

LAST WEEK OF TITE'S FEBRUARY GREAT HOUSE-FURNISHING SALE

Mrs. Hander's Suggestion

Mrs. Hander gives us a suggestion. It is known to many, of course.

She says to brush over biscuits, scones, pies and pastry with Pacific Milk just as they go into the oven.

It gives the baking that rich brown glaze so many women like to have on their pies, etc.

The HOUSE and the OWNER

We are told of a house which was continuously insured against fire for thirty years. Yet fire never touched it during the thirty years! However, no less than seven people died in that dwelling. This case shows the difference between life insurance and all other forms.

Fire MAY COME but Death MUST COME. If fire insurance is a necessity, and we think it is, life insurance is very much more necessary. If a possible danger should be guarded against, how much more an inevitable one. Your family can be protected against the inevitable by a policy in.
