ATHLETIC CLUB
SOLICIT FUNDS

Have Asked City Council for \$500
to Aid in Sports for Juvenile
Population.

Principal J. C. Brady and Dr. W. T. Kergin, as a delegation from the Prince Rupert Amateur Athletic Association, appeared before the City Council last night soliciting a grant of \$500 for the organization. The matter was referred to the Finance Committee for report at the next meeting of the council.

Mr. Brady explained that the Association was desirous of obtaining the services of a janitor at the Exhibition and Athletic Hall who would combine with such duties the conduct of training classes of boys and girls. His stipend would be paid with the \$500 asked for, substantiated by further money allotted by the Association. Mr. Brady emphasized the importance of such a step in the welfare of the younger people of the community and expressed the hope that the city would come to the aid of the association to this end. For the first time in his eight years as a resident of Prince Rupert he felt proud of the elevating work that had been done by the public-spirited citizens who had launched this worthy project.

For Boys and Girls

Dr. Kergin explained that he was not a member of the Athletic Association but had been appointed a delegate to the city council. The idea of benefitting the young men by this association was good but he had particularly in mind the welfare of the boys and girls. The children in Prince Rupert have not the natural advantages that are the privilege of the children in most places and there is not even a Y. M. C. A. Healthy sport would make healthy bodies and clean minds and the appointment of a caretaker and instructor for their guidance would help to keep them away from influences that are not good. No expenditure could be better warranted or more important in the welfare of the city as a whole.

W. J. Pitman returned to town on the train yesterday afternoon from a business trip up river.

LAND REGISTRY ACT.
(Sections 36 and 134.)

Re Application No. 11365-1. File 6274.
TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B. C., as owner in fee under a tax sale deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot thirty (30), Block forty-two (42), Section eight (8), (Map 923). IS INFLUENZA
A GERM DISEASE

Neglect of Common Colds
the Most Frequent Cause
of the Complaint

Whether influenza is a germ disease is an open question on which medical authorities differ. It is certain, however, that in nine cases out of ten the disease reaches an acute form as the result of neglecting an ordinary cold. Every reader should take this statement to heart, especially in view of medical opinions which declare, "if colds are treated promptly we will hear far less about Grippe or Influenza."

The treatment for colds in the head is simple and may be handled at home. Grip Fix, which may be secured at any druggist, affords a means whereby relief will be given in a night and even an attack of grippe overcome in 48 hours. The preparation is one which will be approved by any physician as it provides, in capsule form, just the drugs he would prescribe. Full list of these is printed on the box. The action of Grip Fix is to keep the system open, to quickly relieve the clogged-up condition of the head, reduce the feverish condition and allay the muscular soreness usually present. There is nothing in it which will lead to after effects; in fact, it tones up the entire system. Have Grip Fix always in the house. It is offered at 35 cents per box, and is on sale at all druggists.

FISH CAUGHT
IN FEBRUARY

1,140,000 Pounds Halibut Brought
in—Sixty Tons of
Herring Bait.

BIG SEASON WILL
COMMENCE IN MARCH

The catch of 1,140,000 pounds of halibut landed here last month exceeds the catch landed in the same month last year by 181,000 pounds and also the catch of January this year which was 854,200 pounds. Besides the catch of halibut the Canadian Fish and Cold Storage Company brought in 60 tons of herring, which will be used as bait. The excellent weather prevailing for the best part of last month made fishing good and only four days were lost by bad weather on the banks. The catch for the month is considered exceptionally good for this time of the year.

The prospects for the coming month are excellent. At the present the most of the halibut boats are out and some big catches ought to be landed here very soon. It is this month that the fishing season really commences and the slack season of the winter months may now said to be over. Salmon fishing will commence about March 15. The Canadian Fish and Cold Storage Company expect to bring in 150 tons more herring for bait purposes.

LOCAL UNION WAGE
SCALE IN ERECTION
MORSE CREEK BRIDGE

A delegation from the Central Labor Council, consisting of Fred Shaw and George Rudderham, met the City Council last night with the request that in soliciting tenders for the erection of the Section 2 bridge the council embody in the call for tenders a clause providing for the payment of the local union rates of wages to workers. On motion of Alderman Dybhavn, seconded by Alderman Rochester, the matter was referred to the Board of Works who have the matter in hand for their consideration. A letter supporting this petition was also read from the Trades and Labor Council.

George Rudderham explained that labor in the city was not looking for trouble but, at the same time, they would stand for no labor skinkers coming in and cutting wages. It was for this reason that the deputation appeared before the council so that there could be no trouble arise. Fred Shaw substantiated what was said by Mr. Rudderham.

Alderman Wilson Murray felt that the point was well taken and that besides protecting local labor it would protect the local contractors from lower wages prevailing on the outside where tenders might arise.
