. "After the council meeting last Monday night I went into the police station and saw scarlet fever plainly in Bailey's handwriting on the book," said Alderman-Rochester.

"Next day I went in and asked Warden Bailey about it and he indignantly said that there was no such thing as scarlet fever written in the police records. I called for the book and showed him. 'Oh, a man is bound to make a mistake once in a while,' said Bailey.
