SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

PURCHASED GYPSY GIRL IN MONTREAL

Arrested in Edmonton When Telling Fortunes—Parents Want Her Back.

EDMONTON, Feb. 26.—A gypsy girl of tender years, alleged to have been kidnapped from her band in Montreal a few months ago, was recovered in a gypsy house on Kinistino avenue by the city police, who followed a clue given in a telegram received a few days ago from Chief of Police Bellanger of the eastern city.

The girl, who is Mary Ely, tall, dark, and wearing a many-colored dress, has stated that she is the person sought by sorrowing parents and is now being held by the police who await further instructions from Montreal.

The aunt of the girl, who was admitted to the police cells to see the young lady, told the police that she had paid \$15,000 for the caravan of gypsy belongings including the girl, and claimed that she had her legally. \$2,500 was the price paid for the young lady to her parents as a first installment and \$1,500 was given when she married into the present tribe, so runs the story of the one who claims to be the girl's aunt. She avows also that this amount must be paid back to her if the parents insist on having their daughter.

The girl has been following the avocation of fortune telling in Edmonton and only a few days ago two respectable citizens of the city came to the police complaining that they had been fleeced of money through a slight of hand trick by her. She was then known as Mary Pete Alex and was arrested and convicted on the charge of theft. When Chief Detective Shaw received the Montreal telegram Friday morning he came to the conclusion that this was the girl sought. She answers exactly the description given by Mary Ely.

Sport Briefs

When the opening ceremonies of the Amateur Athletic Association's club rooms take place tomorrow night, a long cherished anticipation of all those citizens interested in the matter of clean sport will take on the air of actual realization. The need for such quarters has long been felt here and great credit is due the many who have so unselfishly worked during the past few months in getting definite action on it. Such a place for the young men of the city to go and obtain clean recreation and physical training will be of inestimable value in their physical as well as moral welfare.

It is doubtful if the most of the people in town really know the extent of the improvements that the association have made at the Agricultural Hall. Nearly \$2,000 has been spent on improvements alone at the hall and there is much to show for the expenditure. Complete and up-to-date quarters have been provided equipped with a heating system and modern appliances. There is a comfortable lounge room with neat and convenient lockers. Besides this there is a large and

airy club room which is well lighted with windows and electric light. The whole place has been neatly lined with finished lumber. It is of easy access to the main floor of the hall with a wide staircase.

Athletic and gymnastic equipment is yet to be provided which will be installed on the main floor of the Agricultural Hall. Much more money will be required to get this most necessary equipment but the directors have every confidence that this will be aided considerably by a generous municipal grant. A very small amount of this equipment has already been purchased but this includes only a few minor sundries to the complete equipment. Later on it is the intention of the Association to employ a physical director who will give regular instruction.

Tennis players will be given an opportunity on Saturday night of getting in on the ground floor of the arrangements for this year at that line of sport. Before the actual playing can commence it will be necessary to make repairs to the courts on Aeropolis Hill. During the storms of last fall the courts were considerably damaged. The dressing room was completely blown down and this will have to be replaced. Minor repairs will have to be made to the fences and the courts will also have to be braced from the bottom as they always were of a flimsy nature.

Some so-called sports in this town seem to take defeat with a great deal of ill-feeling. The recent basketball games with the New Metlakatla Indians is an example of this. Some fans, and players too, have been nursing a grudge at the management of the league lately because the Alaskans were allowed to go home with a couple of games to their credit. It would not be amiss to mention the doctrine of true sports the world over. It is that real sportsmanship consists in playing for the game itself and not alone for the honor of victory. If defeat is suffered the losers should take it with a smile and admit superior skill and not go around grudging and blaming it on the management because they changed the line-up a little. Maybe if they took the trouble to find out the management wasn't responsible for the change either.

VANDERHOOF

J. Dezell has gone to Lance Valley, Saskatchewan, where he will buy some farm horses for disposal in this district.

The local G. W. V. A. held a very successful ball last Friday night which brought out one of the largest gatherings seen for many a day.

In the British Columbia Gazette of last week is announced the incorporation of "The Board of Trade and Citizens' Committee" of Vanderhoof.

On Saturday last a son was born to Mr. and Mrs. S. Tallman. A daughter was born to Mr. and Mrs. Poole of Mapes on the same day. On Monday a son was born to Mr. and Mrs. Amos Clark.

John D. Charleson left on Thursday morning to spend three months with her parents at Entwistle, Alberta.

Vaudeville

"VOIX DE VILLE" said Jean Chardavoine, a French musician; and thus came into being three hundred and fifty years ago what to-day we call "Vaudeville".

Vaudeville is the melting pot of the dramatic and musical arts. In it nothing is out of place; it includes drama, comedy, tragedy, farce and burlesque; and every form of music from grand opera to jazz is heard upon its stage.

Every city has its favorite vaudeville house. But you—who live at a distance from the great cities—can have vaudeville right in your home, with

The NEW EDISON

"The Phonograph with a Soul"

This marvellous instrument—that is every other instrument in one—will RE-CREATE everything that vaudeville has to offer—the entire magic of the theatre staged for your amusement and pleasure, in your parlor or living room.

Why not let the New Edison bring this wonderful variety of entertainment into your home?

"Edison and Music" is a beautiful book that you should have. Just ask for it and "What the Critics Say" too—it proves Edison superiority.

Charles W. Teetzel,

Prince Rupert

TIMBER SALE X 1935.

Sealed tenders will be received by the Minister of Lands not later than noon on the 11th day of March, 1920, for the purchase of Licence X 1935, to cut 1,440,000 feet of Fir, Cedar and Hemlock on an area situated near Lot 1987, Dean Channel, R. 3, Coast District.
