FOOTBALL IS DISCUSSED AT FIRST MEETING

May be Six-Team League This Year—Cup by Fred Gilhuly.

Soccer enthusiasts gathered together last evening in St. Andrews Club rooms when the coming season's football prospects was the topic of conversation. Representatives were present from the four teams which constituted the league last year, and J. Watson of the Callies, J. Day Bell of the Sons of England, Harry Day of Trail, and J. Haugh of the G.T.P., were appointed a committee to further the arrangements for this year. It is expected that an additional two teams will enter the league this season, making six teams in all. The first game will be played on Saturday afternoon.

It was announced by the chairman, S. D. Macdonald, that a cup would be presented to the league by Fred Gilhuly to further interest in the sport. The rules under which the cup will be played for will be drawn up by the new officers of the Football Association, which will hold its annual general meeting in the near future. Arrangements were also made for the presentation of the medals won by the Callies in the league games on last season.

Prospects for a successful football season this year are extremely bright and great interest is being taken among the athletes in the city in the game.

HALIBUT TREATY DRAFT PUBLISHED

The February number of the Pacific Fisherman contains a full text of the Halibut Treaty with the United States. The draft treaty, which is not yet adopted, provides for a close season from November 16 to February 15 in order to give the halibut a chance to spawn without being disturbed. A number of other points are covered by the treaty, mention of which has already been made. As this treaty must pass the U. S. Senate before becoming law, it is useless to outline its general provisions as they are sure to be changed.
